

STYLES IN CINCINNATI SPRING FASHION SHOW TO BRING OUT CURVES AND STRAIGHT LINES

All Retail Merchants Are Invited to Attend.

Pretty models are to demonstrate the charm and beauty of the new style creations for the coming spring and summer for the benefit of many local retail merchants at a Spring Fashion Pageant which will be a feature of Market Week in Cincinnati, Ohio, February 8 to 12. The Market Week and Pageant are to be staged under the auspices of the Wholesale Trade Department of the Cincinnati Chamber of Commerce on behalf of the manufacturers and wholesalers of the Cincinnati district. Many merchants from this city expect to take advantage of the invitation extended them by their business correspondents in Cincinnati to take part in the Market Week activities.

The Spring Fashion Pageant will be extremely interesting and important to the local retailers who wish to keep up to date because it will be their first opportunity to see what modish will wear this spring and summer so that they may stock their shelves accordingly.

Recent reports from Paris stated that curves are coming back. This doesn't mean that the girl of the straight lines will be passe for the new styles also will take her into account, but many of the new style creations are designed for the girl with curves and will be shown off by pretty models in the course of the pageant. The approval to be shown will range through the whole galaxy of women's attire from her shoes to her hat. The new ideas in millinery; the latest in street dresses, evening gowns, sport wear, coats and even house dresses will be displayed on the living models. The shoe manufacturers and wholesalers will be represented by their latest designs. Fashion experts state that the influence of the Florida and California bathing beaches will be noticeable in the bizarre bathing costumes which the models will wear will be popular at the northern beaches during the coming summer. Indeed, there is hardly an article of feminine wear that will not be shown in the new designs.

Not the least of the displays will be that to be made by the wholesale jewelers of Cincinnati. A big fortune in jewelry will be shown by the models for there are fashions in jewelry, changing with the seasons, just as there are in clothes.

These new fashions will be shown against a rich background of splendid entertainment. Stars of the opera, the theater and vaudeville stage have been engaged to add life and

interest to the program. Arrangements also have been made to entertain the merchants and their families who attend the Market Week and the Fashion Pageant activities.

The semi-annual convention of the United Retail Merchants' Association will be in progress in Cincinnati during the first few days of the affair, and members will be invited to attend the Fashion Show.

Charles J. Nelson is chairman and Robert D. Bunch is vice chairman of the Wholesale Trade committee of the Chamber of Commerce, under whose auspices the affair will be given. Raymond R. Aeh is chairman and R. Frank Dehon is vice chairman of the Fashion Show committee. J. Harvey Phillips is chairman of the publicity committee and Samuel R. Aleyer is chairman of the reception and entertainment committee. Howard S. Greene, manager of the Wholesale Trade Department of the Chamber of Commerce, is manager of the Pageant and Francois Vathe, nationally known hotel manager, is stage director.

Retail merchants who are interested in attending the Market Week and Spring Fashion Show may obtain full details by writing to Mr. Greene at the Cincinnati Chamber of Commerce.

Sheridan Talks on City Planning.

Mr. Sheridan, an engineer of national repute, spoke of the necessity of a definite plan regarding the architecture of the buildings to be built in the future in the business district. He spoke of a plan that all buildings could be built upon, to conform in architecture, that would not be any more expensive and still add so much to the beauty of Tryon. He cited several towns that had a particular style of architecture, and of the great results that were obtained from this program. He was asked by the local Chamber of Commerce to help them solve the problem of developing the business district so as to make a city like appearance before the town had gone too far in the way of building.

Carter Brown also spoke of a plan for the city to purchase the old ball park, which would provide a permanent place for the Horse Show, also ball team, and that the High School could use the same for games, and make it a general playground for the city. He strongly advised the purchase of this property while a reasonable price could be had.

"If We Stand Firm We Shall Not Fail!"

That was Abraham Lincoln's philosophy in the dark days of the Civil War when this great nation's solidity was threatened. And thanks to his unwavering courage, he lived to realize his hopes of victory!

From that philosophy of his, you and I can gather a worth while moral. Stand firm in your determination to get ahead—keep up the courage that gives you the strength to make the most of every opportunity—and, as Lincoln said, you can "not fail!"

Money, of course, is necessary to gaining your goal. So open a Savings Account with this Bank, be firm in making regular deposits and naught but a successful future will be yours!
