

P. T. A. MEETING IN TRYON

(Continued from page 1.)

be physically unfit for school work were it not for this committee. In co-operation with other P. T. A.'s of the county, an effort is being made to obtain a county school nurse.

The lunch committee was very successful in having this department put on a paying basis this year. Hot lunches were served during the cold months. Ice cream, milk and crackers during the warm weather. This committee raised funds and provided free lunches for 20 under-nourished children during the whole school term.

The library committee reported over 1,900 books in the school library. The library will be kept open during the vacation weeks for the benefit of the children. A vacation reading club will be formed and diplomas given to those meeting the requirements.

The ways and means committee reported about \$250 proceeds from a birthday party, a Valentine supper, and a rummage sale.

The social committee has made the meetings of the association very delightful affairs by providing tea at most of the meetings. At the beginning of the school term a reception was given for the teachers, which was well attended and enjoyed by all. A party was given at the Mill Community House; also lunch was served at the County Teachers' meeting.

The entertainment committee assisted in many ways to get the parents interested in the work, inviting them to the meetings and making them feel welcome.

The program committee provided a delightful program at each meeting.

The publicity committee has been very helpful in keeping the P. T. A. before the public and advertising the meetings.

The needs committee reported a playground slide had been bought for the primary grades. Several small sums have been spent for equipment in the various grades. Three sets of supplementary readers have been bought; also a new school victrola.

The association is very proud of the fact that it has helped the Tryon School to become a standard school. More than \$300 has been spent by the P. T. A. for the school this year, and the moral support it has given the faculty has been of even greater benefit.

New officers for the coming year are as follows: Mrs. Doubleday, president; Mrs. Rion, vice president; Miss Mills, secretary; Mrs. Sayre, treasurer.

Smithfield, N. C., May 26.—Included in the first bus load of people from this section which recently went to Lake Lure in Western North Carolina, were representative citizens from Smithfield, Raleigh, Tarboro and Rocky Mount. Mrs. S. B. Jones of this city conducted the trip, and all passengers reported a delightful educational tour.

The party from here upon their return reported rapid developments going forward at Lake Lure, notable among which is the Lake Lure Inn, a hundred-room hotel which will be ready for occupancy within a few weeks, and the mammoth dam which is being constructed at a rapid rate.

The highway department is now constructing State Highway No. 20 through the Chimney Rock estate as a scenic roadway on the crest of the mountain range 100 feet higher up than the present route which goes along the banks of the Rocky Broad River and which will soon be inundated by the waters of the big pleasure resort lake.

Thermal Belt Development Company to Sell Ridgeway

The Thermal Belt Development Company, Inc., has accepted the contract to sell this beautifully developed property owned by Julian Calhoun, called "The Ridgeway." An attractive field office has just been finished and is located on one of the pretty sites of the property. The work of street construction is moving forward at a fast rate. The property is located on the hard-surface highway, and commands magnificent views. The fact that the property is owned and developed by Mr. Julian Calhoun is sufficient to command the confidence of the public.

Plans for Various Improvements Are Under Way.

The plans for parks, wading pools and various improvements are well under way, which will make this development a credit to this section of the country. The lots offered for sale are very spacious, and that is the great attractive feature of this subdivision. It is easily accessible to the city proper, and is located almost exactly half way between Tryon and Landrum.

To Operate De Luxe Busses From South Carolina Cities.

The Thermal Belt Development Company, Inc., plans to operate a fleet of De Luxe busses from various South Carolina cities to acquaint the people of that section of the wonderful possibilities offered to the investor and homeseeker alike. Mr. Kelly will be in charge of the field office, and will be glad to explain every feature of the property.

Country Club Estates Popular

Continued from page 1
peerless residential colonies in Western North Carolina.

Improvements Moving Forward at a Rapid Rate and Sales Great.

Much time and money are being spent in this development. All city conveniences and many other improvements that when finished will represent many thousands of dollars. The men back of the Country Club Estates include many of North Carolina's foremost business men—men who have made a success of their respective lines, and men who have visioned the future in store for Western North Carolina.

Sales of Property Show That Public Is Greatly Interested.

The recent sales that have been made of these homesites prove conclusively that the people fully realize the advantages offered in this subdivision. Another great feature is the wide, spacious thoroughfares and the generous size of the lots that are offered for sale. This alone has given the property a great sendoff from the very start. The officials state that great things can be expected from this new mountain colony, and as fast as work will permit these improvements will go forward.

NATURE is God's handiwork, but not His Greatest. When in the midst of Nature, man was set, it was that he might, too, continue that miracle of fabrication, a further creation of things beautiful and needful, and nowhere has the hand of man wrought better than in Country Club Estates.

IN THIS notable section, this crucible of change and progress, the labors of man are in evergrowing evidence. Every possible convenience, water, lights, sewerage and paved boulevards, is being installed. Recreational features of every description are handy. In fact, Country Club Estates possesses everything that can be desired.

YET, Country Club Estates with all of its splendors, is but in its infancy. The hand of man will continue to add to its natural beauty. Values are enhancing daily. That's why Country Club Estates offer the citizens of Henderson County and adjoining counties, an unusual opportunity to share in the harvest to be reaped within the course of a few weeks time by investors in Country Club Estates today.
