Bike-A-Thon For Leukemia Society

The Scott's Store community is sponsoring a bike-a-thon for leukemia on Saturday, April 7. The route will be Rural Road 1525 approximately 12 miles east of Mount Olive beginning at 9 a.m.

The bike-a-thon is to further the Leukemia Society of America's battle against leukemia, a disease of the blood-forming tissues, the bone marrow, lymph nodes and spleen. The LSA is a national voluntary health agency dedicated to seeking the cause and eventual cure of leukemia and allied diseases.

How can you help? You can ride a bike, a maximum of 20 miles, sponsor riders by pledging a sum of money for each mile the biker rides, or assist in registration and promotion, and/or donate food, supplies

and prizes.

National Litterbag Day

United Carolina Bank wants to put community pride into the hands of every Kenansville citizen and they are offering official Keep America Beautiful litterbags to any citizens who asks for one.

Why the litterbag? It's a story that started in 1953 when Keep America Beautiful, Inc. began its fight to a cleaner America. A non-profit organization, KAB has relied upon the support of public-spirited citizens business firms who believe that clean communities are strong communities. The litterbag became the most mobile, most highly recognized symbol of that belief.

This year the governors of all 50 states are expected to proclaim Nation KAB Week, April 22 through April 28. For the first time, National Litterbag Day is being inaugurated on April 27. It's the first annual celebration of the symbol of concern for America.

UCB encourages the citizens of Kenansville to join them in their efforts to build pride in their community. The firm is distributing official Keep America Beautiful litterbags to the general public at their offices. Their goal is to see the community's official litterbag in the cars and hands of every citizen. Help them help your community. Pick up a litterbag today and, in the works of the KAB organization, help "Shape Tomorrow Together."

Horseman's Conference Scheduled April 3

Horses were once an integral part of farm life. Now they have been replaced as a main source of power by tractors and electricity.

However, there are still a large number of horses around used mainly for pleasure as well as some

cattle work.

The Duplin County Agricultural Extension Service will be conducting a horseman's conference on April 3, starting at 6:30 p.m., beginning with a buffet meal

Topics of interest will include forages, pastures and hays for horses, and a review of what the state provides its horse industry. A question and answer session will also be held.

Anyone interested in horses is invited to attend. For more information, contact Keith J. Hairr, assistant agricultural extension agent, or Ray Rhinehart, associate 4-H extension agent, at 296-1996.
