

Additional Tryon News.

Mr. U. C. Speed transacted business Asheville, Monday.
 Tryon is to have a Chautauqua, September 23, 24, 25.
 W. H. Cannon of Greenville, S. C., is in Tryon, Tuesday.
 A. A. Edwards, of Mill Spring was in Tryon Thursday, on business.
 Rev. Mr. E. L. Shelton, of Mill Spring, was in Tryon, Wednesday.
 Fred Wofford and family visited Hendersonville friends Sunday last.
 Mrs. E. E. Missildine and Misses Eva Missildine were in Sparrowburg Tuesday.
 Miss Mossie Edwards, of Mill Spring Route 1, has accepted a position in the NEWS force.
 Now is a good time to cut some of the weeds on the vacant lots in Tryon. Let them go to seed.
 Misses Ethel and Mattie Lee left Monday for Credmore, where they will attend school this year.
 Mrs. A. L. Hill and children returned home Tuesday, from a visit of several weeks with her parents at Tryon Ia.
 Mrs. Helen Wing, of Castle Park, arrived in Tryon on Wednesday. Many friends here are glad to welcome her back to Tryon.
 The Misses Kilpatrick, who have been the guest of Miss Elizabeth Hester for the past week or so, left their home in St. Augustine, Florida, Friday.
 Salesmen Wanted to solicit orders lubricating oils, greases and paints Salary or commission. Address THE LENOX OIL & PAINT CO., Cleveland, Ohio.
 Who is going to win the gold medal offered by the NEWS to the scholar making the greatest percentage of advancement during the next term of Tryon Graded school?
 Julian Hester, who has been mentioned at Pensacola, Fla., for some time, but who has been touring Louisiana and Texas, arrived here, Wednesday for a visit with home folks.
 For upholstering and furniture repairing at reasonable rates, and work that will give you satisfaction, see me a trial. You will be pleased with the work and prices. Arthur Scruggs.
 School opens next Monday. It is the duty of every parent who has children of school age to see to it that their children are in school the first day, and not only the first day of each succeeding day of the term.
 Mrs. J. T. Hester and her two daughters, Misses Emily and Elizabeth, left Tuesday morning, motoring their home in Mt. Carmel, S. C. They tell us that they were much impressed with Tryon and hope for an early return next summer.
 Mr. F. E. Missildine has installed a glass washing machine at his soda fountain, which not only does the work much better than by the old method, but is quicker and much more sanitary. If there is any improvement that will add to the service of this store that is lacking, you may rest assured it has not been brought to the attention of Mr. Missildine—otherwise it would be there.
 This week we are devoting a good portion of our space to the premium list of our Fair. As this is of interest to every person in Polk county, we feel sure our readers will overlook any shortage of usual reading matter. Be sure and attend the Fair and take with you the best of your products and help to make it one of the best in the State.
 Mrs. F. F. Bacon, Mrs. W. T. Lindsey and Mrs. H. N. Bowne spent Wednesday in Asheville, attending the Womens conference on the National-wide campaign of the Episcopal church. One of the significant factors showing the importance of the campaign is that Mr. Lewis B. Frank, of New York, who was the War Loan organizer for the Liberty drives, has given up his business once more to direct this campaign in the Kingdom of God.
 We are in receipt of a letter from Dr. W. W. Gray, in which he says: "From now on please mail the NEWS to my Tryon address, as some of my family will be there about the 16th. We leave here next week. Mrs. Gray and I expect to arrive in Tryon about October first. We have spent a very cool and pleasant summer here, which would have been delightful if Mrs. Gray had not been very ill a large portion of the time. It is most fortunate that an excellent Marine Hospital is located near here, in which I have spent a great deal of my time, enjoying my work greatly."

Weekly News Letter From Peoples Bank & Trust Co.

TALE OF THE YELLOW SIGNS.

A short while ago we placed a sign on each side of the bank door. The reading matter in black on a yellow background. That they are attractive can not be disputed for we have evidence that would satisfy the most skeptical. To the aestetic person these signs would be condemned. They have caused some comment, favorable and otherwise, all of which proves that they have what advertisers call the "pulling power." "They are gaudy not gay" as the monkey said when he painted the cat a sky-blue. So just to be accommodating, which a customer recently said, is our middle name, we are going to take the offending sign from the building and place there where there will be more perspective.

A speaker in an Asheville Club meeting said that Asheville could not live from climate and scenery alone; that factories must be encouraged to locate there. Rather practical, say you? We think so. A high grade manufacturing plant is of great benefit to any community and gives an opportunity for young men that if it were not there employment would have to be elsewhere thereby taking a good class of citizenship from the community. Well paid factory employees are good consumers, they help in all lines of business, help the farmer, the truck and

fruit grower. With an abundance of power available at an early date we should encourage the location of some factories.

A Polk County citizen from a distance called at the bank recently to make inquiry about depositing some money. He was an elderly gentleman and made excuses for not knowing how to start a bank account. He had never had an account in a bank although he is well-to-do. The deposit was soon made and the transaction explained to him whereupon he remarked "That is very plain and easy." So it is. If you know of any person in Polk County who is not familiar with banking customs tell him of this bank and send him to us. We will take great pleasure in explaining any part of the business that he cares to know.

A checking account with this bank identifies you with the successful people of Polk County. If you are not a depositor now become so at once and get the benefit of modern and efficient service. The most successful people in all lines of activity in Polk County are customers of this bank. We have helped others to become successful, may we help you?

The matter of making a will is a ticklish subject with some folks. They think of undertakers when you mention wills or life insurance.

Might just as well face the issue. The time will come when you should have a will to best conserve your estate, however small it may be. This bank has a trust department and will confer with you about making your will and you will be at no expense or under no obligations. Better talk it over with us.

Do you work and save or work and slave? You will always be a slave to your work unless you can put your work to work for you. You can do this by opening a Savings Account with this bank. You will then be getting a premium for your work for every dollar you save from your labor is a dollar that you can make work for you. We pay 4 per cent compound interest. One dollar will open an account.

It is dangerous to leave money or Liberty Bonds around the house to be stolen or burned. Don't do it. We will give you a Certificate of Deposit for the face value of the bond and will pay you interest at same rate the bond calls for as it becomes due. If not convenient to come to the bank send them by registered mail and we will receipt you by return mail. We are serving a large number of people through the mail and the customers and this bank find it a very satisfactory way to do business.

Statement of the Condition of the CAROLINA STATE BANK of SALUDA, N. C.

At the Close of Business August 28th, 1919.

ASSETS	LIABILITIES
Loans and Discounts.....\$41,063.04	Capital Stock.....\$5,000.00
Overdrafts.....186.08	Surplus Fund.....1,500.00
City of Saluda Bonds.....6,000.00	Undivided Profits.....1,646.49
U. S. and other Stocks and Bonds.....3,650.00	Dividends Not Called for.....16.00
War Saving Stamps.....251.40	Deposits.....67,197.99
Real Estate.....1,551.57	
Furniture and Fixtures.....1,000.00	
Exchanges for Clearing House...220.35	
Cash and Due from Banks...21,438.04	
\$75,360.48	\$75,360.48

The above statement issued at the close of our business year just after the payment of our 8 per cent annual dividend. The past year has been the most profitable in the history of our bank, and we invite your attention to the following comparison of deposits with former years:

1917.....	\$36,165.66
1918.....	53,286.50
1919.....	67,197.99

Our surplus and undivided profits more than cover the investment in real estate and furniture and fixtures. Our banking house, which is a good two story brick building, would easily bring more than the conservative value at which it is carried on our books. We invite your account on the strength of the facilities we offer, and the safety afforded by conservative management.

Purpose in Life.
 Have a purpose in living. Aim to be somebody and to do something, and to know just what it is you mean to be and do. Some people pity those who fall short of their ideals—the inventor who fails, the statesman who is so far in advance of his constituents that he receives censure instead of praise. But these are not the ones who need your sympathy. Save your pity for those who are drifting through life without a goal, who are living without a purpose.

Children's Logic.
 "Do you know," said a little fellow of four years of age, "what I thought dark was? A great, huge live thing, the color of black, with mouth and eyes." Another assured his teacher that the wind was alive, for he heard it whistling in the night.

Don't Forget This.
 According to an English scientist's estimate the world's total annual rainfall amounts to 29,437.4 cubic miles, of which less than one-fourth drains through rivers into the ocean.
