**HOW YOU CAN STOP YOUR HEATING DOLLARS FROM GOING OUT THE WINDOW.**

Up to 16% of the heating you pay for could be going out your windows and doors because of surfaces exposed to the weather.

So, if you're searching for a way to save energy, installing storm windows and doors is

worth considering. And, if you need to borrow the money, so is a trip to Carolina Power & Light.

We'll loan you up to \$600 at just 6% interest for attic or floor insulation, for storm windows and doors, or for other energy improvements.

Improvements that can help make any home more energy efficient from top to bottom.

For more details, call CP&L. We can help shut the door, and windows, on wasted energy.

**CP&L 6% HOME ENERGY LOANS.**

To qualify, you must be a CP&L residential customer with electric heat or whole-house cooling.
