The Lucille \$9

The spirit of Spring lurks in the lines and designs of our new feminine footwear. Its distinction is unique, but confined to the simplicity of good taste.

The above cut nearly represents a new small tongue pump received by today's express. Made of a beautiful quality black satin, turn sole and new Spanish heel. Truly an aristocrat.

FERTILIZER!

We now have our warehouse stocked with Commercial Fertilizer for all kinds of crops.

Customers will seldom, if ever, be dissatisfied by not getting a load when they come or send for it, as we will carry a large stock throughout this season. In fact we have a few tons on hand today, and have planned to have a car of fertilizer to arrive each second day during the month of February.

There are many brands of good fertilizers, but we believe we have a line of goods that has no superior. If you have never tried our High Grade Planters' goods--try it this year. It runs high in Organic matter, thus contains much available plant food.
