

Keep the egg-yield up as mercury goes down

Hens that pay are hens that lay winter and summer. Poultry raisers estimate that an egg in winter is worth double its value in the spring. You can get maximum winter results from your hens by feeding

Purina Chicken Chowder with Purina Scratch Feed

—the perfect balance for laying hens. Hens fed grain alone make excess yolks, which cannot be laid. Notice the unladen yolks in the next fat hen you dress. Corn, oats, barley, wheat, etc., are yolk-forming and fattening feeds, and should be balanced with high protein ingredients to produce as many whites as yolks. Purina Chicken Chowder contains such white-forming ingredients as granulated meat, linseed meal, alfalfa flour, etc., that balance the grains in Purina Scratch Feed. When Purina Chicken Chowder is fed as directed with Purina Scratch Feed, we guarantee

Rainfall in Bombay.
Bombay averages more than 72 inches of rain a year and gets most of it within four or five months.

How It Generally Works.
After saying, "I don't want to find fault," the average man proceeds to pick a flaw.

Good Advice.
Double the crop to the acre and halve the cost.—Dr. Seaman A. Knapp.

Light Reading.
"Do you think there is such a thing as mind reading?" "Yes," replied Miss Cayenne. "But in so many cases it would be such a waste of time!"

WHEN OUR EYES ARE OPENED.

Collectively speaking, the American eye is slowly closing to the path of honor, and right, and justice.

To the one of greed, it is a flaming magnet which seeks to draw everything of value within its grasping folds.

The insane desire to get rich quickly has deadened the pulse of the nation, until civic and commercial virtue possess about the potency of a long dead jellyfish.

This is especially true since the country plunged headlong into a sea of wild speculating and profiteering following our entry into the war.

Time was when we acknowledged that all men had rights which were to be considered and respected.

But today most men accord them only such as do not interfere with their own selfish ends.

The craving for gold and its resultant power is destroying the refined sensibilities of mankind until the whole country is becoming debauched by the curse of the yellow metal.

But some day our eyes will be opened—suddenly, rudely and relentlessly.

We will face internal conditions the like of which no loyal American has yet dreamed.

If the trend continues downward, the soul of American manhood will be wallowing in the mire of insatiate greed and debauchery, from which only the most courageous will ever emerge in any semblance of honor and purity in this life.

Our government will face the task of restoring law and order in the midst of bedlam and a wholesale disregard of human rights.

The editors of the country press, whose convictions are never smothered under the muzzle of corporate greed, have long warned Washington of the ever increasing tide flowing only towards destruction, and they are sounding a fresh warning today.

Shall this warning be heeded? Or will the government and the congress just pussyfoot along until the proud head of the American eagle is lowered to the level of the buzzard?

Today this warning may sound pessimistic. Tomorrow it will be prophetic.

Mortgage Lifters and Prosperity Makers for the Farmers

The above picture represents the lot of Hampshires that won two out of three first prizes in the car lots, and grand champion over all breeds. They sold for from \$1.50 to \$3.00 per hundred higher than any other hogs, and averaged selling for a higher price than the tip top price realized for any single car of any other breed at the International, recently held. This is the breed adopted by our Hampshire Swine Breeders Association, and we believe, if properly handled, will be money makers for our growers.
