How Gasoline Destroys.

The bureau of biological survey says that practically all insect life obtains its supply of oxygen through little holes in the body. When such oily substances as gasoline come in direct contact with these pests it is impossible for them to breathe, and death shortly ensues.

Cradle Boards.

There are nine different kinds of cradle boards used by the various tribes of North American Indians. The Eskimos did not use such a board. The baby was wrapped in the hood of the mother's fur coat. In the most southern tribes the baby was merely bound to the mother's back by a strip of cloth long enough to hold it.

SAVED HIS HORSE

ORCHARDS

In Polk County will pay if properly cared for

The land on which Overbrook Orchard was planted cost only \$10.00 per acre. When orchard was in bearing it brought \$250.00 per acre. Today it is for sale at a bargain. There are good buildings, in good repair; all the tools necessary to work it, including new Power Sprayer. It has 1,600 fruit trees in good condition. If you want a fine home and pleasant and profitable work this is the place.

Have another orchard of 2,200 trees in Buncombe county that will make as good orchard as Overbrook within 5 years. Only \$8,000.00 on easy terms.
