

GIVES NEWSPAPERS CREDIT.

In a letter from Mr. Jos. G. Brown, State Chairman of the Central Liberty Loan Committee for North Carolina, he makes the following statement: "Without the aid which they (the newspapers) gave, it would have been impossible for North Carolina to have secured the credit for having a large share of the credit for having \$126,000,000 of bonds—or nearly \$10,000,000 in excess of the amount for which the State was asked."

RESULT OF VICTORY LOAN DRIVE.

As chairman of the Victory Loan campaign, I wish to thank all who aided in the work. Polk county's quota was \$52,000.00, of which amount a total of \$41,400.00 was subscribed through the various banks, as follows: The Bank of Tryon, \$22,250.00 (Quota, \$11,800.00); Peoples Bank & Trust Co, \$10,300.00 (Quota, \$6,750.00); Bank of Saluda, \$6,750.00, its quota Carolina State Bank, \$2,100 (Quota, \$500). Of this \$41,400.00, only some \$400 was subscribed outside of Tryon and Saluda townships.

Respectfully
W. T. LINDSEY, Chairman.
REV. BOWNE TO RETURN.

It is officially announced that Rev. H. Norwood Bowne will return to Tryon about July first, having accepted the call of Holy Cross Episcopal church to fill the position of Rector made vacant by the resignation of the Rev. Jno. H. Griffith, who has been appointed Archdeacon for Asheville district.

This is most welcome news to Tryon people, for Mr. Bowne was one of the most popular ministers that has ever resided in Tryon. By his plain, unassuming nature he won friends and held them. He made a reputation for his earnestness in early war work that most any man would be proud of. Mrs. Bowne also was very popular, and her return is good news to the ladies of Tryon.

Next week we will issue an extra edition of the NEWS, to be known as our "Possibilities" number. In this will be articles from those who have tested out the subjects upon which they write, so that the information will be first hand and from a trustworthy source. We will have articles upon the possibilities of Agriculture, Live Stock, Apples, Peaches, Grapes, and other special subjects. We are not going to print very many extra copies, so that if you want one of these papers you had better place your order before we go to press.

The University News Letter has just figured out the church membership of North Carolina, by counties, based upon the 1906 and 1916 census of the religious bodies in the United States. It shows that Polk county has gained 14 points, standing 18th in gain in the State. Buncombe has gained 16 points, standing 9th. Of other neighboring counties we find that Henderson has gained 12 points, standing 19th; Rutherford 10 points, standing 26th; Transylvania, 8 points standing 33rd. Cleveland county has lost 3 points, standing 85th.

Weekly News Letter From Peoples Bank & Trust Co.

There is a great deal being written these days about how to be thrifty, most of which is bunk. You read by investing in this or that you will become wealthy, healthy and wise. Don't you believe it. We are going to tell you the truth about this thrifty business. A person may be thrifty without being miserly or stingy. Thrift comes from habits easily acquired. A successful farmer said that most folks are constantly looking around to see what they want to buy. He said his rule in life was to see what he could do without. Aye, there's the rub, WHAT CAN WE DO WITHOUT? That's the test. Any one of us can gain financial success if we pay the price. The rules are simple and plain. Open a savings account in this strong bank, see what you can do without and place a stated sum to that account every week or month or oftener if possible. Don't touch that account, let it accumulate with the interest compounded until there is enough to make a safe investment and keep this sort of thing up for a few years and your financial success is sure. You might venture into "get rich quick" schemes, but in most cases these schemes are a delu-

sion and a snare. To those of you who want enough to take care of you in your old age better acquire the savings habit and let your main thought be: "What can I do without?"

"How is the feller that's figgering on marrying Zach Platt's oldest girl fixed to set up housekeeping?" inquired a neighbor.
"First rate," replied Gap Johnson, of Runapus, Ark. "He's got 'leven hounds and a fiddle."—Exchange.

This growing bank solicits the accounts of firms and individuals promising the very best of service and the utmost consideration for applications for loans. We are now in a position to serve the largest business as well as the smallest depositor in the way of loans.

The national government is awakened at last to the true value of good community roads and it is asking the States to match dollars with the federal government for the purpose of building good roads.
Illinois, with keen vision, recently voted a \$60,000,000 good roads bond issue, which insures 5,000 miles of

good highway linking up its communities with the shipping points.
Missouri is linking up her communities with a \$60,000,000 state wide system of good hard roads, paving 6,000 miles.
Minnesota to have 6,000 miles of state trunk highways and have 1,000,000 to use in ten years.

This bank offers the maximum in protection to your valuable papers in its Safety Deposit Boxes which are in its solid concrete, steel door, vault erected especially for this purpose. Boxes may be had for as low as \$2.00 per year, larger ones at corresponding prices. We have excellent facilities for storage of silver and light household furniture. Inquire about this service.

We pay four per cent interest on money deposited with us on Certificates of Deposit and it draws from the day deposited, payable at the end of three months with the interest or it may be deposited for a longer time if desired. We have a number of customers depositing money where it will not be needed for some time.
