

TRYON

Lubeck was the guest of Ashes friends, Monday and Tuesday. Mrs. J. P. Williams and Miss L. Stone spent Wednesday in Sparburg.

The invitation cards for Miss Heston's wedding Wednesday, the 16th, are now out.

Dr. Mary Noyes, of Pensacola, Fla., is on her way home from the hospital, stopped off in Tryon, Monday, to be the guest of Mrs. Strong.

A few more Rhode Island Red pullets, also some other breeds, which will be sold cheap.

JAMES LEONARD.

We are requested to announce that Jas. J. Britt will speak at Columbus on Oct. 9th and Dr. Powell will speak on the 11th. Both talks will be of a patriotic line.

Mr. C. J. Lynch, the live stock man, says that he will exhibit a fine thoroughbred boar at the Fair next week. It is thought that this boar would be for sale to some Polk county farmer who wants to improve his herd.

James Leonard bought from Mrs. Addie Livingston and Mrs. Addie Livingston, the lots on Trade street occupied by T. W. Ballew and Joe Gurley, and sold them to the occupants. Mr. Leonard will erect a business house on the lot bought by him.

The Board of Directors of the Polk County Fair Association are requesting to meet at Columbus, on Monday, Oct. 7th to complete arrangements for the Fair which begins on Wednesday, the 9th. Be sure and attend this meeting, as some very important business is to be attended to.

All raisers of poultry residing in Tryon township are asked to meet at the Millside hall, Tryon, tomorrow, Saturday, Oct. 5, at 10 o'clock a. m. This meeting is called at the request of the North Carolina State Board of Agriculture and it will prove very interesting to those who attend. Be there.

The Fifth Pioneer Military Band was served supper by the ladies of Tryon, at the Lanier Library, Saturday evening. At the close of the meal the room was cleared, and the boys were tendered a dance. Quite a number of Tryon people attended this function and did all they could to make it the success it was. The band boys were completely captured by Tryonites, and upon their departure, Sunday morning, asked that they be invited to return at an early day.

"Any old excuse, so that we can come, but be sure that you ask for our hand," is the way they put it. The lieutenant in command said it was no wonder the old 27th always spoke so highly of Tryon.

A LINEN SHOWER.**

A linen shower usually precedes a wedding, the filling of the bride's "Hope Chest" being the purpose, but the one which Tryon is to be asked to give, has a wider and more touching interest for the "Hope Chest" to be filled belongs to the Red Cross, the beneficiaries are our wounded soldier boys in the hospitals of France and America.

Each one is asked to contribute a strong sheet, a good napkin, a good sized handkerchief, and a bath towel. We are urged to select these objects from our household stores so that our money may find other uses.

Ladies will call for these donations but should the chest fill up before they get to you, do not be impatient, you will be called upon later.

Throughout the country the women are doing what they can. One bright and helpful woman wrote with regard to the clothes for the Belgians, "I am wearing my winter suit for the third winter. I have a friend who has dyed hers and will wear it for the eighth—besides large families are in vogue here, so that our cast-offs are already spoken for, but with the sheets, towels and napkins we will be able to help."

**—W. S. S.—
TO THE PEOPLE OF POLK COUNTY.**

I make this appeal to you. I mean you not the man or woman living over on the next hill mean you and to you I am talking—listen to me and I will tell it.

We have come to a new realization of the power of labor. Nations are not built by statesmen only they are built by those who subdue the earth. Wars are not won by soldiers only but also by the man with the pick the man with the saw the man with the hoe. I believe there will be a better and more equitable adjustment of things and a more satisfactory division of profits after the war and now is the time to begin to prepare for peace; then it behooves everybody to prepare for peace in time of war.

The economical conditions will be changed and let's begin to prepare for it so that it come not upon us unaware as did the ending of our civil war in 1865.

We have come to the realization of the fact that work makes wealth. We talk of the natural resources of our land and they are indeed wonderful and abundant. But what value is the coal if it is not mined; of what value is the iron if it is not worked; or of what value is the ore if it is not smelted or the gold if it is not mined? Of what value is the timber if it is not cut or the fertile fields if they are not sowed or an abundant harvest if it is not reaped? The Bible is the charter of the toiler. It knows no leisure class. Its people are all workers. I do not remember a single idler in the whole Bible story that amounted to or accomplished anything of note. Henry VanDyke put it in the following little poem: "This is the gospel of labor ring it ye bells of the kirk. The Lord of love come down from above to live with the men who work." This is the rose he planted here in the thorn-cursed soil. Heaven is blest with perfect rest, but the blessing of earth is toil.

HAVE YOU GOT A ROCK or a piece of mineral or fossil or anything in some old gully which you do not know what it is? If so bring it to the Fair on Oct. 9, it may prove to be worth more than your most cherished dream could prove to be. You might have such mineral as would prove of great worth and make you rich if it could—only become known. So bring it to the Fair. It will cost you nothing to find what it contains.

I want every loyal citizen of Polk county to bring something in the mineral line. If you are not loyal to your own county you are a slacker, and only have to show your loyalty to our

government in this trying time which tries men's souls, because you have to or fight and you are too cowardly to do that unless it be against one of inferior strength. **BRING IT TO THE FAIR AND COME.**

Yours for a good showing, I beg to thank you in advance,

Dollars that Fight

By SENATOR HENRY CABOT LODGE

The war will be won by men and ships, by guns and airplanes. To raise armies and supply them, to build the navy and support it, and to furnish ships and transport, we must have money in large amounts. The expenditures of the Government for the ensuing year are estimated at \$24,000,000,000, a sum which baffles the imagination to conceive. That vast amount must

Without the Loans we cannot have either

We are fighting to secure a just, righteous and lasting peace. For a complete peace we must have a complete victory. It must not be a peace of bargain or negotiation. No peace which satisfies Germany can ever satisfy us. No peace that leaves Germany in a position to renew the war against us will be worth having. It will be far from sufficient to gain all our objects on the Western front—Belgium, Alsace-Lorraine, Italia Irredenta. The President with wisdom and foresight and great force expressed his determination to redeem Russia. Russia

must not be left in Germany's hands. That would mean another war. Poland must be free. Slav republics must be established to bar the way between Germany and the East. Serbia and Roumania must be redeemed. All these things are essential. **Nothing will bring them but complete victory and a peace dictated by us and our allies.** It is a conflict of ideas. It is the principle of evil arrayed against the principle of good. It is the battle of freedom and civilization against barbarism and tyranny. **We must win and we shall win.**

We cannot win without money, and therefore, these Loans are vital, and the country should rally in all its strength and subscribe and oversubscribe the Fourth Liberty Loan
