

### EP AUTO FIT WHILE ON TOUR

Time to Take Needed Precautions Is Before the Start.

Every indication that motor cars will exceed all previous records this year, the American Automobile Association sounds a warning about the importance of taking precautions before the start of the tour.

Preparatory Precautions. A warning is expanded upon in a bulletin issued by the Chicago department of the Chicago Automobile Club, which stresses the necessity of three preparatory precautions: thorough cleansing of the water system, the assurance that tires are in perfect order, and re-hauling of good rubber.

MAIL EARLY AND BUY Christmas Seals. Contents of Tool Kit. A comprehensive tool kit and complete set of chains to prevent skidding and to help extricate the car in mud holes also are essential.

motorist is also advised to use low tops, which it is pointed out of those things one may have to use, but which prove valuable if the emergency should arise.

Proper Tire Inflation Prevented by a Valve. To insure the proper inflation of motor tires at all times, a North Carolina inventor has developed a presiding and controlling air valve which is capable of being employed in several ways. Primarily, the instrument is supposed to be attached permanently to the valve of each of the four tires of a car and connected by means of a tube to an electric annunciator in the dash. It is 1 1/4 inches high, 1 1/2 inches wide, and adjusted so that it is suitable for tires of various sizes and ca-

## President Coolidge Urges Observance Of International Golden Rule Sunday

PRESIDENT COOLIDGE again asks America to observe International Golden Rule Sunday. By Presidential endorsement the day has been observed for the past three years to aid child welfare and relief work of the Near East Relief. This year the day will have the additional significance of aiding the earthquake victims of Armenia. The President's letter of endorsement follows: "I regard International Golden Rule Sunday as a movement of much importance. Begun in an attempt to care for the orphaned children of Bible

SAY YOU SAW IT IN THE POLK CO. NEWS: THANK YOU.

## TRYON - 13 YEARS AGO FROM THE POLK COUNTY NEWS

Mr. E. R. Rankin has gone to Statesville for a brief stay.

Mr. W. M. Day and wife of Indiana are located at Melrose Ave, for the winter.

Mr. Whit Beaton, of Tryon, attended the federal court this week at Charlotte, N. C.

Every morning the train going west, takes a large crowd of Polk county passengers for the fair now on at Asheville.

Miss Mae Sue Epton has accepted a position as teacher in the Inman school.

Mr. J. L. Vaughan and wife, are back from their outing trip to Kingston, N. C., where they spent several weeks.

Mr. Samuel Hill, formerly with the Tryon Supply Co., has accepted a situation in the general store of Deaver-Patton Co., at Pisgah Forest, N. C.

Rev. P. C. Morgan, Jr., began his pastorate over the Congregational Society here, last Sunday, by preaching at both morning and evening services.

Mr. Alex Beaton will occupy with his family, the cabin at the Lindsey vineyard this winter, and take charge of operations there.

Mrs. H. J. Garrigues, accompanied by Mme. Talma, left Tryon Wednesday night for New York, where she expects to spend the winter.

Mr. G. P. Claxton, the marble monument maker of Spartanburg, is moving into the large front house of Mr. Doubledays for the winter.

Little Rosella Fisher fell some weeks ago on the macadam roadway, injuring his knee, which has developed into a very painful complication.

Mr. E. E. Lewis proposes to install next month a feed grinding mill, run by electric power from the basement now used by the drug store for that purpose. He is to take possession when Mr. Missidine moves into his new building.

FOR RENT - Unfurnished. 3 rooms on 2nd floor in Private home, conveniently located and priced reasonable. Phone 165-B.

The Stallings Co., of Spartanburg, have the contract for the plumbing and steam heating in the new residence of Prof. C. A. Lightner.

The many friends of Mrs. D. E. Conner will rejoice to know that she is recovering safely from the severe illness that prostrated her some weeks ago.

Capt. Sharp has bought an automobile and Mr. Claud Ballenger is coaching him in how to run it. Tryon will soon need a public garage to stable transient autos in.

Mme. Talma's farewell song recital at Oak Hall was a very brilliant affair and the select audience that greeted her, fully appreciated the rare excellence of her performance.

The millinery opening of Misses McFee on Friday and Saturday last attracted much attention from the ladies of this locality, rendering the occasion very successful, the display being numerous and up to date in every detail.

Sheriff A. L. Hill has rented his residence to Mr. E. E. Lewis of the Hosiery Company's store at Lynn, and Miss Julia Butler has staken Miss Childer's Cottage for the winter.

### Your Concentrate and Roughage Must Be Balanced!

This is a fact. There is no one standard protein feed suitable for dairy cows under all feeding conditions. Low grade roughages call for Tuxedo Dairy 24%. If you raise high protein roughage, then Ce-re-a-lia Sweets 20% will give the most profitable results.

Feed each cow liberally all the roughage she will eat up clean. Adjust Tuxedo Dairy 24% or Ce-re-a-lia Sweets 20% to her milk production. Keep accurate records, and we make you this pledge:

Feed Tuxedo Dairy 24% or Ce-re-a-lia Sweets 20% to any one cow in your herd for 30 days. Follow directions. If she doesn't produce more milk or richer milk, if she doesn't show a bigger profit, if you are not entirely satisfied, send in your record, and we'll refund the price of the feed without question.

J. F. CANTRELL Landrum, S. C.

On the Southern there is in effect a bonus-payment system through which the employees engaged in train operations may share the benefits of economies due to their efforts.

## Ask a SOUTHERN RAILWAY man

THE 60,000 men and women workers on the Southern Railway System know that their welfare is bound up with that of the Southern—and that whatever benefits the Southern and the South benefits them.

Southern Railway men and women are business getters for the Southern. Talk to a Southern Railway man about your transportation requirements. He has behind him the support of his fellow-employees and of the management. If he does not have the information you desire, he will get it for you.

Southern Railway employees are bred and trained in the traditions of the South and of the Southern. They have the desire and ability to maintain those traditions.
