C., 6th and 7th grades; Pearl Keenan, Tryon, 4th and 5th grades; Mary E. Dunn, Raleigh, N. C., 2nd and 3rd grades and Monna Hadley Bloomingdale, Ind., 1st grade. 120 pupils were enrolled Monday morning and about forty or fifty have enrolled since. The outlook for good school year was never brighter, and if we do not have a good school this year it will be no fault of the faculty, but a lack of cooperation on the part of the patrons.

Miss Effie Holden of New York in a letter to her father, Mr. E. G. Holden, in speaking of the Pershing parade in that city says: "The Pershing parade of five hours duration has just finished. I saw him about 11:15 at the head. If he had been made to order for his part he couldn't have looked better. Little old Napoleon would have been dark green at such an ovation and Alexander would have thought his worlds very small potatoes. He touched his cap in military salute constantly but once in a while he lifted his face to the people in the upper windows and roofs. The regiment that followed him was the best military thing I have ever seen. Picked fellows in absolutely perfect alignment and action and yet the whole feeling you had was of their being gentlemen and not warriors—kindly American men dressed to look the part but unwilling to hurt."

The above statement issued at the close of our business year just after the payment of our 8 per cent annual dividend. The past year has been the most profitable in the history of our bank, and we invite your attention to the following comparison of deposits with former years:

1917	\$36,165.66

Our surplus and undivided profits more than cover the investment in real estate and furniture and fixtures. Our banking house, which is a good two story brick building, would easily bring more than the conservative value at which it is carried on our books. We invite your account on the strength of the facilities we offer, and the safety afforded by conservative management.
