Mr. and Mrs. F. P. Bacon returned Friday from Detroit, where they had been to attend the meeting of the Episcopal church. They report a very pleasant trip.

The deposits in Polk County banks from December 1, 1916, to December 1, 1918 shows a substantial increase according to a statement just issued by the War Loan Organization. Individual demand deposits increased \$77,000 or 84.61 per cent, savings deposits have increased \$89,000, or 261.76 per cent, and total deposits increased \$166,000, or 132.80 per cent. Polk stands fifth in this list of North Carolina Counties showing an increase in deposits, a record we may justly feel proud of. The figures given above are the latest available, but there has been a large increase in all classes of deposits in Polk County banks since they were completed.

**SCHOOL NEWS OF TRYON.**

The teachers wish to extend their thanks to the Boy Scouts for their reception, and regardless of the bad weather, a most pleasant time was enjoyed.

The Girls Club gave a box social Tuesday night to raise money for new curtains for the school auditorium and \$24.60 was taken in on the boxes. If everyone took as much interest in the school as the "Girls Club" a great deal would be accomplished.

The High School and Sixth and Seventh grades have organized a Literary Society and will give a very interesting program next Friday afternoon.

**A WELFARE CREED**  
 By Richard Morse in The News Letter University of N. C.

"We believe that true religion is a matter of purpose.

We believe that the purpose of Jesus was to bring in what He called the Kingdom of God, the time when all men shall live together as brothers in justice, righteousness, love, and unselfish service.

We believe that the object of the Christian Church in general is to further this purpose in the world, and the object of the church in this community is to further this purpose in this community and in this state in every possible way.

This church offers you therefore a religion of cooperation. If you want to serve your fellow men come put your shoulder beside ours in this community.

We will begin in practical ways to make this community clean and happy and democratic. We will work with our school teachers, we will work with our county officials, we will work with every man who wants our help in any undertaking for the public good.

We believe in our fellow men, believe that the good in them is stronger than the bad, that they are filled with

infinite capacity for service, that if we give them faith and fellowship, and hope they will give us faith and fellowship and hope in return, that there is no barrier to selfishness or greed or sin but faith and persistence, and that the Golden Rule will at last break down all human barriers.

This religion we offer you as the religion of democracy.—Fear God in Your Own Village."

The foregoing calls to mind the remark of a prominent Tryon business man. He stated that the present and future problems would be solved by a general application of the Golden Rule. The main trouble with applying the Golden Rule is that most of us think it is for the other fellow. The selfishness of most of us so warps the mind that we do not see the other fellow's problems. A writer in a magazine article suggested that each of us try for just one day to live the Golden Rule or in other words to try for one business day to lead a perfect life. He said that the trial would be worth while altho one failed, which of course, he would do. For all to be just a little more charitable, liberal and merciful would accomplish wonders.

Many of our farmer friends

throughout the county are taking advantage of this bank's liberal interest rate to deposit their money with us on Certificates of Deposits. This is a fine form of investment and the money is ready any time you may need it. It draws interest from date of deposit every 60 days. If you have idle money in sums of \$50.00 or over let us issue you a certificate and pay you interest.

Our Savings Department is growing at a very gratifying rate. Many new accounts every week. Sums of \$1.00 or more will open an account and we will pay you four per cent compound interest on \$5.00 or over. Start a Savings Account and deposit a stated sum regularly and in a short time the result will surprise you. Accounts of women and children especially invited. If not convenient to call at the bank send in a deposit by mail. We will receipt you by return mail.

A checking Account with this bank will save you many annoyances and perhaps disputes as to whether or not a bill has been paid. A check is a legal receipt. Then again it is unsafe to have money in one's pocket. Deposit in this strong bank and issue checks—that's business. Thanks.

**RAMPANT RADICALISM WOULD RUIN AND RULE**

When Germany's army of barbarians were almost in sight of Paris, and America and the Allies held their breath under the fearful tension of whether that great city would be looted by this horde of ravages and ravishers the civilization of this country was not in greater danger, probably not so great, as it is today, when the same Hell-inspired forces of evil are at work throughout our land to ravage, to ravish and to loot the country and utterly destroy our Government.

The threat of revolution is heard everywhere. The Radicals and Socialists in high places and in low, twin children of Satan himself are seeking to destroy the Government of this republic and revel in the wild orgies of murder and crime which have brought Russia down into the mire of woe and unspeakable misery. The influences which are at work there were largely vomited from Germany and from Hell, synonymous terms then for the present and for all times to come unless Germany shall be redeemed from the Satanic power which its people have gladly and joyously taken into their bosom.

This is the spirit back of the attacks which are sweeping over the land. Innocent men are being made to do the bidding of the vilest Radicals, Socialists and Bolsheviks that this or any other country has ever known. Such labor unions, are now controlled by Radicalism, are endangering the nation, and it behooves every patri-

otic man, and there are hundreds of thousands of them in labor unions, either to control these organizations for good, or else to come out from among them and stand for the safety of civilization.

The time has come for the teacher and the preacher, the business man and the newspaper, and for everyone who loves not simply America, but who loves human liberty and civilization, to awaken to the seriousness of the struggle which is now before us in the effort of the Radicalism to dominate the country.—Manufacturer's Record.
