

Farewell To Our School Class of 1948 Leaves Smyrna High 'Harbor' We Bequeath...

Dear Smyrna School we've loved you
Throughout our high school year—
And now that we are leaving
You seem somehow more dear.

We know that we shall miss you,
Fresh paths lead other ways—
Along through life we'll still recall,
Our pleasant high school days.

Our Senior Class is honest,
Faithful, loyal, and true—
It has built a rung in the ladder
For the ones it is leaving with you.

Dear classmates, here we met you
And loved you from the start;
We worked, we strived together,
But now our lives must part.

So to our school and schoolmates,
At last we say adieu—
Our goals lead over the highways,
But our hearts we leave with you.

—Hazel Piner

In the safe harbor of Smyrna High school, our class has pursued its way for four years so that we might proceed into the deeper channels of life. We began our journey in 1944-45 with 31 pupils, 14 boys and 17 girls. Our instructor this year was Miss Chenault. The next year we contacted some rough seas which kept us busy all during the year. Our instructor, Miss Brewer, helped us a great deal and we finally made the grade. We thoroughly enjoyed the journey through our Junior year. Our Junior Senior reception was an enjoyable occasion and in the spring the Juniors and Seniors journeyed over to Atlantic Beach and then to a movie. Our teacher this year was Mr. Tucker. And then at last we were seniors! The long-awaited event had arrived. Now we were on the last lap of the journey. Our teacher, Mrs. Willis, helped in every possible way to make the trip a little smoother for us. Our Senior play was a great success and we shall never forget the Junior-Senior Reception, with our class honor guests this time.

Yet the crowning point of our school years was our memorable senior class trip to Charleston South Carolina. The memories of the historic places of interest the Cypress Gardens, and the genuine fun of just being together, will always linger with us.

In the years to come we shall always remember the happy days we have spent in our school harbor, preparing us for the deeper channels of life.

—Gloria Gray Willis

Class Song

(Tune: Now is the Hour)
High school days are at an end
Our Alma Mater we're leaving
And as we leave our school friends
Our thoughts are sad and we're
grieving, yet—

CHORUS:
Now is the hour when we must
say good-bye,
Soon we'll be leaving, dear old
Smyrna High,
While we're away, we'll never
forget these days,
Memories will linger of our school
always.

Out of the harbor of life
Into deep channels we're going
But though there's trouble and
strife,
Lessons we've learned we'll be
showing, for—
(repeat chorus)

Walter Willis Saturday afternoon.
Mr. Virgil Harris of Cape Look-
out lighthouse arrived home Mon-
day on leave.

They now call her the Jean-age
girl.

"GRADUATED"

Well, you have graduated, or "have been graduated," as the purists say. And graduated means "coming to the point"

You're on that point now. Before you have to come down and start at the base of another cone we want to extend our greetings and congratulations, with the hope that you'll climb the next rugged hill as well as you did this one.
