

TRYON

WEDNESDAY—A wire cot, folding linoleum. Apply at News office.

Leonard, of Geneva, Wis., and his brother, Mr. James H. Leonard, in Tryon.

Clara Bell has accepted a position in the faculty of a college at Ohio, and left for her duties.

Week it began to look as if it would be hard to tell from which—April showers or May flowers.

Services at Holy Cross church next Sunday, Holy Communion, 7:30 a. m., school, 10 a. m.; morning devotion and sermon, 11 a. m.

Saturday afternoon Mrs. Lightfoot entertained a few guests to meet Copeland, U. S. N., who is visiting his parents on a furlough.

Florence Grant, of Detroit, returned to Tryon this season, accompanied by Miss Mershon, of Saginaw, Mich. They are guests at Pine Bluff.

Every day passes that parties drive to Ricksnaven and guests remain there longer as guests. View and house are found very nice.

Chapman, of Concord, New Hampshire who has been a guest at Thurston's a good part of the season, left for the north the other week.

Mrs. P. G. Morris and Fred Swan and Burley Williams left for Cincinnati Wednesday, where Mr. Morris purchased some Ford automobiles. These gentlemen will drive them to Cincinnati to Tryon.

Services at the Congregational church next Sabbath: Sunday school, 10 a. m.; public worship at 11 a. m., sermon by Rev. Mr. Makepeace. Special invitation to all visitors in this extended by the church.

Miss Alcott, of Duluth, Minn., is the niece of the late Miss Alford, formerly a popular visitor in Tryon, and in whose memory her relatives bought a life membership in the Mountain Industries Association.

A band concert at the school was not very largely attended, due to the heavy rains which came just before the time for the concert. Hon. Fred Hamrick and District Solicitor Huffman made speeches, which well repaid those who attended. Proceeds amounted to \$5.

On their way from Chimney Rock to their home in Cincinnati, Mrs. Anton last week entertained for a short time, Mrs. Dittman, Miss Muth, Miss Allen, girlhood friends, only drawback to their visit, was that they didn't come earlier, stay longer. This is a complaint which frequently attacks visitors almost immediately after they get out of the train.

Last week the Asheville Citizen reprinted Brevard's achievement in Liberty Loan subscriptions. But forwarded by Mr. Little that was the first of any Western North Carolina town to get a flag for its quota, the Citizen slyly put it away at the bottom of a file, and an article about what Asheville had done, Asheville seldom gives time or space to advertising for doing anything worth while.

Florida Blossoms' long and yellow which grow only on railroad tracks, appeared in Tryon last week, and flowered out into a band of which no two instruments seemed to be in tune with each other or the rest of the pieces; and some performing pieces which looked as though they might be persuaded to almost any performance by holding out the hope of a good square meal some day. However the show was a success in going away with some of Tryon's change, which was what they came to do.

In England there are four great professions—army, navy, church and state. At the Tryon Liberty Loan meeting last week, which in both finance and oratory was so great a success, only the army was unrepresented, and it had had its innings at previous meetings. Lieut. Copeland stood for the Navy, Mr. Newell for the church and Mr. Spainhour for the bar, the only legal one in North Carolina. In addition, business was represented by banker Little, agriculture by agent Sams, and a woman president as well as made as good a speech a man could have done. In variety of talent, at any rate, Boston or New York wouldn't probably have done any better.

We had the pleasure of attending the graduation of the senior class of Stearns High School, at Columbus, on Friday night. The auditorium was well filled, and the exercises were not only enjoyable, but highly instructive. The class this year is composed of five young ladies, Misses Edna Garnette Smith, Clara Belle Copeland, Agnes Coline Rippey, Nellie Geraldine Constance and Esther Parsons Gibbs. Prof. Cobb and his co-workers are doing great things in the educational line for not only Columbus but all of Polk county, and are to be congratulated upon the splendid results being accomplished by Stearns High School. One of the first things meeting your eye as you approach the new and handsome school building is the service flag of Stearns, which starts upon it, showing that the school has done something in the line of patriotism as well as that of education.

Mr. A. C. Angell, Mrs. Angell and their daughter are visiting Tryon again, and are guests at Oak Hall. They would have liked to get here earlier, but Mr. Angell was to appear before the Michigan Supreme Court in a case which will interest the neighborhood of Tryon and almost every other community, the civilized world over. It concerns the reduction in the price of the Ford motor. The Dodge Brothers, another well known firm of motor makers, formerly in business with Ford, and still owners of stock in that concern,

brought the suit to compel him to distribute the surplus in dividends instead of enlarging the plant and lowering the price of cars, as he intended doing. The lower court decided in their favor, because the capital of the Ford Co. exceeded the limit placed upon corporations by Michigan law. The Supreme court has not yet rendered a decision.

Mr. Kilpin, after a day's stay in Asheville, left for New York the early part of last week. He has announced his purpose of becoming a citizen of U. S. A. His health has greatly improved during his five months' stay in Tryon. Just before leaving he confessed to great weariness over hearing and reading about the back and forthness of the fighting at the front with no definite results. He says there is no real fighting. The huns have never been taught to fight. They are driven forward to slaughter like so many pigs. The moment they—as individuals—confront bayonet or gun they go all to pieces and surrender. He predicts that when general discouragement prevails they will lose even the power of resistance and then British cavalry charges will cut them up and cut them down, and they will surrender by regiments, divisions and all along the line.

—W. S. S.—
WAR VEGETABLE GARDENING AND THE HOME STORAGE OF VEGETABLES.
We have just received from the National War Gardening Commission, a number of copies of this valuable book for distribution. It has been prepared by experts in every department and should be in every household.

You will find it of great value in gardening and saving vegetables. Call and get one at our store, 80-84 Patton Ave., or send 2c stamp and we will mail one.

T. S. MORRISON & COMPANY Asheville, N. C.

—W. S. S.—
LABELS FOR CANS.
We will handle a full line of can labels this year, and are in position to make you as good prices on labels as the manufacturer. We will print the name of the contents, together with the name of canner and also your farm, at very modest price.

Come in as soon as possible and look over our samples and make your selections, as it will be impossible to secure anything like the varieties you can by placing your orders now.

—W. S. S.—
Typewriter second sheets for sale at the NEWS office at 25c per hundred.

—W. S. S.—
With representatives of the Army and Navy both preaching "Buy Bonds," is it any wonder that Polk county is going "Over the Top."

TRYON FIRE DEPARTMENT.

A meeting was held Tuesday night at the City Hall for the purpose of organizing a volunteer fire department. The meeting was called to order by T. H. Coggey, who stated the object of the meeting. An organization was perfected as follows: James Case, president; T. H. Coggey, Secretary and treasurer; Waddy Wilson, chief; Wallace Langford, assistant chief; James Berry, Captain; Wm. Davis, first driver; A. L. Hill, second driver; Ed Ward Raymond Jackson, Joyner Kelly, Frank Wood, Darling Walters, Jeth Garren, Fred Swan, Frank McFarland, Burley Williams, Hoyt Gaines, Chas. Ford, Ralph Newman and Jim Moore, privates.

TO POLK COUNTY FARMERS AND BEE KEEPERS

Don't forget the farmers' monthly meeting on the first Monday in May, at Columbus. We hope to have Mr. R. S. Curtis, beef cattle and sheep man, from Division of Animal Industry, West Raleigh, N. C., with us. Then don't forget that next Monday, April 29th, at W. J. Shields' bee yard in Tryon, at 2 o'clock, p. m., and at Mr. George Brisco's bee yard, at Mill Spring, April 30th, at 10 o'clock, a. m., Mr. C. L. Sams, specialist in bee keeping will hold meetings for demonstrating the best methods of keeping bees. All farmers are invited to attend all of these meetings and take part in them.

POLK COUNTY RED CROSS.

The work rooms for gauze dressings in Tryon have had to close down again for lack of gauze. We hear from Atlanta that the supply situation is very bad. The Division bureau of supplies has had no gauze for months. However if gauze can be obtained from anywhere at all the work will be resumed at once. At all events it will be resumed as soon as possible.

Preparations are gradually being made for the Second Red Cross War Fund campaign, which begins May 20th. Polk county is forming her committees and teams now. The regular monthly meeting of the executive committee will be held at the Peoples Bank, Thursday, May 2nd, at 3 o'clock.

FOODS TASTE BETTER COOKED —TOBACCO TASTES BETTER TOASTED

Since the day of the caveman, who liked his meat raw, civilization has learned a lot about the scientific treatment of the things we eat.

Naturally none of us would now prefer to have our meat raw, our potatoes as they come from the ground, our coffee unroasted.

And naturally follows the great discovery recently made by The American Tobacco Co.—that tobacco tastes better TOASTED!

This wonderful new idea—simple like all great inventions—was first used in producing the famous LUCKY STRIKE Cigarette—made of toasted Burley tobacco.

Burley has a mellow flavor, entirely different from the tobacco usually used for cigarettes. It is a pipe tobacco and LUCKY STRIKE Cigarettes taste like a pipe.

Black Tread Red Sides Where Beauty Is More Than Skin Deep

WE never saw a motorist who wouldn't admit that the Black Tread and Red Sides' combination in Diamond Tires makes the handsomest tire equipment he ever saw.

But we're here to tell you that you can't see the real beauty about Diamonds—their husky strength and long mileage. You read about it on your speedometer after thousands of miles.

Take our "tip"! Try one Diamond! It'll cost you less than the average tire, and before long, you'll want Diamonds "all around".

Diamond Tubes don't deteriorate while you carry them as "extras." They hold their life for years.
