

MANY WOMEN AVOID OPERATIONS

Through the Use of Lydia E. Pinkham's Vegetable Compound

Two Interesting Cases

Some female troubles may through neglect reach a stage when an operation is necessary. But most of the common ailments are not the surgical ones; they are not caused by serious displacements, tumors or growths, although the symptoms may appear the same. When disturbing ailments first appear, take Lydia E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious troubles. Many letters have been received from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after operations have been advised by attending physicians.

Mrs. Edwards Avoids Operation
Wilson, N. C.—“For about a year I was not able to do anything, not even my housework, because of the pains in my sides and the bearing-down pains. I could only lie around the house. The doctor said nothing but an operation would help me, but I tried different medicines which did

no good, until my sister insisted on my trying Lydia E. Pinkham's Vegetable Compound. She said there was nothing like it. I know that she was right, for I began to improve with the first bottle and it has done me more good than anything else. I am able now to do anything on the farm or in my home and I recommend it to my friends.”—LILLIE EDWARDS, R.F.D. 3, Box 44, Wilson, N. C.

Another Operation Avoided
Akron, Ohio.—“I can never praise Lydia E. Pinkham's Vegetable Compound too highly for what it has done for me. I had such pains and weakness that the doctor told me nothing but an operation would help me. But my mother had taken the Vegetable Compound and she told me what it had done for her, and so I took it and I am glad to tell every one that it made me a strong woman, and I have had two children since then.”—Mrs. R. G. WESTOVER, 325 Grant Street, Akron, Ohio.

This Little One Had Colic for Three Months

"My baby suffered from colic for three months and I was afraid I was going to lose her," writes Mrs. A. J. Tolbert, of Holley, Fla., "but she soon got over it when I gave her Teethina, and now I will never be without it, for I give it to both my little ones and it keeps them well."

Colic is a very common complaint with babies and if not corrected in time often leads to more serious disturbances. Teethina corrects baby's indigestion, relieves distress due to an overloaded stomach, cleans out the bowels and regulates the system.

Teethina can be had at any drug store or send 30c to the Moffett Laboratories, Columbus, Ga., and receive a large package and a free copy of Moffett's Illustrated Baby Book.—(Advertisement.)

Of the Earth Earthy.
The lady had just lost her husband and had gone to a summer hotel to rest. She often dreamed of her husband and she would sometimes get up in the middle of the night to see if he wasn't walking about. Any little disturbance caused her to be frightened. One night mysterious raps were heard on the wall of the summer hotel.

"Great goodness," cried the frightened woman in room 13. "I wonder if that could be my departed husband?"

"No," growled the man in room 14. "It's the people on the other floors killing mosquitoes with their slippers."

Spats and Old Boots.
"He was wearing spats," said a witness of a man he had described as "respectable."

"Are spats a sign of respectability?" asked Mr. Lankester, the magistrate. "They are often used to conceal old boots."—London Tit-Bits.

Accessories Are Important;

Hat and Scarf Sets Stay

STYLES in clothes may come and go, making transitions from one extreme to another, but accessories of dress—the fans, combs, earrings, and jewels that tone up dress for women, and harmonize it with different backgrounds, seem to be less susceptible to change than other things. Novelties that appear in accessories are added to the store of feminine knick-knacks that every woman appears to gather about her and cherishes whether their money value is great or small.

Hence the ostrich fan, tortoise shell comb and drop earrings of an earlier

shall be, but fine white crystal and good strands of pearls are worn with everything.

A number of novelty fabrics more or less furry and cozy looking have been brought out this fall; to be used in making the popular hat-and-scarf sets that appear to have come to stay. The familiar angora, chinchilla and astrakhan cloths are supplemented by these new weaves and give opportunity for much greater diversity in these matched sets. It will widen their sales. Every woman appears to want "something different"—that is, just a little different from the belong-

day are still fashionable in the present year of grace. In fact, old-fashioned jewelry of all descriptions is staging a spectacular comeback—if it is sufficiently old. Many old designs have reappeared in modern jewelry and the effect they give is quaint and charming. This is particularly true of the combination of diamonds with jet, in brooches, chains and earrings, which has reappeared in rhinestone and onyx.

The young lady in the picture is wearing earrings of an old design. Her comb is golden shell, to match the blonde of her hair. The ostrich

ings of her sister women—and so, like the Athenians, we are always running around after something new.

At the right of the illustration given here one of the prettiest of these novelty fabrics appears in a hat and scarf that are sure to make a conquest wherever they are shown. The fabric is woven with a square mesh having a crossbar in contrasting color, and it invites decorations of yarn. Quaint yarn flowers in several colors appear on the hat and scarf and the latter is finished with a deep fringe of yarn. Every needlewoman will appreciate the possibilities of adornment which

fan is also in a color that harmonizes with the color of her gown and bracelet shown is of white vegetable ivory. It is very prettily set with brilliants.

In accessories for less formal wear there is a fad for "tinkle bracelets" of thin glass made in all sorts of brilliant colors. Several of these are worn on the wrist at the same time and the faint music of their clashing gives them their name. A brand new idea in swagger sticks has recently come out. These sticks are made of a composition resembling celluloid and come in all colors. Generally they have tips and heads of gold or silver, or they may be finished with the same substance in a different color.

Bead necklaces are still the most popular item in costume jewelry and just now topaz-colored glass heads appear to lie in every woman's mind as more to be desired than any others. These red-brown tones harmonize with all the colors most fashionable for dresses and suits, and lighter tones ranging into amber, share their popularity. The color of the costume dictates what that of the necklace

this particular cloth offers and the opportunity for the display of individual taste in the matter of embellishments.

A hat of chinchilla cloth with wing trimming of angora is shown at the left, and scarfs to match either of these fabrics are made. But one of the new knitted scarfs is shown—a smart and comfortable affair having knitted ornaments and yarn tassels at the gathered ends. It bears a plain tweed tailored suit company and together they proclaim their fitness for crisp autumn days. All street clothes are so flavored with sports styles that these matched sets belong as much in the street as in the sports class. They have a cheerful aspect and we shall meet them everywhere.

Women who are adept at knitting and crocheting, make the scarf-and-hat or sweater-and-hat sets for themselves.

Alabama Mayor Out With Strong Facts

Judge G. W. Thomason, Mayor of Tarrant City, Alabama, widely known and highly esteemed pioneer citizen, recently gave his unqualified endorsement to the Tanlac treatment.

"Chronic indigestion brought me to the verge of a general breakdown three years ago," said Judge Thomason, "and nothing seemed to afford much relief. I was eating scarcely enough to keep going on, and food stayed in my stomach like a rock, causing pain and extreme nervousness.

Sleep was often impossible, and I gradually weakened so I could hardly attend to my office duties.

"The first bottle of Tanlac improved me wonderfully, and each successive bottle gave added impetus to my returning strength. I felt ten years younger when I finished the sixth bottle a short time later. Tanlac gave me new zest in life that still remains with me."

Tanlac is for sale by all good druggists.

Lots of perfectly useless lessons are learned in the school of experience.

Important to All Women
Readers of This Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer pain in the back, headache and loss of ambition.

Poor health makes you nervous, irritable and maybe despondent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine, will do for them. By enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., you may receive sample size bottle by parcel post. You can purchase medium and large size bottles at all drug stores.—Advertisement.
