Township Finals in Better
Biscuit Campaign.

Beginning last Tuesday afternoon at Columbus and closing Saturday at Saluda the township finals in the Better Biscuit Campaign were held. In this campaign there are three outstanding facts that have been clearly demonstrated. In the first place, the teachers in all the schools of the county, with only three exceptions, have shown that they are really interested in the development of the boys and the girls and in the welfare of the community, by giving their extra time to help make this better bread project a success. I personally, appreciate this splendid spirit of helpful cooperation that our teachers have manifested.

In the second place; there has been such a fine spirit shown both by the boys and girls, and by the men and women in this work. The people of the respective communities have learned to know each other better by actually striking shoulders with each other and competing in a friendly way for the various prizes which were offered. When the prizes were awarded all seemed to rejoice together in the general success, as well as in the personal successful prize.

In the third place: the ability, untiring and skillful work of our Home Demonstration Agent, Miss Padgett, has been conclusively shown. There are several factors that have contributed to the splendid success of this campaign, but without the Home Agent all these other factors could not have functioned. We can not estimate in dollars and cents the true worth of this undertaking. Its value can only be determined in terms of better living and in the execution of that practical life knowledge that makes possible strong minds and sweet spirits in strong well developed bodies.

E. W. S. COBB,
County Supt.
