Still Lower Hauling Costs

are open to every line of business because of the present price on the Ford One-ton Truck. This dependable form of motor delivery is in general use wherever hauling at low cost and good speed is essential.

Original installation in your service costs so little and the subsequent saving in delivery cost is so great that further delay in putting a Ford One-ton Truck to work is needless extravagance.

List your order at once—a small down payment—convenient, easy terms.

*Ford prices have never been so low
Ford quality has never been so high*

The New Way is the Right Way

We are not after taking from any honest woman the means of making a living. Our idea in putting in the New Way machinery was, to equip our plant to such an extent that we could do the family wash under sanitary conditions, of the most exacting kind at prices which would be reasonable and not greater, on the average, than those charged by the wash women. We believe most people will see the advantages to be gained under the New Way system. It is a business proposition with us—but it's more than a business proposition with you. You must consider health and efficiency.

We invite you to inspect every phase of the New Way method and satisfy yourself as to who should do your washing. We believe the New Way is the right way. Our plant is open for inspection and you will be a welcome visitor.

Ask the driver or phone us for information about the family wash.
