IT'S UP TO YOU:  
Are you a red blooded American?

In the Red Cross museum at National headquarters is a soiled, worn purse. It contains a few hundred francs, less than forty dollars. The chaplain who sent it to the Red Cross wrote:

"Orders had gone out for our men to go over the top at the zero hour. Just before dawn one of the boys put into my hands a purse and said, 'Sir, it's all I got; if I don't come back, give it to the Red Cross. He never came back.'"

picture of that boy giving his last dollar—all he had—to the Red Cross before he went over the top, never to come back. That would be enough. That and the words of President Wilson when he said: "I tell you, my fellow citizens, that the symbol of the Red Cross has come to mean more to the world than it ever meant before. Every time I look at it I feel like taking off my hat as if I had seen a symbol of the world's heart."

So, if you are a real American "have a heart" and give your dollar for 1920. It will do more to help you and your neighbors than any other dollar you ever gave or spent.
