## PRONUNCIATION AID

June Webster, descendant of the famous lexicographer, Noah Webster, presents a copy of her ancestor's work to the Publicity Department of the Sesqui-Centennial International Exposition Association to help them in pronouncing properly the name of the big events which opens June 1 to celebrate the 150th anniversary of the signing of the Declaration of Independence. There are many types of pronunciations heard but there is just one proper way Noah says. It is "Ses-Kwuh-cent-nial" with the accent on the first syllable of the "Sesqui" and on the second syllable of the "centennial."

Louis Fonseca, Philly infielder, has accomplished the rare golfing feat of making a hole in one. Willie Kamm is the only other member of the ball-playing fraternity to achieve this honor.

The Seattle club of the Pacific Coast league has released Pitcher Steve Chekaluk, a reputed Eskimo, who was carried last season. Steve's wildness could not be overcome.

We are a peaceful people: The man who thought up, "Say it with flowers," is being feted and given a large gold medal, while the genius who first said, "Kill the umpire" is unidentified and unsung.

It may be necessary to join the marines to see the world, but for a trip around the United States there is nothing to beat a baseball training squad.

### What Are You Going To Do About It?

Sunday will soon be here. It comes every week just as it came in your childhood.

The bells will ring, the organ will make music, people will gather for devotions. Thus it will be in Tryon, and thus it will be throughout Christendom—not merely this week, but on every Sabbath to the end of your life.

Why?

Here is a force that persists—that surrounds you. The point is that it is here, present, living.

You cannot possibly ignore it.

What are you going to do about it?

Let's go! When? Next Sunday. Where? To Church.

Which Church? The Church of your preference.

#### BASEBALL NOTES

In the opening game of the 1926 baseball season the St. Louis Browns set a record of ten errors.

Joe Pate, now attached to Connie Mack's Athletics, is described by a sport writer as "a veteran rookie."

Jess, Charles and Virgil, the three Barnes brothers of Circleville, Kan., are all members of major league baseball teams.

George Pipgras, big right-handed hurler of the New York Yankees, has been signed by the Fairmont club of the Middle Atlantic league.

The baseball experts seem to be doing the first lick of work since they explained how one team or the other might win the world's series.

# "the King's Highway!"

And in these modern days of ours, everyone can be a King . . . and he can travel over the broad, winding avenue, "the King's Highway," that has been built to traverse the smiling acres of the "SCENIC SUBURB."

Four and a half miles of concrete, wide and well graded—built according to the specifications laid down by a state that is famed the country over for the excellence of its roads and for the ability of its road builders—almost five miles of as fine a boulevard as will be found in months of travel, built for the use of those who buy in LAUREL PARK ESTATES, that they may be able, no matter what the season, to reach their homes with ease and comfort.

This "miracle highway" is just one feature among the many that set LAUREL PARK ESTATES aside as being a suburb of distinction and a home area of merit—you can buy a lot in the Scenic SUBURB at a price and on terms that are astonishingly low and reasonable, why not make it a point to give this development the advantage of a PERSONAL inspection?

The road, marvelous as it is, and expensive as its building was, is free to the public—a privately built and maintained scenic highway—over which no one pays toll to travel.
