

Duplin Retirement Village

Workmen are busy completing the Duplin Retirement Village buildings near Warsaw. Officials hope the Village can be open in early spring. Already

advertisements are appearing in local newspapers as the company is seeking employees. (Check this week's Duplin Times Want Ads.)

Wastewater Treatment Plant Operators Certification Class

A training course for Grades I and II wastewater treatment plant operators began Jan. 30 in the Hall Building on the James Sprunt Technical College campus.

This program is sponsored jointly by the N.C. Division of Environmental Management, JSTC, and the N.C. Water Pollution Control Association.

The course consists of practical classroom and field training in the proper operation and maintenance of wastewater plants. Classes are held on Monday nights from 6-10 p.m. except the last month of the classes in which the class will meet both Monday and Wednesday nights. The primary purpose of the course will be to upgrade the skills and knowledge of the operators so that they will be able to get the greatest efficiency from the wastewater treatment plants and discharge a minimum of pollution into the streams of the state. This training will also assist

the operators in qualifying for a certification as now required by the law.

The course fees are itemized as follows: manual of instruction, "Operation of Wastewater Treatment Plants, A field Study Training Program," Vol. I - \$20; Vol. II - \$25; other supplies and materials - \$15 for a total of books and supplies - \$60. There is also a registration fee of

\$10. If you already have the manuals, the cost is only \$15 for materials and \$10 for registration. The registration fee of \$10 should be made payable to JSTC and the remainder of \$60 or \$15 goes to the NC Water Pollution Control Association. Both of these fees are due at the first class meeting. Pre-registration by phone was required. For more information, contact Joe Jones at JSTC.

Lenoir School Menus

Friday - barbecue or fish fillet, cabbage-carrot slaw or tater tots, fruited jello or prunes, hushpuppies or corn bread, lemon cake

Milk is offered with all meals. Also, a variety of extra items are for sale.

Duplin To Have Another Tree Day

Duplin County residents will have an opportunity to receive trees from the county Volunteer Beautification Committee sponsored by the Agricultural Extension Service.

Mrs. Adelaide Rice, county chairman, stated, "The purpose of the program is to encourage homeowners to improve the appearance of their home landscapes by planting trees."

There are five plants to choose from this year: dogwood, maple, crepe myrtle, loblolly and long-leaf pine. Tree pick-up day will be Saturday, March 3 from 9 a.m. - 3 p.m. at the Agricultural Building in Kenansville.

The deadline for placing orders is Feb. 17.
