HILLCREST.

Rev. G. E. Kidd preached at Sandy Plains church, Sunday.
 Miss Lee Ila Webb returned to her home in Forest City.
 The pupils of Hillcrest Institute are preparing for their commencement, on Friday, the 24th.
 Mrs. Roland Feagans has returned from the Rutherfordton hospital.
 We have a rapidly growing Red Cross Junior, with more than thirty members at present. Last Thursday, after Bible class, Rev. Mr. Kidd gave a fine talk and presented Red Cross buttons to twenty very proud little pioneers in this great movement. And they have a right to be proud. The buttons represent a vast amount of self-sacrifice on the part of most of them, and real effort for all. Two little girls got theirs by doing extra work before and after school, for an egg a day, and one tiny tot refused candy and chewing gum if she might have the pennies "To join the Red Cross." If our grown-ups were so interested as these children there would be "something doing" in the community. And there must be if we are going to redeem ourselves in this week's "drive" for the Red Cross war fund. "We have seen our men depart into a mist of distance, and we who are left behind are asked to give and still to give." "When we have given our men, is it not a little thing to give money? And yet so many hang back. Surely they are asleep. They cannot see our boys "Over There" "an endless row of shining steel that stands between a long line of never-failing white-capped women, a host of children and a mighty over-riding force which has mercy. These boys must be cared for, these women must not be lost for want of help at home, these children must be saved, and we must do it." There is no need to justify the work. The need is to continue it, and we must do it.

LYNN.

Dr. Pratt will preach in Lynn chapel, Sunday, at 3:30 p. m.
 Rev. Mr. Kidd will preach in chapel at 8 p. m.
 Rain, plenty and to spare is what the farmers say.
 Gardens look good; contents of them will taste good a little later.
 Let's have a good crowd at the ice cream serving, Saturday night. Everybody come, and let's adopt plans for the furtherance of the badly needed church building. It's your church and our church. Get busy.
 Mrs. H. G. Cannon is quite disposed. Been confined to her room for several days.
 Grayson Newman had his cow staked out to graze, and was bit by a snake. No one had seen a snake, but knew by the swelling that it must have been one. A brush pile near by was set on fire; quite soon Mr. snake, a rabbit and two terrapins came forth, and his snakeship was dispatched in short order. This is not much of a snake story, but a true one.
 Will the fish bite now, Mr. Fishtop correspondent? Let us know. We want to come and help you fish.
 The Ladies' Aid Society will serve ice cream Saturday evening, proceeds to aid in building the church. It looks as if the ladies, or the Ladies' Aid will have to take the matter

in their hands, if the church is ever completed.
 Dr. Taft, of Tryon, made a Red Cross talk to the people of Lynn, Monday night, and \$125.00 were donated to the Red Cross fund.
 Lynn people have bought about \$1,500.00 of Liberty Bonds; donated about \$125.00 to Red Cross; their service flag will show, after this week, 25 stars. We believe Lynn is trying to do her bit.
 D. Earnst Ballard is a little indisposed at this penciling. He is off duty, taking a rest.
 R. Bryan Cannon, wife and baby son, Harold, of Spartanburg, visited Mr. Cannon's father, W. A. Cannon, and other home folks, last week-end.
 S. F. Fowler, with a bunch of men and boys, motored to Rutherfordton, last Sunday.
 The water supply was somewhat demoralized Sunday and Monday, but at this writing is about normal again.
 -W. S. S.-
 We are in receipt of a letter asking every farmer to carefully look over his farm, gather up all old scrap iron that can be found on same, and market it as soon as possible. The government is in need of all kinds of iron and you will not only be doing the government a good service, but you can at the same time put a few dollars in your own pocket.

Attention Mr. Farmer!
FORD CARS AND WEBER WAGONS

Everything made of wood and iron is getting higher in price all the time. We were fortunate enough to place an order about nine months ago for a car load of the celebrated Weber Wagon, all sizes, made by the International Harvester Co., at old prices, and can today sell you cheaper than we can now buy, even if we could get them at all.
 We can save you money while they last, and will sell on easy terms.
 We are also getting a few Ford Cars. Every farmer that has lots of hauling should have one of the new Ford Trucks.
 Call and talk it over with us.

THE SOUTHERN RAILWAY COMPANY

An Ambition and a Record

THE needs of the South are identical with the needs of the Southern Railway; the growth and success of one means the upbuilding of the other.

The Southern Railway asks no favors—no special privileges not accorded to others.

The ambition of the Southern Railway Company is to see that unity of interest that is born of co-operation between the public and the railroads; to see perfected that fair and frank policy in the management of railroads which invites the confidence of governmental agencies; to realize that liberality of treatment which will enable it to obtain the additional capital needed for the acquisition of better and enlarged facilities incident to the demand for increased and better service; and, finally—

To take its niche in the body politic of the South alongside of other great industries, with no more, but with equal liberties, equal rights and equal opportunities.

"The Southern Serves the South."
