**What Tryon Needs.**

To the Editor of the Polk County News:

There are probably several Tryon residents who have small financial or commercial interest in Tryon's growth and prosperity, yet enough public spirit to wish for and aid them. Besides any improvements from pure water to good highways and sidewalks promote both personal comfort and the city's welfare.

Judging from the complaints of our visitors Tryon needs good streets, sidewalks, woodpaths and resting places that face mountain scenery. They especially condemn the sidewalks and the absence of crosswalks. Last winter on the Godshaw Hill sidewalk, not far from the Railroad track, I saw two elderly women trip and fall, over dead protruding treeroots, that are stumblingblocks to the unwary. One was badly enough hurt, to express her candid opinion of town authorities so indifferent to pedestrian comfort and safety, and what she would do with her vote, were she a citizen.

Inasmuch as the city has the use of the railroad right of way for a sidewalk, it is its duty, not the railroad's, to fill up the mud-holes which get a "cussin" out after every rain and thaw. There is also some complaint of the absence of street signs—surprised to residents, but very convenient to strangers.

These are easy grievances to remedy as compared at least to a water supply, a telephone, and electric plant, but if attended to they would speedily increase Tryon's attractions and its tourist population, and a larger percentage of it becoming resident.

In fact there is little reason why Tryon should not become one of the most popular and frequented of the smaller southern resorts. But it will not be made so merely by "talking it over" now and again. E. G. HOLDEN.

**Streets and Sidewalks.**

As stated last week the town officials at their last meeting after going over a lot of data and discussing pro and con decided to have a public meeting in the near future, or in other words, just as soon as information can be gotten from the state highway commission, as to their paving the highway, from state line, to Columbus.

As this highway is our principal street and its paving by the state will save the town about \$30,000. Now the streets agreed on as needing paving first, are as follows:

- 1st. Beginning at the spring or thereabouts on the Landrum road and going to the bridge at the old mercerizing plant.
- 2nd. Beginning at the railroad crossing and to top of hill and thence Melrose Ave. to turn beyond Bacon's residence.
- 3rd. Beginning at railroad and going up Godshall Hill to top of hill.
- 4th. Beginning at intersection near school house and going out beyond Dr. Grady's residence.
- 5th. Beginning at Trade Street and going down past City Hall to beyond G. E. Bell's residence.

All streets to have a four foot sidewalk on one side with exception of Melrose Ave., and probably a part of Godshaw Hill to have sidewalks on both sides. Streets to be 20 ft. wide of asphalt laid on a 6 concrete foundation estimates on this work with last year's prices as a basis was around \$130,000 so you can see with the state paying the main street, and prices down from 1-4 to 1-3 by the time work

could be started it wont cost us very much to have as fine streets as any town in the country. Think it over, and lets put our town on the map. Tax Payer.

**American Shrub Appreciated.**

One American shrub which has been received with great appreciation in England, and which grows well there, is the gorgeous flame azalea, called by the botanists azalea calendulaceum. This plant was sent to Europe many years ago, and perhaps is not grown so widely now as it has been in the past, owing to the great influx of rhododendron varieties.

**Shock Frequently Does Good.**

Keep fear out of your system, but don't be troubled at a little fright. Anything in the nature of a shock or a jolt is helpful if it doesn't come too late. It is the only way that three-quarters of the inhabitants of this earth can ever be made to realize the necessity of doing what is in them to do.—John Blake in Chicago Daily News.

Some wrong food at the right moment, as early mother knows, may have a beneficial effect on the child's mental condition which will be felt long after the child's whole life. See Mothers' Magazine.

**A bird like this makes a model husband**

**HER NICE new husband.**

STEPPE<sup>D</sup> OUT of the house.  
WHISTLING LIKE a bird.  
WHICH ALARME<sup>D</sup> young wife.  
ESPECIALLY WHEN.  
SHE FOUND she'd picked  
THE WRONG package.  
AND INSTEAD of oatmeal,  
HAD GIVEN her birdseed.  
BUT DON'T think from this,  
THAT EVERY day,  
YOU HEAR whistling.  
HAS NECESSARILY,  
BEEN ROBBING the canary.  
OTHER THINGS inspire.  
THE ALMOST human male.  
TO BLOW through his lips.  
AND MAKE shrill noises.  
A RAISE, for example.  
OR A day off when.  
A DOUBLE header is on.

**OR AN everyday thing.**

LIKE A good drag.  
ON ONE of those smokes,  
THAT SATISFY.  
WHICH CERTAINLY are,  
THE REAL birdseed,  
FOR MAKING men  
TRILL THEIR pipes for joy,  
SO LADIES, if hubby,  
GOES AWAY whistling,  
YOU NEEDN'T worry,  
ALL'S SWELL.

WHEN you say that Chesterfields "satisfy," you're whistling. You know—the instant you light one—that the tobaccos in it are of prime selection, both Turkish and Domestic. And the blend—well, you never tasted such smoothness and full-flavored body! No wonder the "satisfy-blend" is kept secret. It can't be copied.

Did you know about the Chesterfield package of 10?
