**Out of Doors Wear**

The style of a garment for sport wear depends largely on the personality of the wearer. The same is true in shoes, for all women cannot wear same style shoes even for sport wear. That's where Mimnaugh's wide and varied assortment and Mimnaugh's service comes in. We study both your feet and your personality and give you the style and fit that you should have.

**For Afternoon Affairs**

Women's footwear for afternoon social occasions naturally is the lighter and more airy character. Strap patterns with dainty cutouts and slashes will be the outstanding style but beautiful patterns with front or side going will be in high favor. Satin Suede and Patent Leather will be the prevailing materials.

**Fashions for Street Wear**

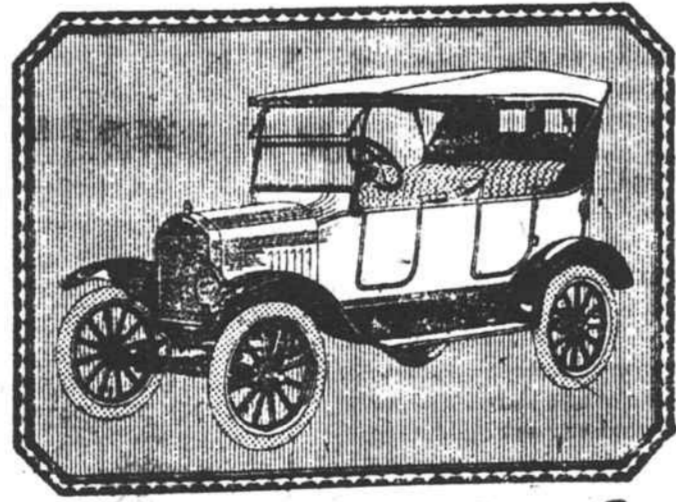

Both Oxford and Strap effects and the new gore patterns will be much favored. Kid, Calf, Suede, Buck, and Patent Leathers are all very popular. Comfort is a prime factor in street shoes. Here again Mimnaugh's assortment and service come into play; for we have selected shoes of rightly shaped lasts and rightly made from all the factories in the land.

**New Touring Car**

Looking at the new touring car from the side, you are at once favorably impressed with the effect of longer, more graceful lines secured by enlarging the cowl and raising the radiator

Slanting windshield and one-man top lend material aid in giving the entire car a lower, more stylish appearance.

An apron connecting the radiator with the fender skirts is also a decided improvement.

A comfort feature much appreciated by owners, is the additional leg room provided by the enlargement of the cowl.
