Some Tryon women, with shoes at present prices are disposed to complain of the rough spots along the sidewalks. It is all a part, even if a small one of unsatisfactory conditions everywhere.

Weekly News Letter From Peoples Bank & Trust Co.

Making a banking connection is a matter of great importance. Many a person's success can be dated from the right banking connection. The banker oft times decides the failure or success of an undertaking. In selecting your banking house one thing above all others, should be kept in mind. Suppose the time should come that you would need money. Frequently a loan promptly made would tide you over some rough place in your affairs or may help save you from financial ruin. When that time comes you want to feel that your bank is your friend, that it will see you through. This bank takes care of its customers. Its officers are alert and on the job in the matter of credits as well as all other departments. Loans are passed upon the same day application is made, in most cases within the hour. Service and promptness are the watchwords. You are not getting a complete bank service unless you do business with this, Polk County's Greatest Bank.

We have a customer in far away Colorado who sends us time deposits frequently, knowing that we will have the money ready when it is needed. Confidence makes the bank-

ing business what it is today. Confidence in the officers and the bank's ability to make good. This bank has made a wonderful record. Its business has shown a steady increase from its organization until now it is the foremost bank in the county. Within the last month its business has materially increased, in one day the past week six new checking and three saving accounts were opened "Nothing succeeds like success."

Our mail service takes in a great deal of territory and we are amply prepared to take care of our mail customers. We have customers from New York to Southern Florida and as far west as Colorado. We serve one customer in New York City in our Checking Department, who has been with us for over two years. Open an account with us, if you live at a distance, and see how well we can serve you with Uncle Sam's mail.

Wise investors are taking advantage of our liberal interest terms to invest in our Certificates of Deposits. This department is having a very hearty growth, showing over 100 per cent increase in the last year. A Certificate may be taken out for as

short a time as 60 days and they are issued in sums from \$50.00 and upwards. If you have idle funds invest in one of these Certificates where you know your money is absolutely safe and ready for you when you want it. Call or write for full particulars.

The writer of these preachment was presented with a gold coin of no little value as an appreciation for service rendered a good customer. Of course the gift was promptly refused on the ground that the services rendered were paid for in the form of salary by the bank, but the customer insisted so the gift was divided into savings accounts for the officer's children and set aside as the beginning of an educational fund. Why not open an account for each of the children? You will want them to have a good education so that they will be well equipped for life's battles. Begin now with the fund and add to it as fast as you can. Take our word for it that it will grow beyond your expectations when compound interest gets in its work. This bank pays four per cent compounded quarterly. We will be here every business day waiting for you to open that account. One dollar will do the trick. Many thanks.

deed be hard to improve upon. Miss Emma McFarland is in charge of this department and ladies will find her always ready to help them in their wants in this line. In fact this store would be a credit to a town many times larger than Tryon and Mr. Missildine is to be commended upon his enterprise in giving us such an institution as he conducts.

Miss Edith Thurston writes Tryon friends that her mother's and her own journey to Cuba, was very comfortable, and at times delightful. The one-night voyage from Key West to Havana was calm and soothing to both. Plenty of work in her cousin's school in Vevado, the Havana suburb, was in readiness for her. Both her mother and herself are much impressed with the beauty of the city and the pleasant manners, ready hospitality, intelligence and cultivation of the Cuban people—especially the women they have met.

Almost any complication even in simple domestic affairs can happen nowadays. Mrs. Susan Wilson recently opening a package of rugs she bought in Charleston last spring, found them not in the least those she had chosen. She sent them back and in exchange received some smaller ones of exactly the same objectional pattern. She also sent her check for a Charleston paper and received her letter back from the Government warehouse for the sale of army goods just opposite the postoffice with the information that the letter was opened by mistake, but the check must be certified anyhow. Everybody is getting convinced that it's a crazy old world, no matter where you happen to be living on it.

TRYON GIRL MARRIED.

A pretty home wedding was solemnized yesterday afternoon at

o'clock at the home of Mrs. T. L. Bramlett, 41 Vance street, when Miss Janet Jackson and Mr. F. H. Snipes, were united in marriage. Rev. Dr. W. Powell, pastor of the First Baptist church officiated in the presence of sixty or more invited guests. The lower floor of the house was charmingly decorated with quantities of white chrysanthemums and plants. The vows were spoken in the drawing room, before an improvised altar arranged with chrysanthemums and evergreens. On each side were placed three crystal candle sticks, holding lighted tapers. Mrs. George Thompson accompanied Mrs. E. L. Wolslagel violinist, on the piano rendering the wedding music. Previous to the ceremony Mr. Frank Hill sang "Until." Little Miss Frances Powell, daughter of Rev. Dr. and Mrs. W. F. Powell wearing a dainty ruffy frock of white organdy, was the small ring bearer. The bride wore a handsome traveling suit of blue silvertone with a small blue hat and a corsage bouquet of bride's roses. Her only ornament was a string of pearls the gift of the groom. Immediately afterwards there was an informal reception in the dining room; where the bride's cake was placed on the beautifully appointed round table, a decorative note of chrysanthemums was also used. The cutting of the cake proved most interesting. The button was found by Mrs. J. W. Neely, Miss Ruth Neely got the dime and Miss Margaret Hobbs found the ring. Assisting in serving the guests were Mrs. E. L. Snipes and Miss Kate Hudson. Mrs. Snipes is the daughter of Mr. and Mrs. James Jackson, of Tryon, and is well known in Asheville.
