

Weekly News Letter From Peoples Bank & Trust Co.

There is no business or profession more exacting than banking. It is a business of infinite details and the work must be done from day to day or the bank is "swamped" in work that is hard to catch up—sort of a treadmill affair. The banker of olden days took his time for he had plenty. He was a crusty individual with ideals of ethics that made men cringe before him. He built a building with several steps to the entrance way to impress the public with the dignity of the place and the countenance of the officers and clerks were as hard as the marble slabs used as money counters. My word, how times have changed. A modern bank would not tolerate a crabbed employee one day. Buildings are now built with a view of best serving the customer and service is now the watch-word of the day.

By-the-by perhaps you do not know that bank employees are the hardest worked with less pay than any other class? They are. The work must be accurate and requires special training and carries with it more responsibility than any business we can call to mind. Folks have a wrong idea about banks. They think what a soft job it is. Open at 9 close at 4. That is as far as they think. The real work is done after closing and before opening hours. A modern bank will have all books posted, an accurate balance on all books and accounts before the employees leave the bank. This work is of such a nature that it requires close concentration. Many a time, because of a difference, employees have been kept in a bank

until 2 o'clock in the morning to find an error that had been made during the day's transactions. The average bank employee puts in more time a day than a plumber and gets a great deal less pay. Moral: Write your own.

We are now starting our Autumn Saving Period. All money deposited in our Savings department up to October 10th, will draw interest at 4 per cent from October 1st. Open a Savings Account in this solid bank and start on the road to financial success. We solicit accounts through the mail where it is not convenient to call at the bank. The mail will bring us your deposit and we will send receipt in the same day's mail. Do this today.

There is much being said about the high cost of living these days. A Tryon gentleman, who travels a great deal related this true incident to a party of men recently. He said he was in a store in a city on one of his trips. That the merchant had just received a case of nice looking ladies shoes that were bought to retail at \$15.00. The merchant had a window nicely draped and placed a foreground of beautiful white velvet upon which he placed a pair of these \$15.00 shoes and put a sales tag on it \$25.00. In less than an hour a "high" headed woman" came down the street, took a look at the shoes, walked right in and bought a pair at \$25.00. The case was bought out in a short time. This is the tendency,

Folks seem to want high prices and as long as there is a want that want will be supplied. Be careful in your purchases. Don't buy only what you need and buy from the home merchant. He is here to stay and will give you the best possible values in these trying times. (Trying to make both ends meet). Don't go to nearby cities and be "sucked in" by the lure of velvet show windows where experts set the stage to "trim" you. Be frugal and saving. Put every dollar you save into this bank and let us pay you interest. A dollar you put in here will be worth two dollars before a great while and that is not long off. Buy only what you must have, let the old suit and the old hat or bonnet do another season. Save and spend wisely, you will have little competition, and in time you will be set apart and be called wise.

A checking account with this bank will number you with Polk County's most successful farmers and business men. We take pride in our customers success and extend every facility to make them successful. We have the resources to extend credit to our customers and it is never withheld to the worthy. Come with us and march on to success with our little army of happy depositors.

A Safety Deposit Box in our solid concrete, steel vestibule door, vault can be had for \$2.00 per year. Rent one and place your valuable papers where they will be safe.

APPLICATION FOR PARDON.
OF BILL NELON.
Application will be made to the
of North Carolina for the
of Bill Nelson, convicted at
September term, 1916, of the Su-
Court of Polk county, for the
of murder, and sentenced to
penitentiary for a term of fifteen
years. All persons who oppose the
of said pardon are invited
forward their protest to the Gov-
without delay.
Sept. 26, 1919.
