## Personalographs

### GREEN'S CREEK.

Messrs. Noah Branscombe and Otis Henderson have returned from A. & E. College for the summer vacation. We extend to them a hearty welcome.

Mr. and Mrs. Grover Jackson of Inman, S. C., spent Saturday with Mr. Jackson's parents, Mr. and Mrs. S. B. Jackson.

Mr. and Mrs. Sam McClure have as their guests Mrs. McClure's brother and his wife, Mr. and Mrs. Paul Page, of Campbello, S. C.

Mrs. Roland Feagan and baby are on the sick list, the baby having been quite ill with smallpox. We hope they will soon be well again.

Miss Ila Gibs of Spindale, N. C., spent the week-end at home with her parents and sisters, Mr. and Mrs. M. R. Gibs, and family.

Dr. W. T. Head has returned from Atlanta, where he attended a medical meeting, or series of meetings, last week.

Mr. Rufus Bryant with his granddaughter, Miss Willie Sue Covington, of Henrietta, N. C., were visitors in this community Saturday.

Rev. John M. Walker of Boiling Springs, N. C., was a business visitor Monday. Mr. Walker is pleasantly remembered here, having done much in the interest of our school when we were working to get it up to its present standing.

Rev. H. G. Melton of Boiling Springs, N. C., was here for a short time Saturday afternoon. Mr. Melton is the newly elected pastor of the Green's Creek Church, and will begin his work here the first of July. The present pastor, Rev. J. J. Slattery, has resigned on account of poor health. His pastorate here ended with the fourth Sunday in June. Services thereafter will be each third Sunday morning at 11 o'clock, each first Sunday afternoon, and Saturday afternoon before each third Sunday. A hearty invitation is extended to all to attend these services, and also Sunday School each Sunday at 10 o'clock in the forenoon.

### Mrs. Howard Dead.

Mrs. E. V. Howard was born August 16, 1853, and died June 4, 1926, being 72 years, 9 months and 18 days old. She was married to Mr. J. T. Splawn February 14, 1871. To this union were born two children, Mrs. Della Miller of Shelby, N. C., and Miss Christine Splawn, who died at the age of seven years. Mr. Splawn also died years before his widow, about the year 1892; was married a second time to Mr. A. L. Howard, who preceded her to the grave some time ago. She had been sick for six or eight weeks, and died at the home of her brother, Rev. T. M. Hester, in Spindale, N. C., with whom she made her home.

She joined the Baptist Church in early life, being a charter member of the Green's River Baptist Church, and was a faithful and devoted Christian. Mrs. Howard was the daughter of the late J. M. and S. J. Hester. Two brothers and two sisters survive her: Messrs. J. P. and T. M. Hester, and Mesdames M. J. Owens of Columbus, N. C., and M. I. Harris of Chesnee, S. C.

Funeral services at Green's Creek Baptist Church, Polk county, were conducted Sunday afternoon by Rev. M. M. Huntley of Spindale, N. C. A large crowd of sorrowing relatives and friends attended, giving testimony of

### Combine Relaxation

With Inspiration  
Chimney Rock, N. C., June 14.—Because of its desirable atmosphere and climate unmatched in this country, Western North Carolina has for several years come to be headquarters for various state and national conventions as well as an assembly ground for our leading denominations. With the Southern Baptist Association grounds located at Ridgecrest on State Highway No. 10, the Presbyterian Assembly at Montreat, just two miles off the same highway from Black Mountain, and Lake Junaluska, the assembly grounds for the Methodist Episcopal Church South, noted leaders in these various denominations are brought to Western North Carolina, where they can combine physical relaxation with religious inspiration.

During the young people's conference, which opens at Montreat on June 22, members in attendance will have the opportunity of making a one-day scenic motor trip through Hickory Nut Gap up to Chimney Rock overlooking the mammoth basin of fifteen hundred acres soon to be inundated by the waters of Lake Lure. Other points of interest in Western North Carolina will be made on this trip which will be regarded as an interesting feature of the conference period.

Other conferences included in the summer's program are the Montreat Leadership Training School, the Woman's Summer School of Missions, Christian Education and Ministerial Relief, General Missions, Men of the Church, and the Christian Life and Service Conference. To intersperse all these meetings will be instructive and entertaining recreation and musical attractions.

their love and regard in many floral tributes, which were tastefully arranged by Mr. Z. Blackuele of Chesnee, the undertaker who had charge of the remains.

### Fishtop.

We are very dry here. Gardens are suffering badly, as almost all are on upland. However, there is plenty of beans, beets, some cabbage and potatoes for home use and some to spare.

Early peaches are coming in, though small on account of the dry weather. They are well flavored.

Cotton is doing fine; a very good stand and clean.

Corn looks well, but small.

Bees are gathering and storing a lot of fine honey.

Fishers are plentiful, but the fish of usable size are scarce.

Two more rattlers killed since last report.

E. J. Fisher and wife of St. Petersburg, Fla., are visiting the latter's home folks and neighbors for a few days.

Preaching here today by the pastor, G. Russell, of Saluda.

Many of the small streams have dried up. Gad's Creek is lower now than it was last year.

Fire was set on Miss Beulah Bradley's place recently, destroying some valuable timber. This makes the fifth time fire has been set on her land this season.

### MOTOR BOATS TO HELP BRING CHILDREN TO SCHOOL.

Chimney Rock, N. C., June 11.—The Rutherford County Board of Education will shortly let the contract for the construction of a \$42,000 school building in the Luremont district overlooking Lake Lure, on a commanding site recently donated for this purpose by a group of community friends.

Plans call for this building to conform to the Northern Italian type of architecture which prevails at Lake Lure, and the new school project adds one more unit to the general building program embracing scores of structures now well under way. The school building with a capacity of 336 pupils is being designed to serve eventually as a graded school, but will be used during the coming fall semester as a high school. The elementary school will be located upon lots 15, 16 and 17 in block 4 of the Luremont section at the junction of State Highway 20 and the Joel Chandler Harris scenic drive.

This particular location will be served not only by paved streets and roads, but by reason of the site overlooking Lake Lure itself, it will be feasible to operate large capacity motor boats which will supplement the use of the familiar school busses. This makes possible transportation accommodations for a school area twice as large as any now in operation in this state.

The Chimney Rock office of G. Lloyd Preacher, well known Atlanta architect, is completing plans for the school, actual construction of which is scheduled to start at once so as to be ready for use this fall.

The larger poultry growers of Albemarle county will ship 40 cases of first quality eggs each week, leaving the local market to be supplied by the smaller producers.

"Bite off more than you can chew; Then chew it.  
Plan for more than you can do;  
Then do it.  
Hitch your wagon to a star,  
Keep your seat, and there you are;  
Go to it!"

### MILLARD J. MOORE

Millard J. Moore has been nominated by President Coolidge to be assistant commissioner of patents. Mr. Moore succeeds Earl Fenning, who resigned to become special assistant to the attorney general. He is a native of Virginia and entered the patent office as a clerk.

## THE VOICE OF THE LIBERTY BELL

This is one of the two new official posters of the Sesqui-Centennial International Exposition, opening in Philadelphia June 1 to celebrate 150 years of American Independence. The Exposition will continue to December 4. Dan Smith, the artist, has symbolized the epoch in history, which the tolling of the Liberty Bell in Independence Hall, July 4, 1776, marked and has depicted the growth of the United States from the original thirteen states, represented by the thirteen stars which emerge from the mouth of the Liberty Bell.

### What Are You Going To Do About It?

Sunday will soon be here. It comes every week just as it came in your childhood.

The bells will ring, the organ will make music, people will gather for devotions. Thus it will be in Tryon, and thus it will be throughout Christendom—not merely this week, but on every Sabbath to the end of your life.

Why?  
Here is a force that persists—that surrounds you. The point is that it is here, present, living.

You cannot possibly ignore it.  
What are you going to do about it?  
Let's go! When? Next Sunday. Where? To Church.  
Which Church? The Church of your preference.

### BAPTIST

Regular services each Sunday 11 a. m. and 8 p. m.  
Special music evening services.  
Sabbath School 10 a. m.  
Public cordially invited.  
THOMAS L. JUSTICE, Pastor.

### CATHOLIC

St. John's Church, corner Melrose avenue and Lanier street.  
Mass—Sunday 8:30 a. m.  
REV. J. A. MANLEY, Rector.

### CHURCH OF THE HOLY CROSS (Episcopal)

REV. C. P. BURNETT, Rector.  
Sunday Services;  
Holy Communion — 8 a. m.  
Sunday School — 10 a. m.  
Morning Prayer & Sermon 11 a. m.  
Friday; Litany — 5 a. m.  
All Are Cordially Invited to these services.

### METHODIST

First and Third Sundays 11 a. m.  
Second and Fourth Sundays 7:30 p. m.  
Sunday School every Sunday 10 a. m.  
REV. P. E. PARKER, Pastor.

### PRESBYTERIAN

Tryon—Second and Fourth Sundays each month 11 a. m.; First and Third Sundays 7:30 p. m.  
Columbus—First and Third Sundays 11 a. m.; Second and Fourth Sundays 7:30 p. m.

### ERSKINE MEMORIAL (Congregational)

Rev. Will B. O'Neill, Minister.  
Sunday—Church School at 9:45 a. m.  
A graded school with classes for all.  
Wednesday—"Quiet Hour" 4:30 p. m.  
A friendly welcome awaits you.

# North Carolinians, Inc. Indorsed By Public

High Point, June 15.—Mr. Fred N. Tate, president of North Carolinians, Inc., announced today that he has just received a letter of cordial endorsement of that organization from Gov. Angus W. McLean. In his mail this morning Mr. Tate also received a letter of endorsement from Dean N. W. Walker of the School of Education of the University of North Carolina.

"Gratifying encouragement is coming to us in every mail," said Mr. Tate this morning. "We are well started with our state-wide campaign by means of which we shall raise the funds with which to advertise North Carolina and its values and opportunities through the columns of newspapers and magazines of national circulation. Everything seems to be favoring us. Undoubtedly the state is regarded with constantly increasing favor by the industrial world. It is also apparent that the present is the most propitious time for doing that work to accomplish which North Carolinians, Inc., was brought into existence. Inquiries for locations are being received and an astonishingly large number by the more active Chambers of Commerce of the state. Of course many of these inquiries are of small value, but enterprises of real worth are looking with more and more favor in this direction. One thing which is helping us and about which the public has heard little is the fact that the City of New York is actually moving to disperse its industries. The traffic congestion in that city is so great that relief must be found by sending factories elsewhere. Mayor Walker has announced the purpose of appointing a Survey Commission.

"At a meeting held last week in the town hall, five hundred of the teaching business men of New York met to discuss and endorse the program of the regional plan of New York and environments. In an address at that meeting Mr. J. Spencer Smith, president of the Board of Commerce and Navigation of the State of New Jersey, outlined the program which calls for the expenditure within a few years of the staggering sum of one billion seven hundred million dollars for bridges, tunnels, transit lines and the relocation of industries.

"The importance of this remarka-

ble program to North Carolina can be easily understood. It means that the movement which during the last few years has been bringing industries to this state will continue to grow in volume. North Carolina is just at the beginning of its era of greatest prosperity. We must not neglect to keep the values of the state, the appeals of climate and country before those who are leaving the congested regions of the North.

"In his letter to me Dean Walker wrote in part, 'I am greatly interested in North Carolinians, Inc., and the work which you are undertaking. It seems to me that an immense good may result from this project. I shall be glad to have you enroll me as a charter member and count on me to be of all possible assistance.'

"Gov. McLean's letter is as follows:

Dear Mr. Tate:  
I have your recent letter in regard to the plans and purpose of North Carolinians, Inc.

I am very glad to endorse an organization of this kind for the purpose of advertising North Carolina's natural and industrial resources. Of course, the Department of Conservation and Development can do many things that only a department of state government can do, but voluntary civic organizations like you and your associates are promoting that do a great many things that a state department cannot do. If the two will co-operate, I believe that finer results may be obtained. If you can succeed in having every section of the state take an active part in your organization, you will, in my opinion, accomplish great good for the state.

With warm regards, believe me Sincerely yours,  
A. McLean, Governor.

"I have also just recently received letters of splendid endorsement for North Carolinians, Inc., written by Senators Simmons and Overman. In his letter Senator Simmons said, 'I am very glad to give my hearty endorsement to your non-profit making institution organized for the purpose of advertising North Carolina's advantages to the world. It is a great and worthy enterprise upon which you are embarking, and I am glad to see that the enterprise is to be under the direction of such able gentlemen as those who constitute your official staff and organization committee. I am confident that the work of your organization will result in great good to the state. If there should be any
