What Mrs. Brenenger, of New York, Says About Rat Poison

"Tried preparations that kill rats, but RAT-SNAP is the only one that prevents disagreeable odors after killing. Also like RAT-SNAP because it comes in handy cakes, no mixing with other food. You don't have to dirty your hands, it's the best for household use." Try RAT-SNAP. Three sizes. 35c, 65c, \$1.25. Sold and guaranteed by E. E. Missildine & Carolina Hardware Co., Tryon, N. C.

Aboline

The beautiful fall weather which we have been enjoying so much has gone and we farmers are now wondering why we did not make hay while the sun shined. However we have harvested the greater part of our cotton crop, and have nothing much to do but spend the money we received for it.

Green River school opened this time in a new up-to-date building. We congratulate ourselves on having such a nice building, also on having three good teachers who are working to make Green River school the best in the county. We hope their efforts will not be in vain and that the time will soon come when we will have a real high school.

A most beautiful birthday party was given last Monday evening by Miss Mamie Cantrell, in honor of Miss Armenia Searcy. Quite a few friends were invited and all report a most delightful time. Many interesting games were played and after that they disposed of what a powerful cake! and all that goes to make such occasions pleasant followed.

On account of sickness in C. W. Davis' family his daughter Miss Annie came home from Union Mills where she has been in school for some time. She will attend Hillcrest Institute when possible.

Wanted:—Fifty basket makers at once. Mountain Industries, Tryon, N. C.

THERE'S A REASON

For the law that requires banks throughout the United States to print, at stated intervals, full and complete and accurate statements of their resources and liabilities. The reason is not that the officials of the State or the Nation shall be thus given an insight into the financial conditions of the bank, for the Government Bank Officials make their investigations before the statement is prepared. They go into the bank's affairs with the most minute care, examine all of the notes and securities due the bank and carefully scrutinize the assets, and are convinced that the affairs

of the bank are in first-class condition, else the statement could not be prepared.

THE BANK'S STATEMENT

Is given to the public so that the public may see for itself just the condition of the institution. The amount of deposits, the amount of money borrowed by the bank on time loans, the amount deposited by savings depositors, all are shown. Also all the bank's resources are shown, so that any man may read the statement and know just the condition of the bank.

OUR STATEMENT APPEARS IN THIS ISSUE.

Read it and then come in and let us talk investment with you. We recommend safest investments that pay fair rates of interest.
