

Duplin Has Finalist In Morehead Competition

Camille Grady of East Duplin High School has been named among the finalists in competition for Morehead Scholarships.

In addition to selection as a finalist in Morehead competition, Camille has been named among the semi-finalists in the National Merit Awards. National Merit Awards are \$1,000 scholarships.

After graduation from high school in 1984, Camille plans to attend the University of North Carolina at Chapel Hill and major in the liberal arts and later enter a theological seminary to prepare for a career in the ministry. Camille is a member of Pleasant View Presbyterian Church.

"I feel Chapel Hill has been a member of the National Honor Society, Phi Theta Phi, Science Club, National Spanish Honor Society, Spanish Club, Science Club, Future Teachers of America, band, the Fellowship of Christian Athletes, Historical Society and is a bus driver and member of the Bus Driver Association. Camille's participation in East Duplin High School activities has included membership and holding the office of president of the band, Spanish Club and National Spanish Honor Society; and treasurer of the Future Teachers of America.

Morehead awards are made annually to approximately 70 high school seniors. The students are awarded \$6,500 for each of their four years as an undergraduate of the University of North Carolina at Chapel Hill. The funds are intended to pay tuition, room, board, books and laundry during the school year and cover the cost of the student's participation in summer enrichment programs providing off-campus internships for the Morehead Scholars.

Camille Grady is the daughter of Mr. and Mrs. Ted Grady of Albertson. During her high school years at East Duplin, Camille has lot to offer as a college, a diverse student body, a good student/teacher ratio, and an outstanding academic reputation," Camille Grady said. "Participating in the Morehead Scholarship competition has encouraged me to develop myself to my greatest potential in all aspects of life during my final year of high school. And, to develop a well-rounded individual the Morehead program encourages involvement in clubs and organizations while attending college as well as maintaining a credible academic average."

High school students are first nominated by their high school scholarship committee and then interviewed by the county Morehead Selection

Committee, where two nominees were named from Duplin in late October, Deborah West of James Kenan High School and

Camille Grady. District nominees were interviewed at UNC-CH and finalists selected. Morehead Scholars will be named early in 1984.

Beulaville News

JSTC Continuing Education Receives Grant

The Continuing Education Department of James Sprunt Technical College has received a grant under the Job Training Partnership Act to train and place 15 disadvantaged workers on jobs in the Metal Works Trades. Components of the grant program include machine shop skills training, student goals development, development of job hunting skills, and good work

habits, student counseling, job placement assistance and student follow-up.

If you are a disadvantaged youth or adult, high school dropout or graduate you may qualify for the program. The JTPA program offers financial assistance to qualified persons by helping with registration, tuition, books, and other training related items.

If you are interested come by Trailer A on the James Sprunt Technical College campus. Please bring with you the following items to determine your eligibility: drivers license, income for any working person within your household, and your social security card. Visit the office or call 296-1341 extension 252 or 268 for more information.

Duplin Lunch Requests Checked

Duplin County school lunch officials recently checked 212 applications for free or reduced price lunches in the school system. The action came from a federal requirement that each school system check 3 percent of the applications.

The school system had 4,343 applications for free or reduced lunches, said Shelby Kilpatrick, supervisor of the school lunch program.

Of the applications checked, 178 checked out correctly, she said.

Eighteen applicants failed to respond to the question-

naires and were dropped from the special lunch list. Seven applicants were changed from the free to the reduced lunch list and four from the reduced to the free list. Five applicants were removed from the free and reduced price list.

Receives Certificate

Robert A. Lee, an agent with Carlton Insurance Agency in Warsaw, has received a certificate in property and casualty insurance for graduating from the INA/Aetna school for agents.

North America and Aetna Insurance Company are CIGNA companies.

Lee completed the three-week study course at the Conference Center at Eagle Lodge - CIGNA's conference and education facility located in Lafayette Hills, Pa.

WHEN IT COMES TO CREDIT CARDS, MOST BANKS STACK THE DECK.

A lot of banks have recently decided that they must charge you \$18 a year just for the privilege of carrying their credit cards. Then, to add insult to injury, many of them have begun charging an annual fee as well on their automatic teller cards.

Some try to soften the blow by offering extensive lines of credit, with an interest rate tied to the bank's "prime." Of course, you have to run up a huge balance on the card before you qualify for that "prime" rate.

But no matter what the deal, almost every bank in the state is charging you \$18... just to carry their card.

At First Citizens Bank, we have a very simple alternative.

Our MasterCard/VISA annual fee is just \$12 a year. That's a savings of 33% over most of our competitors.

Do you have to sign up for some "special package" to get that savings? No!

Do you have to go to some out-of-state bank to get it? No!

Is there some sort of string attached to this low annual fee? Yes!

But even the "string" is pretty simple: you have to have a good, existing credit history. And that's all there is to it.

Now we'd be the first to admit that saving \$6 a year is perhaps not a big deal to most people. It may not be enough to persuade great bunches of people to pick up and switch banks. But we might quietly suggest that there's more represented here than just a \$6 savings on a credit card.

And that's the philosophy of the bank behind it.

A bank that's always looking for new and better ways to treat its customers...not just new ways to extract extra dollars from them.

A bank that demonstrates its concern in ways that deliver value and financial well-being to its customers.

A bank that above all is dedicated to North Carolina and its people...first, last, and always.

That's why, even though First Citizens is far from being the state's largest bank, we have more branches throughout this state than any other. It's also why we're one of the strongest, soundest banks in the entire country.

So, if you find lower credit card fees indicative of a bank that's as concerned with your bottom line as its own, if you get the feeling your big bank has outgrown its need for your business, then just maybe you should come on over to First Citizens.

We give you credit for knowing a stacked deck when you see one.

FIRST CITIZENS BANK

Advice: You Can Count On From The Bank You Can Trust.
