

TRYON

Mrs. John Orr spent a few hours in Saluda, Monday.  
The Lanier Club has purchased the Lois Wilcox's piano.  
Mr. Hannon Pace and son, Leo, were in Tryon, Sunday.  
Misses Violet Bray and Mary Lind spent Tuesday in Spartanburg.  
Dr. Daniels has had an attack of neuritis, but is feeling much better.  
Miss Bertha Henderson, of Flat & visited relatives in our town last week-end.  
Mrs. Kenworthy went to Saluda, to visit her daughter, Miss Helen Kenworthy.  
Mrs. Oren Herring, of Spartanburg, spent the week with her mother, Mrs. J. B. Reid.  
The visit of the little pianist, Helen Oph, has been postponed until the heat shall be over.  
The Peoples Bank & Trust Co have completed the redecoration of the interior of their bank building.  
Mr. J. B. Hester, cashier of the Peoples Bank, left Tuesday for a two days' visit with relatives in Texas.  
Miss Lucile Orr has accepted a position with the baby sanatorium, at Saluda, and has reported for duty.  
Mr. and Mrs. E. G. Holden are spending a few days in Saluda, and report its being very pleasant up there.  
Mrs. Henry Rankin, of Gastonia, and little son, Henry Jr., are visiting Mrs. Rankin's mother, Mrs. J. B. Reid, in Saluda, this week.  
Mr. J. N. Jackson and family left Friday for Wrightsville, where they will spend some time, enjoying the cool ocean breezes.  
Colonel and Mrs. Asbury Coward, of Orangeburg, S. C., are at Miss Peterson's. Their daughter, Mrs. Brantley, is awaiting the return of her son from service overseas.  
Tryon has an unusual number of summer visitors. One is informed that there is but one empty cottage in town, and many inquiries have been received the last few days, regarding rental property.  
In looking over the damage done to the streets by the recent heavy rain, Mr. Blake tells us that it will take several hundred dollars to put them in passable condition. He has a force of work however, and will repair the damage as soon as possible.  
Major Edward Ballenger, of Atlanta, arrived in Tryon Wednesday to attend his little son who is suffering from an attack of gastritis. The Major has many friends in Tryon his childhood home, who are always glad to welcome him back.  
Sgt. J. D. Beveridge is in the city for a few days before returning to his home in Canada. Since leaving Hendersonville he has suffered with his eyes, almost losing his sight on account of the results of being gassed in the war. After going to Canada he will likely settle in Washington.—Hendersonville News.  
The terrific downpour of rain, accompanied by a high wind, Tuesday, did much damage to crops in Polk county. Corn was blown down and much of it will be lost. Another heavy rain, Wednesday, added to the shame of farmers. Our grape growers are also very much alarmed over the continued rains, causing much rot in the vineyards.  
Rev. J. H. Spaulding, General Manager of the Economy Home for the Motherless Child, of Kings Creek, S. C., passed through Tryon, last Saturday, en route to Mill Spring where he preached at the Methodist church, Sunday. While here he took four orphan children of the late Joseph Edwards to the Home.  
The silk rug given to the Red Cross by the late Mrs. Fanny J. Ricks, was sold at the salvage sale rooms in Denver, to an artist named Walsn, for three hundred dollars. The Tryon Chapter of the Red Cross will probably receive a portion of the price, but as yet there has been no notification of how much.  
We extend our sympathy to our accommodating rural mail carrier, Mr. Lester Wilson, in his troubles. Mrs. Wilson and child are both confined to the hospital at Spartanburg, where Mrs. Wilson was operated on, Wednesday. Such misfortunes are indeed a load to those unfortunate enough to have to carry them, as we know by experience.  
We are in receipt of a letter from Dr. W. W. Gray, from Boothbay Harbor, Maine, in which he says: "I wish I could bottle some of the cool breezes of this delightful place and send them to you people in Tryon. It is nearly 90, and the temperature of my living room is only 60." We forgive you, Doctor, but it's certainly very tantalizing to be told that while the thermometer in Tryon is gallivanting along in the nineties at that hour.

NEW STOCK.  
I have an entirely new stock of undertaking supplies at this time, having recently been burned out. I wish to announce that I am again restocked with medium and high grade caskets.  
F. K. McPARLAND,  
11-22.

THE CONCERT DANCE.  
The concert dance given by the Lanier Club, Thursday evening, was a very pleasant affair, the proceeds, nearly thirty dollars being part of the first payment on the new piano.  
The orchestral number given by Miss Mary Lindsey, Mr. Edwin Lindsey and the Doubledays, was admirable. Full of life, spirit and good cheer.  
Tryon is proud of her young people. Mrs. Boynton was charming, even when she confessed that the wind had been taken out of her sails by a little in the recitation of Whitcomb Riley's "Bear Story." "Now I know," said Mrs. Boynton, "that to do the bear story properly one should have soft light curls and be about ten years of age."  
Another concert is contemplated.

ONE YEARS' RECORD

Resources June 30, 1919	\$158,482
Resources June 30, 1918	63,808
Gain	\$94,674

Over 150 per cent Gain

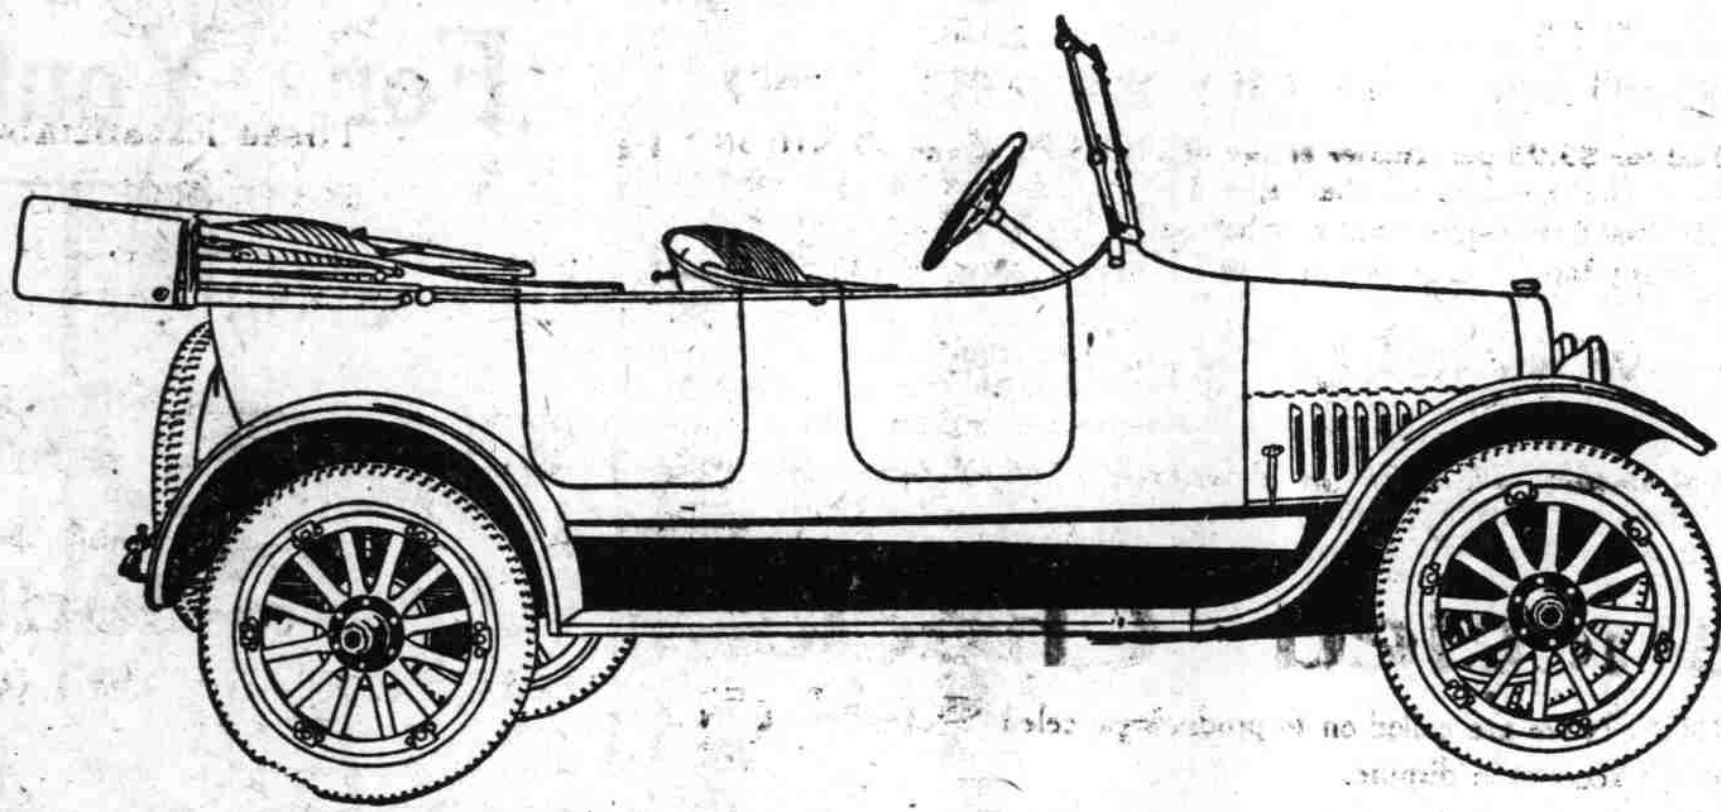

The above record has never been equaled in Polk county. Our stockholder commenting on our last statement says "Its a good job."  
It matters little how this was brought about since it is a fact. The mere exploiting of a modern banking building with up-to-the-minute equipment is just detail. The influence of the officers, directors and stockholders were like Kipling's war ditty about "Everlasting Team Work," had no small part in this glorious result. Good words from satisfied customers contributed immensely and advertising, of course, has played its part.  
It was said at the time of founding this bank, by so called experts, that it could not make good for the reason that the field was not large enough.

They were honest but sadly mistaken. They did not know Polk county's resources. Others said that it could not be a success for divers reasons but their expressions were a wish rather than a prediction. We successfully run the gauntlet of adverse criticism and by-the-way unkind criticism has not ceased.  
Materlinck defined the efficiency and intelligence of the honeybee as "The Spirit of the Hive." Now we are going to tell you the secret of our success and why we have become Polk County's Greatest Bank in two years' time. It is the spirit of this bank. It has been called "friendly." A tourist said: "You have such a homey bank," and it is often said of us that we are accommodating and obliging.

This bank was founded with the central idea of: How can we best serve our friends and customers, so all of these things came about as a result of our plans evolved from this one idea.  
It is our daily thought how to better our service, increase our facilities and better the banking conditions in and around Polk county. On this rock we build.  
How may we serve you? We assure you it is our uppermost desire and our great pleasure to render any service we can whether or not you are a customer of our bank. Put us to the test—try us.  
"By their fruits ye shall know them."
