With this issue of the NEWS begins the publication of a religious department that will have for its object the bringing of the church of God into the consciousness and lives of the people of the county, through the medium of publicity, and the fostering and encouraging of the church-going habit among our people. While it will be conducted primarily for the benefit of the Columbus and Mill Spring Baptist churches, of which the writer is pastor it will welcome and publish any religious items of interest. The commission of the church is to seek and to save. It must take the initiative. It must get the message before the people. It must win attention and then convince and persuade. Why should I go to church? Why should I stay away? It is for you and me to answer. Columbus Baptist church, Sunday school 10:30. Join our Mothers' class or our Men's class. Preaching services second

THE COPPER CENT

The Government of the United States, in 1835, made an offer of \$1,000 for the most acceptable design to be placed upon the new cent coin soon to be issued. Some Indian chiefs traveled from the Northwest to Washington to visit the Great Father, and then journey to Philadelphia to see the mint, whose chief engraver was James Barton Longrace, who invited them to his house.

The engraver's daughter, Sarah, aged ten, greatly enjoyed the visit of her father's guests, and during the evening, to please her, one of the chiefs took off his feathered helmet and war bonnet and placed it on her head. In the company was an artist, who immediately sketched her and handed the picture to her father. Mr. Longrace, knowing of the competition for a likeness to go upon the cent projected, under the inspiration of the hour resolved to contend for the prize offered by the Government. To his delight the officials accepted it and the face of his daughter appeared upon the coin, which was circulated about the nations for nearly a hundred competitors. The cent bearing the face of Sarah Longrace has gone into more hands than any other American coin.—Ladies Home Journal.

Tomorrow may be too late. Rent a Safe Deposit Box in our solid concrete vault for the protection of your valuables. No one can meddle with the contents of the box for you hold the only keys that will unlock the box and it requires a "Master Key," which the bank holds, to get in the box with your own key so that if you lose a key just notify us and no one can get into the box. The master key will not unlock a box alone. Better drop in and let us show you how they work. Boxes may be rented for \$2.00 up to \$5.00 per year, owing to size. There are just a few boxes left and at the present high costs we will not add additional boxes. Don't delay attend to this today.

One dollar will open an account in our Savings Department and when you have \$5.00 accumulated we will begin to pay interest. This is an easy way to save. Make up your mind that you will try it a while and if you can't get the habit your money is ready for you at any time you want to draw it.

A Certificate of Deposit draws interest from date of issue. We issue them in any sum of \$50.00 or over for as little time as 60 days. Fine investment as the interest rate is liberal and your money is ready for you any time you want it.

As an evidence of quick service a true incident may be related that happened last week. A good customer of ours walked into the bank with high grade collateral and asked for a loan that averaged \$3,200.00. Within five minutes he had his loan without red tape or "the third degree" being administered. This bank helps its customers. It feels that the customer's and its interests are identical.

A bank is not only a place to deposit money as formerly. A modern bank serves its customers in many ways. This bank is constantly studying the needs of its patrons and has every facility that a bank can have and it is a pleasure to serve its customers. There is no task too big for its officers to undertake if it betters the service. Will you join this progressive Polk County institution and make it a bank that we will be proud of. We thought so. We thank you.
