### GREEN'S CREEK

We have enjoyed cooler, cloudy weather for several days, and are still expectantly watching and waiting for another shower. The ground was so dry when these little showers began to fall, and some of them were so light and of such short duration, that the ground is still dry except just a little on top. Still, it is enough to help a lot about getting cabbage and tomato plants to live. It has been very hard to get any late plants to live. Some who have set potato slips have lost perhaps 50 per cent of them.

Mr. and Mrs. M. F. Green and little son and daughter, Norman and Eleanor, spent the week-end at the home of Mrs. Green's parents, Mr. and Mrs. Solon L. Hines.

Mr. Frank Jackson is on the sick list.

Mr. Weldon Miller has been quite ill for several days at his home near Green River.

Prof. W. J. Isbell has gone to Raleigh for the next two weeks.

Mrs. E. C. Hines recently gave a delightful birthday party in honor of the fourth year of her daughter, Miss Kate. Among the guests were Misses Madge Greene, Mabel White, Joyce Swain, Callie Robinson, Lucile and Meaux Barnett and others. Mrs. Hines was assisted in entertaining by Misses Lala Hines, Mabelle and Bertha Jones. Both Mrs. Hines and her assistants are notably efficient in entertaining, and a very happy afternoon was enjoyed by the children.

The Home Demonstration Club met with eight present Friday. The meeting was held at the home of Mrs. Isbell.

### SALUDA

**SALUDA.**—The Southern Railway system board, Brotherhood of Railway Clerks, representing the clerks employed by the Southern Railway on its entire system, today selected fifteen acres on a mountain peak near Saluda, N. C., for the erection of a large assembly building and recreational grounds. Construction will begin immediately and clerks at the new recreational home.

Summer cottages will be erected by the local lodges and their members will have the privilege of spending their vacations at a very nominal cost, according to W. L. Mohinger, chairman of the mountain home committee.

Clerks who are convalescing from nervous disorders and feel the need of an extended rest are expected here at all seasons of the year. The committee estimates about four or five hundred clerks will spend their vacations here from May 1 to October 1.

After looking over many sites during the past twelve months the mountain home committee, consisting of L. W. Reibel, general chairman of the Southern Railway system board, with

headquarters in Chattanooga, Tenn.; P. H. Gross, secretary and treasurer of the system board, Chattanooga, Tenn.; W. L. Mohinger, Rihmond, Va., chairman of the northern district and home committee; G. A. Link, Jr., Charlotte, N. C., division chairman, and C. W. Crowell, Spencer, N. C., selected Saluda as the logical place because of its accessibility to employees of the Southern Railway. The committee spent two days here arranging the details and choosing the site. Mayor G. R. Little and Dr. E. M. Salley contributed the land. The committee was brought to Saluda through the efforts of J. F. Trexler, an employee of the Southern Railway, and the local Chamber of Commerce.

The clerks plan a miniature resort city on the mountain top where their members can spend their vacations without cost for lodging, and meals will be served at cost. Each member will have the privilege of spending as much time as he or she desires. The community will be made sanitary in every modern way, and will have every convenience. A swimming pool is proposed on the site.

The committee plans a delightful program for the formal opening which they hope will be during the present summer.

This is the first time in the history of organized labor that an organization of this type has provided a summer residence for its members and their families. The idea of the committee is to keep the well worker well, that he might do more proficient work, realizing that many members are unable to pay the cost of spending a vacation in some distant community at the usual prices. This will mean that clerks and their families will assemble here from eleven states and many of the large cities east of the Mississippi river and north as far as Washington, D. C.

Saluda, N. C., June 18.—Among the summer visitors in Saluda is Miss Vidou Marion Girardeau of South Carolina, well known singer, choir director and voice specialist. Miss Girardeau has enjoyed great advantages of study under the celebrated Madame Clara Baur, founder of the Cincinnati Conservatory of Music, under Dr. Fery Labak, the Austrian baritone, now of New York City, and with Henry Baillou, Montague, Va., and has been choir director at the First Presbyterian Church, Richmond, Va.; the First Baptist, St. Petersburg, Fla., and others. Miss Girardeau is stopping at The Oaks and expects to have a class in voice culture.

The fellow who used to put notches on his gun now has a grandson who puts them on the front bumper.

Even if they do perfect the art of sending checks by radio, it won't even cause a ripple on the wave.

We don't need to get so cocky over the decline of the franc and the mark; our nickels won't buy anything either.

### TRYON ROUTE 1

The long looked for and much appreciated rain came at last. It's not too late yet to make a good garden, if we can get seasons from now on.

Miss Essie Edwards left last week for N. C. C. W. to attend summer school. Mrs. Bessie Hamilton Collins will also attend the full twelve weeks, as she now resides near the college at Greensboro.

Mrs. T. P. Rice and little son, Bill Sam, are stopping this week for a rest with mother and relatives.

As we go to vote for a longer term of school, the most important thing is to plan for a way for the bus to convey all the children to school, for there are some who are deprived of school on that account. If it takes better roads, let's see that we have them. Seems we are burdened with taxes on cars and other property enough that our county should have better roads for the bus to run to the homes of all the children, or near enough so they will not have to be exposed to the weather.

The W. M. S. met at the home of Mrs. E. B. Edwards Thursday. Subject, "The Moving Picture-Social Service." Discussion topic, "What Is the Moral and Spiritual Effect of Moving Pictures on the Life of Our Youth?" We were fortunate to have Rev. Mr. Simpson present to help us in this important discussion, also in the beautiful refreshments, consisting of delicious baked apples, cake and ice tea.

Mrs. Alice Voorhees and daughters are visiting in Michigan for the summer. We greatly miss them in church and other gatherings.

### What Are You Going To Do About It?

Sunday will soon be here. It comes every week just as it came in your childhood.

The bells will ring, the organ will make music, people will gather for devotions. Thus it will be in Tryon, and thus it will be throughout Christendom—not merely this week, but on every Sabbath to the end of your life.

Why? Here is a force that persists—that surrounds you. The point is that it is here, present, living.

You cannot possibly ignore it. What are you going to do about it? Let's go! When? Next Sunday. Where? To Church. Which Church? The Church of your preference.

The southern home and the Southern Railway

IT is for the creation and preservation of the home that the world's work goes on. And when it is well done and prosperous times come, it is the home that benefits most. Besides being the foundation of the State, the home is the ALL of our civilization.

A myriad of life's necessities—food, clothing and household goods—passes over the rails of the Southern Railway System and into homes every day. And every day thousands of freight cars loaded with products from the South are carried along the rails of the Southern, bound for distant markets. Thus the South grows and develops.

Carrying the world's goods to the South, and the South's goods to the world, day in and day out, is the service of the Southern Railway System to the Southern home. This regular, dependable and economical transportation is the aim and the test of good railroad service.

In the last three years more than \$700,000,000 has been spent in the construction of new homes in the states of the South served by the Southern.
