

APPEAL TO POLK COUNTY HOUSEWIVES.

Appeal to all housewives of Polk county to send their discarded winter clothes to the Near East Relief was made this week by E. W. Dedmond of Columbus, county clothing chairman for this great humanitarian organization.

Mr. Dedmond points out that while we are discarding our winter clothing we can save human lives by sending it to the Near East Relief instead of putting it away in the attic or closer to provide a breeding ground for moths. Most counties of North Carolina have just finished their financial campaign and the state is reported nearly over the top in this respect.

Dr. E. C. Brooks, state superintendent of education, is clothing chairman for the present drive and has the active assistance of Josephus Daniels, honorary state chairman and Col. George H. Bellamy state chairman. Gov. Morrison has issued a proclamation declaring May 1st Bundle Day and asking all True Tarheels to send a bundle of warm clothing to the Near East Relief.

Many school teachers of this county, at the request of Dr. Brooks, have organized their classes into a corps for collecting discarded clothing in their respective communities. Clothing can be turned over to Dr. Dedmond or sent to the Near East Relief clothing warehouse at Raleigh.

Polk county's goal is 300 pounds of clothing in which there is still some wear. Palm beach suits, straw hats and summer clothing cannot be used as the climate in Armenia, closely approximates our New England states. Many children and adults were found last winter who had dragged themselves for miles suffering from acute rheumatism simply for lack of clothing.

UNCLE JOHN'S JOSH

You're right Martha when you say there's a mighty fine line between contentment and laziness!

A Sensitive Sole

Colored Rookie—"I'd lakh to have a new pair of shoes, suh," worn out!"

Colored Rookie—"Worn out! Man, the bottoms of mah shoes are so thin that ah can step on a dime and tell whether it's heads or tails."—Dyergrams.

Man is like a track—if he has a good head on him and is pointed in the right direction, but even though he is driven, he can only go as far as his head will let him.—Hello.

A Promise

It was Irwin S. Cobb who remarked that when a man used to reach back under his coat tail it was a threat; now now it is a promise.—Dyergrams.

His first year out of College, a young farmer of Nash County made \$21.80 clear last year on a rented farm. Another in Sampson County made enough money to purchase and pay for a 100-hive apairy worth \$1,000 and still another in Pender County made \$1750 net from his farm. These men are above the \$300-income men because of college training and they will get better as they gain experience.

Nearly one-third of the farm problems being studied by the scientists of the United States relate to field crops, soils and fertilizers. The study of plant nutrition is one of the oldest forms of investigation says Dr. B. W. Kilgore.
