Major and Minor Prophets.
The major prophets of the Old Testament were Isaiah, Jeremiah, Ezekiel and Daniel. The Old Testament books contain their prophecies. The minor prophets of the group of Old Testament writers from Hosea to Malachi are so called because of the brevity of their prophecies. Malachi was the last of the minor prophets.

Relic of a Lost Race.
At Casa Grande, near Florence, Italy, is the ruin, with walls still standing, of what probably was the last communal house erected on the southern plains by a race of pueblo builders that probably had departed elsewhere or had been merged with wilder tribes even before the passing to the westward of the Aztec south-bound pilgrimage about the year 1300.

For business purposes, for social purposes, for any purposes in life, a rule that should admit of no exceptions is: "Be specific in everything you say. Don't take it for granted that vague, general statements will properly convey your meaning." General statements, please remember, leave wide room for inference, and there is always the liability that a wrong inference will be drawn.

Fifth and last Liberty Loan. Make it, like all the others, a success. Uncle Sam wants to pay his debts.

If our boys did the fighting surely we should be proud of the privilege of doing the paying.

Show the world America was right, by upholding the Government in all its promises. Buy Bonds.

PUBLIC MEETING OF TRYON CITIZENS.
Meeting Called for Friday Evening at 8:30, at the School House Auditorium. Many Public Matters Will Be Brought Before the Audience.

There will be an open meeting at the Public School Auditorium, Friday evening at half past eight, to discuss various civic improvements.

Every citizen who has the welfare of Tryon at heart is urgently requested to attend.

E. MISSILDINE, Mayor.
In accordance with the above call it is earnestly hoped that a full attendance will be there. As the call states various civic improvements will be discussed. One of these is the greatest importance to the future of Tryon, and it is hoped that every citizen who has Tryon's future at heart will be there.

The ladies, especially are invited, as some of the questions will effect them peculiarly.

Be on hand and let's put Tryon on the map as the most beautiful as well as most progressive town in this part of Western North Carolina.

THE OPERETTA CINDERELLA.

A lady from the north who remembers her own training in marching and countermarching, says that she and her friends didn't as well after six months training as the public school children of Tryon after that of six weeks, that the discipline was admirable, not one sound coming from behind the curtain, though there were often forty children penned up there.

Unlimited praise is due Miss Buchanan and the other teachers for all that they accomplished. They made a fairy scene of the school stage, and by so doing gave real pleasure to a large audience with profit to the youthful performers.

The color schemes were lovely. It would not do to mention the names of the particular children who looked their pretty parts, and who did well in singing and acting, for the list beginning with the Prince and Cinderella would come up and down to the Bee, the Violet the Rose, the Holly hock, Mignonette—in fact the whole rosebud garden of girls and the whole bright crowd of boys.

All that our boys and girls need is a fair chance, and a first rate school will give them that chance.

FRENCH ORPHANS.

Mrs. W. S. Brewster through whom Tryon received her French orphan, has been in France since February, in the interest of the fatherless children of France. She was received by President Poincare, and by the Archbishop of Paris.

The French government put at her disposal a motion picture outfit and she will bring home with her moving pictures of the thousands of orphans for which the society is caring.

Several letters have been received from the mother of little Leon Lévassour for whom the town provided for two years. They are the letters of a well educated, brave woman, but one will never again take anything but a most serious view of life. In one letter she becomes eloquent over the help which this country has given them and their children.

The second orphan for whom we provided for one year is a pretty little dark eyed girl. Her father was killed at the age of 26, the mother now having to care for herself and child.

Some day when movie outfits become a possession of the public schools, we will see these and many other pictures of interest.

The study of botany as it used to be taught, was dry beyond belief, but illuminated on the movie screen it is said to be a delight.

A company in Boston is attempting to make films for the whole school system of the country. ay they succeed.

WAR MEDALS.

Mr. W. T. Lindsey, Chairman Victory Loan Committee, has ten medals made of German guns, captured by our boys at Chateau Thierry, which will be presented to the best workers in the drive for subscriptions. In each township, the person sending in the largest amount of subscriptions will receive a medal. If we are to go over the top, all must pull together. "Let's go."

TWENTY-FOUR YEARS OLD.
This number completes the twenty-fourth volume of the NEWS, and we are twenty-four years old today.

Many changes have taken place in Polk county during that period of time, and it is interesting to look back over the files and see what is recorded therein. The NEWS has had its up and downs, and has never been a money making establishment. The county is small, and there are lots of people therein who do not take their county newspaper despite the fact that but one is published in the county.

We have no long winded "spiel" to make over our birthday anniversary. The NEWS will continue to advocate everything that is for the best interests of Polk county, and hopes that its friends will continue to multiply in the future as they have in the past.

COLUMBUS BAPTIST CHURCH.
Regular preaching service Sunday, May 4. Sunday school at 10:30. All invited.

Real Bonanza Kings.
The "bonanza kings" were James S. Flood, A. S. O'Brien, John W. Mackay, and James C. Fair, four men of Irish parentage who acquired vast fortunes from the gold and silver mines on the Pacific coast. They had various imitators and successors who shared the name, but these four men were the "only original" bonanza kings.
