Weekly News Letter From Peoples Bank & Trust Co.

Spasmodic efforts at saving money does not accomplish the object. The real saver is the person who has a definite plan. To set aside a part of the income for a savings account and make it a habit. If one has a weekly or monthly income a definite sum of this income should be deposited in our Savings Department where it will draw interest. Where an income is not regular, a certain percentage, to be determined on basis of annual income, should be deposited with us. In a short time one can acquire the "savings habit" where it is not natural to save. It matters not how small the income a small portion of it should be deposited. This bank accepts deposits of one dollar or over at any time and interest is allowed quarterly on \$5.00 or over. Your future success will depend on what you save. What you earn does not count—it is what you save. Join our party of savers and become thrifty.

A checking account is a safeguard against needless expenditures. Money in the purse has wings and soon is frittered away. Deposit your money in this bank and check it out to pay your bills or to pay for your purchases thereby having a legal receipt for every transaction. It is easier and far safer to write a check than to be counting out money. You will

find that you will not spend so much. We solicit checking accounts of all kinds regardless of how small and render the same prompt service to the small depositor as to the large one.

A Certificate of Deposit is a fine investment. This bank pays four per cent interest from date and issues certificates for three months. It is better than the cash for the income is quite a nice little sum every three months. Deposit your inactive funds with us and let us pay you interest.

The importance of every person in Polk County to do business in his own county is more apparent now than ever before. We are just entering an era of road construction. Our expenses will be higher and every dollar deposited in this bank will work for Polk County's good. Every dollar deposited outside of Polk is helping to tear down Polk and build up some outside county that you have no interest in. Be loyal to your own county and thereby help yourself for as you build up your own county you are building up yourself. This bank earnestly solicits the business of any citizen of Polk and feels sure that as

good, perhaps better, service will be rendered as any bank can render.

Many citizens throughout the county are availing themselves of our Banking by Mail plan. Send us a trial deposit. You will receive a receipt and supplies by return mail. Savings accounts opened for \$1.00 or more; Checking accounts \$25.00 or more; Certificates of Deposit \$50.00 or more.

When you are in Tryon call to see us. If you have any project on that we can be of service to you drop in and talk it over. We have a room available for our friends where they may meet friends or write a letter. Make use of these or any other of our facilities. You are most heartily welcome, whether you do business with us or not.

We issue Certificates of Deposit for Liberty Bonds (Coupon) at par value and pay the interest as it becomes due mailing check direct to you for the same amount of interest the bond calls for. Don't leave your Liberty Bond where it may be stolen or destroyed by fire. We make no charge for this service.
