**Approve McLean Plan for State Radio Station.**

Raleigh, Feb. 10.—Enthusiastic approval of Governor McLean's state radio broadcasting plan, which has received national attention, was given yesterday at a meeting of the representatives of the 21 state departments of government.

The principal purpose of the station is the linking up of the various state departments with the world, and giving the state national advertising, but the most novel feature of the plan is that it is designed to be developed around the rural school centers.

**JENNINGS ASHEVILLE GUEST ENROUTE SOUTH**

Assistant to McGraw Will Go to Saratoga Training Camp.

Asheville, N. C., Feb. 10.—Hughie Jennings, the human lawn mower of organized baseball, accompanied by Mrs. Jennings, Tuesday reached Asheville for a short visit enroute to Saratoga, Fla., the New York Giants' spring training camp.

Mr. and Mrs. Jennings, at the Hotel Langren here, said they would remain here two or three days, not desiring to make the jump from the frozen north into the sunny South without a few stopovers to break the monotony of traveling.

Jennings for years was manager of the old Detroit Tigers, winning American League pennants in 1907, 1908 and 1909.

For the past few years he has been assisting John McGraw with the New York Giants, going to the man he played beside in days of yore at Baltimore when the memorable Orioles were in the height of their glory.

**Fight Results.**

St. Petersburg, Fla.: Tony Ross, Pittsburgh, beat Joe Peck, Charlotte, N. C., (10).

Hot Springs, Ark.: Jimmie Francis, Union City, N. J., knocked out Jack Koop, Los Angeles, (2).

Paris: Paolino Uzoudun, Spanish heavyweight champion, knocked out "Soldier" Jones, Toronto, Canada, (1).

**McMILLAN COMES TO TERMS WITH JOHN MCGRAW**

Nehf and Greenfield Also Sign Contracts With Club for Campaign.

New York, Feb. 10.—The New York Giants took right, title and interest to a real pitching staff for 1926 yesterday when they came to terms with Hugh McMillan, who has been at odds with the club ever since he was suspended in July of last year, and signed Art Nehf, clever and crafty veteran lefthander, and Kent Greenfield, star of the young right-handers of 1926.

That was a real day's work, and J. Tierney, pinch hitter for John McGraw, who is now in Florida, as to Giant standbys for the next season, smiled all over when it was finished.

McMillan has been at odds with the Giants ever since he was suddenly suspended on July 1, last year. He brought suit for action for the recovery of \$2,023, which he alleged was due him for back salary, and that kept him in the good graces of the club. Now he is willing to go to pitching again, and let the minor differences be worked out.

Nehf had a bad start last season, and really didn't get in real pitching condition until after August 1.

As to Greenfield, he was the younger sensation of the year, coming to the rescue of the Giants when Nehf and McMillan faltered.
