### P. T. A. Elects Officers—Seniors Entertain S. S. Convention—Locals

Captain J. Y. McIntyre died at the home of his daughter, Mrs. T. M. Lynch, Saturday night, April 5, shortly before nine o'clock. The end had been expected for several days. The deceased had been in feeble health for some time. But prior to that time he had been a most active, energetic, man enjoying the very best of health. Several days ago he suffered a stroke of paralysis gradually growing weaker until the end came.

Captain McIntyre, who would have been 86 years old in August, was the son of the late Dr. Tom McIntyre. At the age of 21 he enlisted in the army and took an active part in the War between the States, attaining the rank of Captain.

After the war he settled down on his farm on Broad River, in Rutherford County, and married Miss Mary McCampbell of Paris, Tenn. To this union were born two daughters, Mrs. T. M. Lynch of Columbus and Mrs. W. C. Brittain of Nashville, Tenn., both of whom survive. His wife died when the oldest child was six years old. The "Captain" never married again but devoted his time, love, and affection to his two children.

Funeral services were conducted in Rutherfordton Monday at two o'clock by Rev. J. C. Grier pastor of the Presbyterian church, assisted by Rev. Knight, rector of the Episcopal church. The body was laid to rest in the Rutherfordton Cemetery.

## Saluda Raises Quota For W. N. C. Inc. at Meet.

### Major Hall and Tryon Men Address Public Gathering

Despite the inclement weather of last Friday evening, a small but enthusiastic crowd gathered at the Princess Theatre in Saluda to hear Major Warren Hall, secretary of Western North Carolina, Inc.

Major Hall made plain the work and ideals of his organization as well as its ambitions for this section of the country, inspiring such confidence by his quiet assurance of what Western North Carolina, Inc., would do toward the ultimate growth of Saluda that following his talk the group of citizens at once took steps to raise their share of Polk County's quota, pledging \$127.50 of the necessary \$250 at the meeting and assuring Major Hall that the remaining amount would be at his disposal within twenty-four hours.

In order to supplement Major Hall's remarks and to give what assistance they could in raising the quota in Saluda, a delegation composed of C. J. Lynch, C. Bush, Fred Swann, the Reverend W. B. O'Neill and C. W. Morgan attended the meeting. Mr. Lynch, at the request of the Saluda members, pointing out the co-operation that the organization had given Tryon even this early in its history.

Following the talks, Mayor P. H. Bailey appointed a committee consisting of Dr. E. M. Salley, G. R. Little, and S. D. Newton to take up the work of completing the quota. Mr. E. C. Barnard, cashier of the Carolina State Bank was appointed treasurer of the committee.

Plans were then discussed for the reorganizing of the Saluda Chamber of Commerce to co-operate with similar organizations in this section and with Western North Carolina, Inc., Miss Lillian Heriot was appointed secretary of the committee which will take immediate steps to form the Chamber of Commerce. Publicity for Saluda was discussed with a view of raising an additional amount to supplement the publicity that will be put out by the organization. It was decided to table this discussion until more definite steps were taken in regard to forming the board.

It was pointed out to Major Hall that with the entrance of Saluda into Western North Carolina, Polk County was practically one hundred percent behind his office.

## C. M. Howes Commended By District Warden

### County Increase Forest Fire Prevention Fund

Polk County's appropriation of \$150 was increased to \$200 for fire prevention and protection at the county commission meeting held last Monday at the county seat. This additional amount was granted as a result of the efforts of C. I. Peterson, District Forester and C. M. Howes, County Fire Warden who appeared before the commission to urge that body to renew the agreement to cooperate with the N. C. Geological and Economic Survey in stamping out forest fires as a result of carelessness. This sum is met with an equal amount by the Survey to be used in the county.

Mr. Peterson highly commended Mr. Howes for his work in cooperating with the State department stating that the county warden had proven himself capable in his work and that largely through his efforts county forest work was now being conducted on a thoroughly effective plan.

The county was organized last September and at present has six forest wardens and twenty four deputies. Approximately 20 fires have been reported in that length of time and all have been efficiently handled by the wardens. The total acreage burned was about 1,600. The largest fire occurred February 13 of this year and covered 800 acres in White Oak Township.

Mr. Peterson pointed out that the next few weeks will be trying ones for the wardens and urges every citizen to cooperate with the department in stopping fire loss.
