

GREAT CROWDS TO SEE SHOW

Robinson Circus Will Delight Many People at Hendersonville

MANY WILD ANIMALS WILL BE SHOWN THIS SEASON

John Robinson's Circus pioneer "white top" of the world is coming to Hendersonville for afternoon and night performances on Sept. 17 and circus lovers of this vicinity are looking forward with great interest to the appearance in this community of this famous old show.

For the 1926 tour, the 103rd in the history of the organization, John Robinson has arranged a program that is bubbling over with features and extra ordinary attractions. From the Far, East, Europe, South America and practically every country and climate performer and animals have been imported. Now as always John Robinson will give the best circus performance that money and brains can assemble.

Such noted trainers of the steel arena as Capt. Theodore, Nellie Roth, Theo Schroeder, Ione Carle, Bert Noyes, Margaret Thompson, Carl Bruce, and Dewey Butler will send their jungle charges through remarkable routines. Another special attraction will be Carlos Carro's contingent of Wild West Champions, including cowboys, cowgirls and a tribe of Sioux Indians from the Pine reservations in South Dakota.

Regular circus features and acts will also have prominent places on the lengthy program. The Rudy Rudyoff Family of Equestrians from Austria; the Ben Mohamid Arabs from Arabia; the Four Barron Girls from England; Senorita Piedad Morales from Mexico; Miss Rowena Giles from Australia; Petite Tetu from Japan, and the Eddys from London are but a few of the noted acts.

Clown alleys will have a contingent of fifty famous fun makers, boys who know the art of extracting chuckles and grins from young and old. Silver Johnson, Jack Harris, Abe Goldstein, George Harmon, the Simmons Twins, Jack Fenton, Joe O'Brien, and Joe Wilde are but a few of the famous "Mer-ry Andrews."

ASHEVILLE BARGAIN CARNIVAL TO BE HELD SEPT. 22, 23, AND 24

Plans are now being rounded into shape for Asheville's fifth semi-annual Bargain Carnival, which is to take place September 22, 23, and 24. With the approach of this event, a rapidly changing attitude is evident on the part of the merchants and general public of the surrounding towns.

When the Bargain Carnival was first instituted, people in the surrounding towns felt that it would hurt their business. On the contrary, however, merchants have found that this event has encouraged buying in general, and that when people learn how easy it is to buy the less commonly used articles in Asheville, it enables the local merchants to confine their stocks to items they can sell quickly, thus increasing their profits. The rapidly growing highway system has been a great contributing factor in this connection.

The Bargain Carnival is confined entirely to members of the Asheville Merchants' Association, and is conducted under certain rules which assure truly unusual values for those who take advantage of it. While no definite reduction is specified, the rules demand a bonafide, substantial reduction. All past Bargain Carnivals have attracted remarkable interest, and as the Fall Carnival is generally the greater event of the year, a record-breaking crowd is expected in the city for these three days. This is particularly true because people are in the mood now for shopping for their winter needs.

All Asheville theaters have booked special attractions which will add greatly to the interest of the Carnival Days. At the Auditorium Field's Minstrels will play the 24th and 25th. At the Princess: On the 22nd, "Quo Vadis"; the 23rd, "Simon the Jester"; the 24th, "Burning Bridges" a great Western drama. There will be a lively Musical Revue in tabloid at the Majestic during the three days. An all-star cast will present The Man Upstairs at the West Asheville Theater on the 22nd; Ricardo Cortez and Betty Compton in "The Pony Express" on the 23rd and 24th.

At the Imperial, Bert Lytel will appear in "The Lone Wolf Returns." At the Plaza there will be an unusually good bill of Keith's Vaudeville. The Strand will show "The Wall Street Whiz" on the 22nd and 23rd; and Art Acord in "The Set-Up" on the 24th and 25th.

250,000 HAVE VISITED SESQUI ELECTRIC HOME

The convenience of electricity and the many uses to which it is put in the modern home of today is shown in detail at the National Home Electric, on display at the Sesqui-Centennial International Exposition in Philadelphia. More than 250,000 persons passed through the doors of the house in the first two months of the Exposition.

The exhibit, which is a com-

NOTARY PUBLIC
Tryon, N. C.

plete house, finished in all details, shows the numerous labor-saving devices operated by electricity. The home electric is sponsored by the Philadelphia Electric Club. Sixteen college girls act as hostesses and conduct the visitors through the various rooms explaining and demonstrating the electrical equipment.

RESTAURANT SEATING 9000 OPENED AT EXPOSITION

The largest restaurant in the world seating 9900 persons in comfort at one time, has been opened at the Sesqui-Centennial International Exposition, now being held in Philadelphia. The restaurant, known as the "Alpine Haus," has the setting a large dining out place in the Alps mountains, surrounded by balconies containing private dining rooms. The place is under the management of A. Jansen, Jr., of New York, one of the managers of the Hofbrau Haus, in New York.

The building which houses the restaurant was erected at a cost of \$250,000. The concession was first held by a Bavarian company from Munich and Nuremberg whose ideas failed to measure up to the latest methods developed in this country for dinner patrons. American, French and German cuisine will be provided in addition to buffet luncheons and delicatessen.

12,000 MAKE DAILY VISIT TO POST OFFICE AT SESQUI

More than 12,000 persons daily pass through the Model Post Office, part of the United States Government's participation at the Sesqui-Centennial International Exposition, in Philadelphia, according to figures compiled by Edward L. Kreuger, superintendent. The postal receipts and stamp cancellations place the Model Post Office on a par with many first class post offices, he declared. During July 1, 1,748,795

pieces of mail were handled, which included 153,795 pieces of metered mail. Heavy sales of stamped envelopes, printed in full view of the visitors to the Sesqui, were also announced. The number of visitors to the Model Post Office in July was 370,400 or a daily average of 12,346. Indications are that the August attendance will increase the daily average by several thousand.

FREE CLINIC FOR CHILDREN OPENED BY U. S. AT SESQUI

A Child Clinic where babies are examined weighed and measured free, has been opened by the United States Government as a part of the Sesqui-Centennial International Exposition, in Philadelphia. The clinic is operated as a feature of the exhibit of the Department of Labor and Industry in the Exposition Grounds. Dr. Caroline E. Whitney, late of the rickets clinic established at New Haven, Conn., by the Government, has been detailed to Philadelphia for the duration of the Exposition as physician in charge of the clinic. She is assisted by a staff of nurses. Appointments can be made by writing to Dr. Whitney. There is no charge for the physical examination.

WANTED

To buy from owner, one acre with small house, close to Tryon. Must be priced low. Don't answer unless you can meet requirements.

Address:
Polk County News

The Charles William Stores Inc. New York City

Service

-for every order- every day

WHEN your order arrives at The Charles William Stores it is handled just as you would handle it, if you were here to personally supervise. We know that to you your order is of the utmost importance, so we fill it accordingly.

Many of our orders are shipped the same day they are received - 8-HOUR-SERVICE

and practically all of the balance on the following day - 24-HOUR-SERVICE

... And our interest does not stop once the order is filled but carries on until the shipment has been dispatched by mail, express or freight and the goods have been received by you, to your entire satisfaction. That is The Charles William Stores' idea of service.

That is the reason why millions of people will depend upon their Catalog for Fall and Winter, for their Winter outfits and their Christmas shopping. They know that here they will not only receive "service", but satisfaction, comfort and variety as well.

All this is guaranteed. If you already have a catalog use it today. It will pay you. If you haven't a catalog use the coupon and a book will be sent you at once free of charge.

Act quickly!

CAREFUL HANDLING MEANS BIGGER POTATO PROFITS

RALEIGH, N. C. Sept. 16— Sweet potatoes are a money crop. They are easy and inexpensive to grow and if properly housed and graded will usually yield a handsome profit.

"One farmer of Nash County reports that he made \$300 from one acre of sweet potatoes last year," says Robert Schmidt, vegetable specialist at State College. "Of course good prices cannot always be had in the fall at digging time and some arrangement must be made to keep the potatoes until mid-winter or spring. The old fashioned method of storing sweet potatoes in earth banks is all right for home use but is not suitable for commercial purposes."

Mr. Schmidt states that the average loss from decay in earth banks will eat up any profit that should be made. A properly built sweet potato curing and storage house will keep the crop in good condition and will soon pay for itself.

But even a storage house will not keep the potatoes if they are not properly harvested he states. Sweet potatoes should be harvested before frost if possible and by all means before the cold rains which generally come early in November. Last year the North Carolin growers lost thousands

of dollars because they did not dig their crop soon enough. A cold-hurt potato means a rotten potato. Handle the potatoes with care so as not to bruise them. They will keep better and have a better appearance when sold.

Mr. Schmidt states that his office will be glad to answer all questions about growing, harvesting, curing and storing the sweet potato crop. Any grower

Better than Ever

Following their traditional policy of constant improvement with no yearly models, Dodge Brothers, during the past eight months, have vastly bettered their motor cars in many vital respects.

Indeed, there has never been an equal period in Dodge Brothers' history when so many refinements of a popular and fundamental nature have been made.

The public is registering its approval of this progressive industrial service by purchasing every motor car Dodge Brothers can build—in spite of the fact that Dodge Brothers production during these months, has broken all previous records by an impressive margin.
