Duplin County will be represented this year in state competition for North Carolina Teacher of the Year.

Jackie Herring, a B.F. Grady Elementary School teacher, won the Southeastern Regional competition for Teacher of the Year in Jacksonville last week. Jackie was named Duplin Teacher of the Year in November and represented the county January 12, competing through interview and scrapbook for the regional title. She was one of 16 candidates for Southeastern Regional Teacher of the Year and now advances to become one of eight state finalists.

"I am just proud that I won the regional competition; it is something I wanted to do for the county," Duplin Teacher of the Year Jackie Herring said. "When I won at the county, it was more of a personal thing, but I feel the regional win is a credit to the entire county of Duplin."

"Each of the candidates seemed to be very worthy," Herring said. "Talking with them I found the other candidates to be the kind of people you feel you have known all your life."

The staff and Jackie at B.F. Grady received official notification Friday, January 13th of the selection of

She is a native of Mount Olive and married to Prentice Herring of the Albertson community. Prior to working in the Duplin County school system, Jackie taught in Wilmington city schools six years.
