UNITED WAR WORK CAMPAIGN TO RAISE \$170,500,000 FOR BOYS OVER THERE

AND IN FIGHTING AREAS WILL STIR THE SOUTHEAST WEEK OF NOVEMBER 11.

According to the statement issued by Dr. John R. Mott, Director General of the United War Work Campaign, the total amount to be raised during the week of November 11th is \$170,500,000, fixed by the War Department, approved by the President.

The fund will be administered by the Government Director for the seven recognized War Work Agencies, the Y. M. C. A., Y. W. C. A., National Catholic War Work Council (Knights of Columbus), Jewish Welfare Board, War Camp Community Service, American Library Association and the Salvation Army.

"The amount is the largest ever asked as a gift from any people in the history of the world," said Dr. Mott. "Viewed as a total sum, it seems gigantic, but divided by the four million men who will be under arms in our army and navy during the period it is expected to cover, you find that it means less than 15 cents a day per man. Surely there is no Father or Mother or friend of a soldier in this country who will say that 15 cents a day is too much to spend on his church, his home over there, his library, his theatre and his club. The President summed up the whole appeal in a recent letter in which he spoke of the work of these seven great agencies as "of vital military importance." He had in mind the fact that their activities are largely responsible for the maintenance of the splendid morale of our forces. There has never been in history so spectacular an example of the extreme importance of morale as is now being presented on the Western front. The forces that confront each other there are not widely dissimilar in numbers or equipment, yet one army is constantly withdrawing and the other irresistibly moving forward—the difference is spelled in the single word, MORALE.

"Napoleon said that 'morale' is as other factors in war as three to one! General Pershing, in a recent letter, commenting on the work of the agencies, quoted with approval the statement of one of his colonels, who said: 'Give me nine men who have a hut to spend their evenings in and I will have a better fighting force than ten men would be without it.'

If it is worth \$24,000,000,000 to keep our boys under arms next year, surely it is worth \$170,000,000, and more, to add 10% to their fighting if it brings victory 10% nearer. This is the appeal of the seven United War Work agencies to America, and particularly to those four million homes where service flags fly, and we know what America's answer will be."

Welfare Workers Serve Soldiers During Epidemic

Men in Quarantine During "Flu" Scare Succored By Y. M. C. A., Knights of Columbus, War Camp Community Service, American Library Association and Other Organizations

When the Spanish "flu" hit Camp Gordon the Y. M. C. A. women workers found themselves pressed into service as seamstresses turning out "flu" masks of gauze for the soldiers. Orders were issued by General Sage, commanding officer at the cantonment, that every trooper should wear a "flu" mask whether at drill, or enjoying a much needed rest. The result was that thousands of masks were in demand and every woman who could ply a needle was pressed into service.

The "Y" women, recent arrivals at camp to act as secretaries in the huts, did yeoman service, and hundreds of

the masks were turned out as the result of their efforts.

The "flu" epidemic forced the closing of all Y. M. C. A. huts, Knights of Columbus recreation halls, camp theatres and Jewish Welfare establishments closed, but out-door entertainments were staged to serve the men quarantined in camp. Those convalescent in the barracks were also given the benefit of this service.

The advent of women secretaries at the Red Triangle huts has proved a decided sensation among the troops, and they are quick to express their satisfaction at the innovation. The women workers release men for service in the barracks and assume the duties of the men secretaries at the huts.

—W. S. S.—

It transpires now that the peace report sent out on last Thursday was one of the heart. Admiral Wilson, of the U. S. Navy gave out the news, and was man enough to say he did, but thought it was true at the time. All right, Admiral, nobody hurt, and the good old U. S. Navy has done so much in this struggle that you are freely forgiven by the entire American people, and nothing is held against you. Everybody knew it was due, anyway.

—W. S. S.—
 NOTICE.

Having lately been appointed as administrator of the estate of John Pace, deceased, all persons having claims against said estate are hereby requested to present said claims duly sworn to, to the undersigned within twelve months from the 4th day of November, 1918, otherwise will be barred by statute. Also all persons indebted to said estate are requested to make immediate settlement with said administratrix.

This 15th day of November 1918.
 LYDA ARLEDGE,
 Administratrix.

We said "Peace" a little too soon, but at last it is here, and with it the Stars and Stripes stand in the front row. Nobody would for a single instant take away one ounce of credit due the French and English and other allies, but they are not our boys. While other allies were amazed at the way our lads went at it, nobody over here was. It is in the blood. With the shining examples of Washington, Grant, Lee, Jackson and a host of other gallant soldiers of America they have done nothing more than they were expected to do when they went over there.

—W. S. S.—
