Tar Heel Fine Arts Society Presents The Serendipity Singers

On Thursday, March 29 at 8 p.m., the Tar Heel Fine Arts Society will present The Serendipity Singers in the Kenan Memorial Auditorium in Kenansville.

Since their formation in the '60s at the University of Colorado, the distinguished sounds of The Serendipity Singers have been delighting audiences across the country. They

have become a musical tradition and an experience in excellence for American music and music of the world.

The group travels approximately 200,000 miles a year with stops such as Las Vegas, Reno, Lake Tahoe, and the Virgin Islands, in addition to the community concert series, civic concerts and arts council concerts across

the country.

Overseas tours have taken them to 24 foreign countries, including a one-month engagement in Cannes, France. They recently returned from a two-and-one-half-month tour of Australia and the South Pacific, where they made a series of TV specials.

The Serendipity Singers' exciting, fast-paced show of folk songs, county pop and show tunes from the '40s to the '80s appeal to all ages, and keeps their audiences toe-tappin' and hand-clappin'. Their enthusiastic and exciting presentation, musical harmonies, instrumentals, comedy and colorful costumes continue to produce standing ovations from the widely varying audiences.

The Serendipity Singers, over the years, have appeared on the Dean Martin Show, Kraft Music Hall and the Mike Douglas Show and numerous network shows. They have recently been featured on eight syndicated TV specials along with guest stars Bert Parks, Jeanie C. Reilly, Burl Ives and Pat Paulsen, in addition to their various TV and radio commercials and also a Public Service song for the 1981 Year of Disabled Persons. Also, they have been honored to perform for four U.S. Presidents.

Plan now to attend this performance Thursday. A limited number of season tickets will be available at the door at \$12.50 for adults and \$5 for students.

PINK HILL REVIEW

YOU CAN SAVE \$250* ON HEATING AND COOLING YOUR HOME. ALL IT TAKES IS COMMON SENSE.

Savings based on houses with 1,500 square feet. Bigger houses save more.

The way you build a home can make up to a 40% difference in what you pay for heating and cooling. Yet some people tend to think an energy-efficient home has to be an exotic plan out of the 21st Century. The fact is, almost any kind of house can be built to what we call "Common Sense" standards. And, even though it does cost a bit more to build, your energy savings of \$20 to \$30 a month make up the difference in a hurry.

What's more, chances are, there are also a lot of ways you can save in the home you're in now. So call us or stop by.

Whatever your housing situation, we're happy to help out. Because the more you get out of your energy dollar, the more we get out of ours. And that's better for both of us.
