

MAP SHOWING STANDING OF COUNTIES IN WAR SAVINGS WORK TO OCTOBER 1st

The War Savings record of the 100 counties in North Carolina as indicated on the accompanying map shows that nineteen counties have subscribed 100 per cent and over of their War Savings allotment. Six counties have subscribed from 90 to 100 per cent, twenty-nine from 75 to 90 per cent, twenty-seven from 50 to 75 per cent, while nineteen have subscribed less than 50 per cent of their quotas.

The counties that have subscribed their entire allotment which are black on the map, are Anson, Chowan, Cabarrus, Edgecombe, Forsyth, Franklin, Gates, Greene, Henderson, Iredell, Jones, Lenoir, Martin, Mecklenburg, Nash, Perquimans, Pitt, Union and Wilson. The six that have subscribed over 90 per cent of their allotment, which are cross-checked on the map, are Bertie, Beaufort, Guilford, Jackson, Northampton, and Onslow. The nineteen counties that pledged less than 50 per cent, which are left white on the map, are Ashe, Bladen, Bruns-

wick, Caldwell, Caswell, Cherokee, Clay, Cumberland, Columbus, Dare, Duplin, Graham, Hoke, Moore, Rutherford, Sampson, Watauga, Wilkes and Yancey. The counties which are slant-checked on the map have subscribed from 75 to 90 per cent of their quotas, while the counties vertically checked have subscribed from 50 to 75 per cent of their quotas.

North Carolina's War Savings allotment is \$48,666,380. To October 1, it had pledged 76.2 per cent of its allotment leaving 23.8 per cent yet to be pledged. To November 1, it had sold \$19,606,727, leaving \$29,059,653 yet to be sold. The task of the State is to redeem all outstanding War Savings pledges by December 31 and to secure additional sales to complete the State's quota, which amount is \$11,500,000.

The week of November 23-December 6 has been set apart for a complete War Savings Victory drive. During this week the citizens of the state will be called on to make the War Savings Campaign a complete success and thereby give the State a 100 per cent war-record. Every per-

son will be called on at some time during this week to go to the limit of his ability. Heads of families who are able will be asked to take \$1,000 of Stamps for each member of his family and thus qualify for membership in the North Carolina War Savings Limit Family Society. Individuals who are able will be called on to take \$1,000 of stamps for themselves and thus become members of their County Limit Club. People who are not able to go the limit by the law will be asked to go the limit of their ability—to buy all they can pay for. Every individual will be called on to give to the utmost that the State may raise its full quota by December 31 and have a 100 per cent war-record to its credit.

WAR SAVINGS STAMPS IDEAL CHRISTMAS PRESENTS.

War Savings Stamps make ideal Christmas presents. There are several reasons why people should give Thrift and War Savings Stamps as presents at Christmas instead of the usual valueless gewgaws and trinkets.

A War Savings Stamp is a patriotic gift. It is not to be prized only for its value but for the patriotic spirit in which it was bought and given. The giving of stamps does not require the labor and material so greatly needed by the Government at this time. Furthermore, giving stamps saves the usual rush that makes Christmas a burden instead of a joyous occasion. This year stamps are the most patriotic gift. Buy them and help put your State over the top in the War Savings Campaign.

Today North Carolina lacks \$11,500,000 having her War Savings quota subscribed. If every North Carolinian who is able to do so would buy at least one War Savings Stamp as a Christmas present either for himself or some other member of his family, and would do this in addition to what he has already bought or pledged to buy, the amount realized would be sufficient to complete what the State lacks in having its War Savings allotment. Therefore, it behooves every patriotic citizen of North Carolina to be patriotic and buy War Savings Stamps for Christmas presents.

The Government Wants us to save

on meat, flour and sugar, using more of the vegetables. Are we doing it? The Government now says buy more War Savings and Thrift Stamps. Have we all done our part? We have the best of vegetables and canned goods, also the W. S. S. and Thrift Stamps. Buy of us. Let us help you to

BE PATRIOTIC.

THE SOUTHERN RAILWAY COMPANY

An Ambition and a Record

THE needs of the South are identical with the needs of the Southern Railway; the growth and success of one means the upbuilding of the other.

The Southern Railway asks no favors—no special privileges not accorded to others.

The ambition of the Southern Railway Company is to see that unity of interest that is born of co-operation between the public and the railroads; to see perfected that fair and frank policy in the management of railroads which invites the confidence of governmental agencies; to realize that liberality of treatment which will enable it to obtain the additional capital needed for the acquisition of better and enlarged facilities incident to the demand for increased and better service; and, finally—

To take its niche in the body politic of the South alongside of other great industries, with no more, but with equal liberties, equal rights and equal opportunities.

“The Southern Serves the South.”

The Traitor In The Ranks.

A spy is a contemptible person, but a traitor is a thousand times worse. Every doctor, when he receives his degree, Doctor in Medicine, takes the Hippocratic Oath. He solemnly swears not to do certain harmful or deleterious things. He swears that whatever houses he may enter, he will go into them for the benefit of the sick and will abstain from every voluntary act of mischief or corruption.

Every good doctor lives up to that oath. But there are rascals in all professions. Now and then a doctor forgets his responsibility and indulges in deliberate mischief and corruption—he acquiesces in the criminal desire of some family to conceal the existence of contagious disease from the health authorities. This is a vicious act of corruption which ought to cancel the doctor's license to practice in the State.

Sometimes it is hard to say no.

"HARD TO SAY, NO."

If it is a Quarantinable Disease Don't Ask Your Doctor to Call It Something Else to Avoid Quarantine.

There are selfish people in every community who care nothing for the welfare or safety of their neighbors and stop at nothing to evade the law governing the isolation of contagious disease. Such people will appeal to the doctor to make an exception in their case, in order to avoid injury to their business, or something like that. If the doctor is square and honest he will do his duty and refuse to be a party to fraud. If he is crooked he may give in to the pleadings of the family and consent to the conspiracy against public welfare. Such a physician merits a severe penalty. He is a traitor to

the State that grants him the right to practice. The sooner he is relieved of his license the better for the community which is at his mercy. A doctor without honor is a menace to his patients, from the very nature of the relation he bears to them.

The State Board of Health means to punish every doctor who is found guilty of this corrupt practice. Thank goodness, very few physicians indeed are guilty. But the rascals do get into the profession occasionally, and the health authorities of North Carolina feel bound to protect the public against the traitors within the ranks of the healers.

People of ordinary intelligence will readily understand that a physician who is corruptible in behalf of his patient is not to be relied upon in other matters. A good doctor will go far to protect the legitimate interests of his patients, but he will stop short of a crime always. North Carolina wants good doctors to take care of the people. She will have none of the crooked kind, if the State Board of Health can help it.

Health authorities everywhere unhesitatingly condemn the ancient superstition that any disease could possibly be good for a child or an adult. The idiotic idea that a child ought to have such diseases as whooping-cough, measles, etc., and be over with them, belongs in the museum of antiquities along with the night air boggy and the delusion that alcohol makes you strong.

An excuse for treason sometimes offered in behalf of the guilty doctor is that the attack is "only scarlatina" or "scarlet rash"—but the truth is that these are but other names for scarlet fever, all the same disease.

QUESTIONS AND ANSWERS.

Dark Brown Taste.
My tongue is coated with a yellowish material nearly all the time and I always get up with a disagreeable dark brown taste in my mouth in the morning. What is the cause of this and what shall I do for it?
Answer—Your diet is probably too rich in meats or other "rich" foods. Vary your diet so as to include more bulky foods, as dry toast, prunes, Graham bread, bran, etc. Drink plenty of water. Have regular habits. Leave off all alcoholic drinks.

Tonsillectomy and the Voice.
Miss I. E.—(1) Is your voice ever injured by having the tonsils removed? (2) Is water fattening?
Answer—(1) No. (2) No, no. Look at the example of the slimy they are.

SAILORS EAT SEAWEED

Victims of Hun Submarine Drift Eleven Days.

Crew of Norwegian Vessel Picked Up in Midocean in Pitiful Condition.

An Atlantic Port.—The Norwegian steamer Augvald, 2,098 tons, bound from a French port for Baltimore, has fallen a victim to a German submarine. A transatlantic liner brought the news of the sinking of the Augvald in midocean and also landed 11 members of the crew of 27 men. Three of the crew were drowned and the remaining 13 are unaccounted for.

The rescued men were picked up by the liner after having drifted helplessly for 11 days, subsisting most of that time on seaweed and rainwater wrung from their clothing or caught in their caps. They were in an exhausted condition when picked up, but by careful nursing on board the liner they had fairly recovered when they reached here.

According to the crew the steamer was stopped by shell fire, the crew ordered into two boats and the ship was sunk with bombs.

Captain Egge of the Augvald left the ship with 12 men in his boat and it became separated from the other lifeboat containing 14 of the crew. For two days the latter boat drifted about and was then upset in a storm. Three of the men were swept away and the others managed to right the boat and bale it out. They lost all their food and fresh water and even their oars were gone.

Drifting helplessly, the men began to suffer for want of food and water. Seaweed was eagerly snatched up and chewed and every device they could think of was resorted to to catch rainwater. There was a succession of rainstorms and the men were almost continually drenched. Day after day went by and finally the rescue ship came over the horizon and the exhausted and starving men were soon safely on the deck of the liner and given every comfort.

SERVICE AS BROAD AS THE COMMUNITY

War Camp Community Service Provides Numerous Intimate Comforts For Soldiers.

Club rooms for soldiers, entertainments for the boys in khaki, outings for convalescent men back from France, small, but appreciated services to soldiers and their relatives and friends—these are some of the manifold activities of the War Camp Community Service.

The War Camp Community Service comes close to the intimate life

of the soldier and provides for his mental as well as physical comfort by furnishing the facilities which make it possible for him to relax from the strain of military training and the preparation for overseas fighting.

Its symbol is the red circle and its activities are as unending as the circumference of its insignia. Thousands of soldier boys take advantage of its facilities and other thousands of relatives and friends of the boys in Uncle Sam's uniform are daily benefited through its various avenues of effort.

When the writer of the future sums up the many different causes of our victory, he is going to give Herbert Hoover as much credit for that result as any one man. Without the conservation of food brought about by Mr. Hoover, we could not have won the war.
