Doubling Up
A teacher of music in a public school was trying to impress upon her pupils the meaning of f and ff in a song that they were about to learn. After explaining the first sign, she said: "Now, children, what do you say; if f means forte, what does ff mean?"
"Eighty!" shouted one enthusiastic pupil.

His Mistake
"My boy, where did you get that terrible black eye?"
"I was s-s-sitting on Willie Brooks, an' I forgot to hold his f-f-feet."—London Weekly Telegraph.

A Raw, Sore Throat
Eases Quickly When You Apply a Little Musterole

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest. Keep it handy for instant use.

To Mothers: Musterole is now made in milder form for babies and small children. Ask for Children's Musterole. 35c and 65c, jars and tubes; hospital size, \$3.00.

MUSTEROLE
WILL NOW BLISTER
Better than a mustard plaster

Gobs Having a Good Time in Southern Waters

The gobs are having a good time during the winter maneuvers of the fleet in southern waters. Some of them are here seen diving from the flagship.

SHOOTS BLACK MOOSE

S. W. Oplinger, prominent big game hunter of Philadelphia, is shown in the above photograph with the rare black moose he killed while on a hunting expedition north of Tracy, N. B. This specimen weighs a thousand pounds. Its hide is especially valuable, as black moose are rarely seen.

NEAT CAMPAIGN DEVICE

T. G. Thomas of Houston, Tex., with the "Keep Cool-idge" fan which will be seen prominently at the Republican national convention to be held in Cleveland.

LOOKING INTO VESUVIUS

This remarkable view of the crater of Mt. Vesuvius was made from an airplane for the Italian board of aeronautics.

Food for Hungry German Children

The first shipment of food from the United States being unloaded on the docks of Hamburg, the gift of the American Committee for the Relief of German Children. The committee is headed by General Allen, who commanded the American army of occupation on the Rhine. Most of the first shipment was made up of the foods required for the nourishment of children.

Actress Weds Heir to a Barony

Pretty Anne Meredith, twenty-eight, once a Broadway stage favorite, who obtained a divorce in Paris last October from Stephen S. Bigelow of Boston, was married in New York the other day to Maj. Gen. Sir Charles John Sackville West, an officer of the British army, and heir of Baron Sackville. Photograph shows the bridegroom, who is fifty-eight, and his bride.

Dallas Couple Have K. K. K. Wedding

The marriage of Miss Julia Winfrey and W. G. Turner in Dallas, Tex., was solemnized in the K. K. K. hall and all the wedding party wore the full Ku Klux regalia, but in place of a fiery cross there was a cross of flowers.

Pyramid of Cheops Is Still in Good Condition

Save for one surviving pyramid, the seven wonders of the ancient world have passed on. Not only have they disappeared, but their memory is mostly confined to the pages of old books. Strangely enough, the one surviving wonder is the oldest. It dates back almost 4,000 years before Christ, and it is still in good condition. It is the pyramid of Cheops at Ghizeh, in Egypt. The most notable thing about the pyramid was the care taken to protect it from grave robbers. All the entrances were sealed. There were several large chambers near the base of the structure built to mislead any one seeking the sepulchral chamber. This was 138 feet above the ground, and could be reached only by tortuous passages, cleverly concealed.

The walls of Babylon were the second wonder. The third wonder was the statue of Zeus in the temple at Ephesus. The fifth was the mausoleum of Halicarnassus, in Caria. The sixth was the Colossus of Rhodes, and the seventh was the lighthouse of Alexandria at Pharos. It was Antipater of Pafestine, the Baedeker of the ancient world, who selected the seven wonders about 200 years before the birth of Christ.—Detroit News.

Playing Safe

A man who was in the habit of dining regularly at a certain restaurant said to the waiter: "John, instead of tipping you every day, I'm going to give it to you in a lump sum at the end of every month."
"Thank you, sir," replied the waiter, "but I wonder if you'd mind paying me in advance?"
"Well, it's rather strange," remarked the patron. "However, here's five shillings. I suppose you are in want of money, or is it that you distrust me?"
"Oh, no, sir," smiled John, slipping the money in his pocket. "Only I'm leaving here today."

Insult to Nature

Forks were not introduced into France until the year 1672, while in use for two centuries and in Italy for 600 years.

It is interesting to note that according to Venetian annals Princess Agila used a silver fork and a golden spoon in 985, at the time of her marriage with Doge, and the idea was rapidly adopted by the Venetian nobility, in spite of the church's disapproval, certain priests declaring that the use of the fork was an insult to Providence, who, having provided us with fingers, did intend that they should be used.—Detroit News.

Others Find Relief

In Allcock's Plasters from local ailments and pains. So can you. One trial will convince you of their merits.—Adm.

Bitter Chocolate

The Grocer's Encyclopedia says that according to the United States standards, bitter chocolate is a mass obtained by grinding cocoa nibs without the removal of any constituent except the gum. When this ground bean, in cocoa form, is sweetened and flavored it is known as sweet chocolate. Cocoa is the ground bean from which part of the oil or fat has been extracted. Cocoa cannot be made into chocolate.

What Is Electricity?

The exact nature of electricity is not known. The definition commonly accepted is: "A material agency which, when in motion, exhibits magnetic and thermal effects, and which, whether in motion or at rest, is of such nature that when it is present in two or more localities within certain limits of association, a mutual interaction of force between such localities is observed."

Without Training

"He never completed his education, did he?"
"No; he died a bachelor."

An Amazing Fact

To many people it may seem incredible that a habit so common as coffee-drinking can be harmful. Yet if your doctor were to enumerate the common causes of indigestion, headache, and run-down condition, he would be likely to mention coffee.

If you are troubled with insomnia, nervousness, or are inclined to be high-strung, try Postum in place of coffee for thirty days, and note the difference in the way you feel, and how much better you sleep.

Postum is a pure cereal beverage, absolutely free from caffeine, or any harmful drug.

**Postum
for Health**

"There's a Reason"

Your grocer sells Postum in two forms. Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages) for those who prefer the flavor brought out by boiling fully 20 minutes. The cost of either form is about one-half cent a cup.
