Expressions That Are Sectional.
 "I guess" betrays the New Englander as unerring; as the "I reckon" of the southerner. "Rugged" in the sense of vigorous and robust is purely colloquial in New England, and in Rhode Island its meaning is extended beyond its application to the health of an individual. It is used here negatively to indicate weakness. "What kinder keards be ye holdin', Si?" inquired a player of his partner. "Wall, Josh, they hain't very rugged," was the reply.

Peoples Bank & Trust Co's. Weekly Letter

The Tryon Community Fair was a revelation to many of our residents. The exhibits were many and varied. The promoters deserve great credit for their efforts as it took a vast amount of work. Long live the community fair.
 Robbers and burglars are reaping a rich harvest in the nearby towns. Don't leave money, bonds or other valuables in your home or in the ordinary fireproof safe. Deposit your money in this strong bank. We will also take care of your bonds without charge. If you have other valuables rent a safe deposit box in our vault. We have taken every precaution to protect your valuables. We have a Manganese Steel, Double Time Lock, money safe. Our vault doors are extra heavy and we have recently added the Anakin Burglar Proof locks to each of our vault doors. These locks have kept yeggmen from entering vaults in many places. We will be glad to have you consult with us, and inspect our equipment.
 If you have non-productive funds we will pay you a liberal interest rate on our Certificates of Deposit and your money will be ready for you any time you want it. These Certificates are issued in \$50.00 and upwards and begin drawing interest the day issued. Feel free to talk with us about this gilt edge form of investment.
 We have often cautioned our folks about buying promotion stocks or trading perfectly good bonds for wildcat stocks. Don't buy or trade for any stock without first consulting your banker. Many wildcat propositions are being marketed and our people should be on guard.
 The readjustment period is happily passing thru the perilous stage and without any signs of a panic. As was predicted a dollar will be worth a hundred cents before a great while. Save your dollar today and watch them grow in value. We will help you and moreover we will encourage you by paying interest on your savings. An account may be opened for as little a sum as one dollar and deposits may be made as often as desired for one dollar or more. We will be very glad to have you call at the bank or send us your deposit by mail. We are serving patrons from far away Colorado, New York and Cuba.
 A checking account in this bank identifies you with the county's most successful people and gives you a standing abroad when you send your check. We invite your account and assure you the last word in service. Further deponent sayeth not.

What Fordson Owners Say

During the past year Fordson Farm Tractors have demonstrated that they are the World's Leading Farm Tractor. Over 150,000 users testify to this fact. The Fordson is revolutionizing farming.

The Fordson is being used as tractors have never been used before, and for every purpose imaginable---plowing, discing, harrowing, haying, harvesting, threshing, filling silos, sawing wood, dragging and grading roads, logging, saw mills and many other jobs.

Read What a few of our Tractor Owners have to say

Have had my Tractor 6 months. Have ploughed, disced, sawed wood, threshed wheat, hauled guano. I am pleased with its work and would not be without it. W. T. HEAD, Campobello, S. C.
 Have used Fordson for 2 years. Have used it for various purposes on farm, threshing and general farm work, with satisfactory results. Was first to introduce Fordson in Polk county. E. B. LANCASTER, Fingerville, S. C., R. 1.
 Have had my Tractor 6 weeks. Have used it for dragging logs with satisfaction. Bought it mainly to market lumber and general farm work; which I know it will do. L. R. ROACH, Fingerville, S. C., R. 1.
 Bought my Tractor last December. Broke up and disced all my land last spring, and owing to the late rainy spring, I don't see how I could have gotten my crop in without it. Have used it for road work. Like the Tractor and well pleased with its work. CHAS. W. DAVIS, Fingerville, S. C., R. 1.

Thousands of farmers now ordering their outfits. Place your order today and be sure of early delivery.

LOOK INTO THE FUTURE

J Pierpont Morgan was a big money maker, because of his big vision —because he never allowed himself to be blinded by the things close at hand. He often said:
 "Every man will go broke who is a persistent bear on the future of this great United States of ours."

This Bank holds an Optimistic View of the Future

We believe in the institutions of this town and community, and we are anxious to support financially any worthy enterprise.
