

# County News

All of the County Schools opened this week with a great send off.

Enormous crowds are attending Court this week at Columbus, N. C.

The roads in the County are in good condition for the most part.

The Columbus Cotton Mills are working day and night filling orders that are on their files.

A new lunch stand has recently opened up in Columbus for business.

Crops are in wonderful condition in most parts of the County, and a good and prosperous fall season is predicted for the farmers.

The real estate records of the county show that a number of important deals have been consummated during the past month.

If you want to keep abreast with the happenings of your own county, you should by all means subscribe to the only paper published in the county. One citizen of Polk was recently appointed to serve on an election board, his name was duly published in the paper, he was not a subscriber and one of his friends had to notify him of his appointment. Send in your name today, the cost is a mere trifle.

Numbers of interesting cases are on the court docket this week at Columbus.

An interesting game of Marbles was played at Cross Keys this week many people from Green's Creek attended the affair.

Our correspondent from Green's Creek is delighting many of our readers with her items every week. She is interested in supplying news from her section and is regular in sending it in every week.

Mr. D. C. Stearns of the firm of Blanton and Stearns of Columbus, is in Ohio advertising Polk County and we are fortunate in having a man of his type to help tell the world about the great advantages that awaits the newcomers here.

Polk County today seems to be in a more prosperous condition than in years, so stated an old resident of the county the other day when he was at the News office.

The Polk County News wants news articles sent in every week from all sections of the county. You owe it to your community to see that it gets the proper kind of publicity. The News is willing to and will gladly publish these items, if you will do your part and furnish the news.

## NOTED N. Y. PHYSICIAN

### Praises Climate Here

Dr. Henry Garrigue of New York City, who spent several of the closing years of his life in Tryon wrote many articles which were published in the American Medical Association's Journal, of the climatic conditions in this location, stated in them at various times that he considered Tryon's climate the most desirable one to be found anywhere for those suffering with affections of the heart or asthma, and the following is an extract from one of his papers. "From all I have been able to gather by studious inquiry of persons from different parts of the country; of people who have traveled all over the States, and from my own personal experience, I conclude that Tryon has the best all-year 'round climate in the United States. It is mild and dry; fogs, so common in other mountainous areas, are very rare; sun-stroke and over-heating are unknown."

Dr. Garrigue's reputation in the north caused many people from that section of America to visit Tryon and enjoy the advantages which he so aptly described in these articles.

## CONTRACTS ON HIGHWAY 19 TO BE LET SOON

(Continued from page 1.) have loaned the State Highway Commission funds for special work. As you know, McDowell, Rutherford and Henderson Counties, have all loaned State Highway Commission money for special projects, and of course these projects will be let as soon as possible, but no project requiring only state funds will be let ahead of No. 19 between Columbus and Rutherfordton.

Regarding No. 19, between Tryon and Henderson County line. You know a new survey has been made and figures are being worked up, slowly but surely, but I am frank to admit that until we have another bond issue, I cannot even give this consideration, but assure you should we have another bond issue, this particular project in your County will receive first consideration and be given first preference. I cannot tell you just at this time what type of road this will be, until I know what the figures on the different types of road are, and how much will be available therefor.

With very kindest personal regards, and assuring you that I am extremely sorry not to be able to give you more definite reply, I remain,

Yours Truly,  
A. M. KISTLER.

## Green Creek Increases Mill Capacity

We are enjoying fine weather now although rather warm, we have occasional showers, which are very refreshing, also very helpful to growing crops especially late crops and gardens. Plenty of delicious water-melons and a bountiful fruit crop make life worth living on the farm, even though the corn and cotton crops are not all that we think they should be.

There was a large crowd present Sunday to witness the baptizing at the Green's Creek Baptist Church. Thirty-six were baptized and received into the church. At the service immediately following the baptizing the pastor, Rev. H. G. Melton, preached an impressive sermon on the subject, "Continuing Steadfast in the Faith". We are sorry that we had not room and seats to accommodate the large crowd, and some were thus prevented from hearing the sermon and taking part in the service.

Work on the new parsonage is progressing nicely, and the pastor expressed himself as being well pleased with all the plans of those who have charge of the work. The work being already started was more than he had expected to find at this time, but was, of course, an agreeable surprise.

School opened Tuesday, August 31 with even a larger attendance than heretofore. Extend to the teachers a cordial welcome, and hope they will soon feel quite at home.

We were glad to have with us at church Sunday, a number of relatives and friends from Columbus, N. C. Relatives and friends of Mrs. Charley A. Jolley, of near Finger-ville, S. C., will be glad to hear that she has returned from the hospital at Spartanburg, S. C., where she spent the last month, following an operation for appendicitis. We hope she will soon be well again.

Several of the new teachers now staying at the Dormitory went to Spartanburg, S. C., Saturday on a shopping expedition. We hope they were able to find everything they needed in the "City of Success."

A party at the home of Mr. and Mrs. Marcus Davis was enjoyed by the younger set one evening last week.

To remove a light scorch stain from a cotton fabric moisten the stain with water and place in the sun.

### EXECUTORS NOTICE

Having qualified as executor under the last will and testament of W. D. Painter deceased, late of the county of Polk, State of North Carolina, this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned at his residence in Greens Creek township on or before the 9th day of September 1927 or this notice will be pleaded in bar of their recovery.

All persons indebted to said estate will please make immediate payment.

This 6th day of September 1926.  
JAMES C. PAINTER,  
Executor of the Estate of W. D. Painter, dec'd.

F. P. Bacon President of the Tryon Development Company and who is often referred to as Tryon's leading citizen is a firm believer in the future of this mountain city and it has been his investment in various industries that has contributed largely to its progress up to this time.

Mr. Bacon is also President of the Southern Mercantile Company, one of Tryon's leading mill industries and where, at this time, there is being completed a large addition to that factory, which will no doubt give employment to a greater number of workmen.

He is also interested in the property known as the Gillette Estates which adjoins Lake Lanier and is within the corporate limits of the city of Tryon.

Perhaps Mr. Bacon's greatest in-

terest at the present moment is in completing the great dam at Lake Lanier and he is a frequent visitor to the property, studying the progress of the improvement program and the construction of the dam.

Mr. Bacon is also President of one of the banks in the city of Tryon and has represented this district in the senate of the state of North Carolina.

Mr. Lindsey Weaver of Hopewell, Va., is visiting friends and relations in Tryon and Columbus. He was the dinner guest of W. C. Ward last Saturday.

Miss Grace Wardlow of Lafayette, Ga., spent last week-end with Mr. and Mrs. W. C. Ward.

Mr. and Mrs. W. W. Burton and family were Asheville visitors last Sunday.

Born to Mr. and Mrs. W. B. Jackson on September 2, a fine girl.
