"Long May It Wave."

The Asheville Times has been sold to the Republicans. Now watch out for some hot times in 1920.

A woman plead guilty of bigamy in Buncombe county. Still some folks continue to refer to women as the weaker sex.

Get your garden tools in shape. Every pound of food stuff possible must be produced in the United States this year.

At last Debs is going home—to the penitentiary. Now if a few more anarchists can be sent after him all well and good.

Lay aside a few dollars for the coming Victory Loan. Uncle Sam is in need of a few billions, and his loyal citizens must provide it.

When a platform strong enough to hold both Woodrow Wilson and William Howard Taft at the same time is erected, there is no mistaking the fact that it is a strong one.

We breathe easier. It has been ascertained that Guilford county is the banner moonshining county of North Carolina. We thought from the number of stills destroyed in it that it must be Polk.

It is estimated that between nine and ten millions of dollars will be spent on roads in North Carolina during this year. We thought the other day that it would take half that amount to put the road between Tryon and Columbus in good shape.

Liquors were served in Essex county, N. J., and charged as freight. That may do all right in Jersey, but if it had been Polk county moonshine they never would have called it "freight." It is more like double-geared lightning, than freight.

Congress and the North Carolina legislature have adjourned. Woodrow Wilson has returned to Europe. Now if some plan could be devised to get rid of politicalmaster general Burleson we believe even the ground hog would repent and give us better weather.

The New York Journal says "it may seem ridiculous to predict that the time will come when the intelligent man's interest will be nearly all outside of the earth on which he lives." Oh, we don't know. It seems to us that if the activities of the Standard Oil Company and the meat trust are not curbed that they will have everything worth owning on this earth, and if the rest of us are to have any interest, it will most assuredly be outside of this earth.

Whenever a man rises above his party when it comes to a matter of right and equity, he is a man worthy of the respect of his neighbors. Henderson county has such a man in the Hon. E. W. Ewbank, chairman of the county Democratic executive committee. If we had a few more men who could lay aside their narrow, selfish political views when a matter of great concern to their country was an issue as did this gentleman, then indeed would we be better for it. Mr. Ewbank is a straight, consistent Democrat, but he deems the welfare of his county of more worth than the mere holding of a few petty offices by the party of his political faith.

Brother Hollowell, of the Henderson County News seems very much agitated over the fact that a prominent gentleman up there claims he has displaced "all the chocolate russe, chocolate eclair and syllabub in my vertebrae" for fear it is some new disease and akin to the flu. We have investigated down here, Bro. Hollowell, and find plenty of chocolate russe, and chocolate eclair roaming at large, but to save our lives we cannot locate any "syllabub." If we do we will have it microscopically examined and will at once let you know if it is at all dangerous.

STATE SUPPER IN TRYON.

"Fried chicken, ice cream, hot rolls," I heard this and so stopped to inquire, but unfortunately these good things were not at hand. It was a meeting of the committee planning for the great State Supper to be held at the Lanier Club rooms, Wednesday, Mar. 19th, at 6:45, to raise funds for the relief in the near East. Each state of the Union having a representative in Tryon will be heard from at this banquet; not by dry speeches, but by every form of interesting entertainment known in this versatile little town.

I was told that the supper menu is too varied to mention. I surely will be there. Won't you? Supper and whole entertainment only one dollar.

LEGISLATURE HAS ADJOURNED

The North Carolina Legislature adjourned last Tuesday. Over 1,300 measures of different kinds were passed. Among those affecting Polk county in particular was the bill introduced by Senator E. B. Cloud authorizing the county commissioners to issue bonds to the amount of \$16,000 to build a county home. This was amended in the House by Representative Swann so that the proposition will be first submitted to a vote of the people of the county. If the proposition receives a majority then the county commissioners are empowered to issue the bonds. The matter can only be referred to a vote by a petition containing 25 per cent. of the legal voters of the county.

The county road law was also amended in the house whereby nothing can be done that will in any manner interfere with the plans for the Tryon-Saluda highway and the resurfacing of the Tryon-Lynn highway.

The bill introduced by Senator Cloud to revise the jury list, providing that at any regular or special session of the county commissioners during the month of March or April, was defeated. Also the proposition to repeal the act providing for a court stenographer, the act of Mr. Swann of two years ago, which saved considerable money to the county, failed to pass.

COUNTY SUNDAY SCHOOL MEETING

We, the Greens Creek Sunday school, have called a mass meeting to meet with us at ten o'clock, March 30th, 1919. We earnestly invite delegates from all Sunday schools in Polk county to meet with us for the purpose of having a fifth Sunday meeting.

Now let us do more for our land in 1919 than we have in the past, Fraternally,
Green Creek Sunday School.

NO POETRY, PLEASE.

Despite the fact that we requested some time ago that no more poetry be sent us for publication, a cart load, more or less, lies on our desk, and we simply cannot use it. Our space is very limited at the best. We pretend to publish nothing but a county newspaper, hence nothing but newsy letters, or letters pertaining to matters concerning Polk county, are desired. If we could handle this class of stuff we would be pleased to do so, but our force is small and it takes up all our space and time to handle the news.
