"The British were not too concerned. They let things slide.

Foes of white slavery are handicapped by religious tradition as well as the enormous profits made from vice.

Hinduism accords a recognized osition to the prostitute class, Basavis (temple girls) still cater to pilrims in backward states, although it is now generally forbidden to allow superstitious families to dedicate a daughter to temple service.

In Southern India, where matriarchal systems flourish, it is common to find prostitutes whose female ancestors, as far back as any records exist, belonged to the where employed, such veterans 'oldest profession.' Vice Thrives

Vice is big business in Bombay. The red-light district, which spreads over several principal thoroughfares, is perhaps the most infamous in the East. There are streets lined with cages in which blotched-faced girls behind iron bars solicit for 12 annas-25 cents.
