**Why He Was Late.**  
 Phronz had arrived home late from the office, and his wife was not the sort of woman to let a thing like that pass unnoticed.  
 "Why didn't you catch the 7:30 train home tonight, Herbert?" she demanded.  
 "Well, you see, dear," replied Herbert, "I asked a porter from which platform my train started, and he said if I turned to the left I'd be right."  
 "Well, didn't you?"  
 "Unfortunately, no, my dear!" replied her husband. "A little mistake on my part. I turned to the right and was left!"

**Guard Against "Flu" With Musterole**  
 Influenza, Grippe and Pneumonia usually start with a cold. The moment you get those warning aches, get busy with good old Musterole.  
 Musterole is a counter-irritant that relieves congestion (which is what a cold really is), and stimulates circulation. It has all the good qualities of the old-fashioned mustard plaster without the blister.  
 Just rub it on with your finger-tips. First you will feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief.  
 Have Musterole handy for emergency use. It may prevent serious illness.

**Party Frocks for Children; Brushed Wool Sweater Coats**

THE enchantments that life unfolds along the path of joyous girlhood, begin when the little miss becomes conscious of parties and party frocks. Epoch-making events, like being flower girl at a wedding, are remembered by the finery that graced them—unforgettable frocks remain in the mind—as when one paced forth in all the glory of a bridesmaid and are associated with pleasant memories always.  
 The party frocks of little ladies are important and many good style sur-

stage just now, with a success that promises well for their future. They are cozy and cheerful to look at and contribute an amount of warm comfort, along with a casual but spirited style, that is more and more appreciated by women of the best taste. Whenever there is a chill in the air, indoors or out, these pretty garments conquer it, and they are within reach of everybody and a good investment.  
 An example of the jacquette and one of the sweater coat, as shown in the

PARTY DRESS OF CREPE DE CHINE

gestions are offered by those who occupy themselves with children's wardrobes. For little tots they are using crepe de chine, taffeta silk, batiste, net and sometimes velvet or fancy silks. Narrow ribbons and laces, tiny ribbon flowers, frills, flutings and embroideries are depended on for decorations. Colors are gay and flower-like. Pretty ribbon cocardes, plaited or gathered ruffles, lace yokes and cuffs, scalloped edges and slashed skirts, with novel neck finishings, bring new points of interest to the party frock.

For little tots from three to six years, there are many pantie frocks, the panties made of the same mate-

picture, present the two most popular styles in these garments. There is little variation in lines among these garments but they differ endlessly in details of neck, sleeves and color combination. The jacquette, at the left, is knitted in combination of silver and black, camel and tangerine, honey-dew and jade. It is woven in crossbar pattern varied by another weave in the band at the bottom, and has everything to commend it for midwinter wear.

The clever, furry garment at the right is a sweater coat which is knitted in beautiful color combinations, as buff and brown, tan and jade, silver and blue. Small flat or rounded buttons, in matching colors, are used to fasten and

rial as the dress and trimmed in the same way. One of these, of pink taffeta, is a straight dress with short sleeves, round neck and skirt slashed at the sides almost to the waistline. It has a collar made of four deep points of the silk, short sleeves and the panties reach to the knees. All edges are finished with narrow, double, fluted ruffles. Narrow ribbon rosettes with long ends are placed at the top of the side slashes.

The short-sleeved dress of crepe de chine pictured is trimmed with pleated edged ruffles of the material. Rosettes of narrow ribbon at each side of the yoke support long ends that are festooned and fastened to the skirt under bows.

Jacquettes and sweater coats of brushed wool, hold the center of the

to add a decorative finish to these coats and these midwinter garments are closely knitted, handsome and inexpensive.

Jacquettes and coats in plain colors and closely knitted in popular yarns, are using brushed wool for collars, cuffs, pockets, and often for trimmings. It may be bought by the yard, and is nearly always used in a color contrasting with that in the garment it is to trim. Last year's perfectly good sweater-coat takes a new lease on life when new bands of brushed wool bring it up to date.

**CHRISTIANS CALLED TO BE MISSIONARIES**

**LESSON TEXT**—John 17:18; Matt. 28:16-20; Acts 1:8.  
**GOLDEN TEXT**—"Go ye therefore and teach all nations."—Matt. 28:19.  
**PRIMARY TOPIC**—Telling Everyone About Jesus.  
**JUNIOR TOPIC**—Our Marching Orders.  
**INTERMEDIATE AND SENIOR TOPIC**—Working Together With Christ.  
**YOUNG PEOPLE AND ADULT TOPIC**—World-Wide Witnessing for Christ.

**I. Sent by Christ (John 17:18).**  
 Christ was sent into the world to save it. Just as He was sent, so He sends us. Just as He was obedient to the Father's command, so we should be to His command. That this might be possible Christ set apart himself, and that the disciples might be fit for this work they are to be sanctified through the truth of God's Word. That which fits the one called to represent Christ is the knowledge of God's holy Word.

**II. The Great Commission (Matt. 28:16-20).**  
 At an appointed meeting place in Galilee on a mountain side, Jesus appeared before the disciples and gave this great commission.

**1. His Claim of Authority (v. 18).**  
 He does not claim to be merely the King of the Jews, but King of Kings and Lord of Lords. He stands clothed with the authority and power of the universe. Before there will be any great concern about evangelizing the world there must be an understanding of the power and might of Jesus Christ as Lord. The Lord must and shall be obeyed.

**2. The Obligation Imposed (vv. 19, 20).**  
 They are to make disciples of all nations. The obligation of the Christian is not merely to preach the gospel to the Jews, but to all the nations. Those who accept Christ as Savior and Lord are to be baptized in the name of the Father, Son and Holy Ghost. By this means they openly acknowledge their allegiance to Jesus Christ as their divine Lord. To secure public avowal of loyalty to Christ is important. It strengthens the character of the confessor. They are also to be instructed to render obedience to all the commandments and requirements of the divine Lord.

**3. The Divine Presence Promised (v. 20).**  
 To assure the disciples of the success of their undertaking, Jesus guarantees His presence at all times and under all circumstances. That which gives courage and encouragement to the missionary today is the assurance of the unfailing promise of the Lord Jesus Christ.

**III. The Missionary Program (Acts 1:8-8).**  
 It is essential that the missionary program be understood. The work incumbent upon the church is to witness of Christ's gracious salvation to all the nations. After this is done there will follow the preaching of the gospel of the kingdom by converted Israelites. This was not clear to the disciples, therefore they put the question, "Wilt thou at this time restore the kingdom of Israel?" They were right in thinking that the kingdom will be restored. The Davidic kingdom shall be established, but not till after the gospel of the grace of God is preached and the body of Christ is completed. Its realization is certain, but the time is unknown. Times and seasons are in the hands of God. The program which the disciples are to carry out in this present time is witnessing for Christ.

**1. In Jerusalem (v. 8).** This was done by the Twelve immediately following Pentecost.

**2. In Judea and Samaria (v. 8).** This was done by the disciples after the hands of the persecutors were laid on them. Not only the Twelve but many others took part in this.

**3. Unto the Uttermost Parts of the Earth.** Beginning with the first foreign missionary enterprise this work has been carried on with varying degrees of success till the present time.

**Being Self-Centered.**  
 Nothing is more wearing or a more fruitful source of unhappiness in the long run than to be self-centered. If our thoughts and plans, our hopes and fears, our ideals and ambitions all center in our own personal comfort and happiness, there must come many a day of infinite weariness and self-disgust when life does not seem worth living. Poverty or riches have very little to do with it. You will find just as many well-to-do people as poor, for whom life has lost its spice and enthusiasm. It is not a question of capital, but of character.

**No Place Sweeter Than Home.**  
 It is very dangerous for any man to find any spot on this broad globe that is sweeter to him than his home.—H. W. Beecher.

**A Mind in Health.**  
 The first sure symptom of a mind in health is rest of heart, and pleasure felt at home.—Young.

**God Should Be There.**  
 A cottage, if God be there, will hold as much happiness as might stock a palace.—J. Hamilton.

**Are You Using this Free Service?**

It comes with every sack of cement. It has been made possible through the Portland Cement Association by the eighty-six cement manufacturers who are its members.

They realized that important research and educational work was necessary to give people the best information on how to use cement. They also realized that this could be done better by unified effort than by any individual company alone.

As a result, you may have for the asking the benefit of this Association's long and exhaustive studies on how best to use cement for the most satisfactory results in concrete construction.

Whatever use you plan to make of cement—whether you are building a concrete hog house or concrete dairy barn, a stretch of concrete walk or a concrete road, a silo or a skyscraper, a home, workshop or a factory—you needn't guess. *You can know.*

If you want information about the usefulness of concrete under certain conditions, how to mix or place it to get the greatest value out of every sack of cement—you can get it by writing any one of our 28 offices listed below.

Supplying dependable information without charge by booklet, by letter or by personal conference when necessary, is the work of this Association. Millions of helpful booklets, covering a multitude of uses of concrete, are distributed annually to people who know they needn't guess—who know they can get the facts from us.

One of our new booklets, "Concrete in Home Sanitation," will surprise you with the number of easy ways in which concrete can be used to make the home healthier and happier. Address our nearest district office for your free copy.

**Another Jury Needed.**  
 Hoffy was drawn on a summer jury, reported and was duly qualified. He then formed one of a panel which was directed to try a lunacy case. After the testimony was in and the verdict was rendered, the judge, who knew him, called Hoffy to the bench. "Well," asked his honor, "what do you think of this kind of work?"  
 "Seems a sort of standoff to me."  
 "What do you mean?"  
 "We declared that man insane."  
 "Yes?"  
 "And he thinks we're crazy."

**A Fish Story.**  
 It was an angling match. For four hours 20 competitors had sat upon the river bank and fished.  
 Then the weighers-in went round. Man after man had the same story, "No luck at all." Only one had caught a fish and that could not be found. He had mislaid it somehow.  
 It was not until he got home late that night and had some trouble in opening his door that he discovered it. It had slipped into the end of his latch key.
