Beaufort put over a run in the last half of the ninth inning to break a 7-7 tie and to extract a one run victory from their Morehead City rivals Sunday at Beaufort ball park.

Pitching for Beaufort was Frank Langdale, who allowed eight hits and struck out 14. His opponent on the mound, McKnight, struck out five, while Rice, who relieved McKnight, fanned four more,

Howard Fodrie paced the winners' attack by batting 2-for 4. The defensive gtar of the day was Cliff Lynch of Beaufort.

The win enabled Beaufort to Ed Sewell went the route for cord, and pushing Wildwood into claim undisputed possession of

Bogue, giving up seven hits and the league's cellar. The game was striking out six. Mill Creek scored played on the losers' diamond.

We're Calling For Help

This corner is extending a call for help. The scorer from the home team in most baseball games is considered the official scorer for that particular contest. Many of these official scorers do not seem to realize that the information that they have at their fingertips is in great demand in many places, and particularly at the News-Times sports desk. We like to give complete coverage to all sports in Carteret county, but this cannot be done without the assistance of these scorers

Every local league ought to work out its own means of disseminating this information. If the individual scorers will not take upon themselves the task of sending scores and other statistics to the press, then some central office ought to.

The Tidewater League has an official statistician, but even he has a hard time getting reports from the individual scorers. It all boils down to the efficiency of the scorers. Without their cooperation, not much can be accomplished in the way of keep-

While we are calling some scorekeepers to task for being stingy with their records, we might also thank those scorers and managers who have been sending information in a steady stream to the newspapers all along. They may rest assured that their pains are appreciated, and we hope that they will continue to cooperate with us in the future.
