

The Green Light on the Dog Track...

Appearing here in full is the bill passed by the North Carolina General Assembly legalizing pari-mutuel betting in Carteret county: **AN ACT CREATING THE MOREHEAD CITY RACING COMMISSION FOR THE TOWN OF MOREHEAD CITY IN THE STATE OF NORTH CAROLINA AND PROVIDING FOR AN ELECTION THEREON.**

The General Assembly of North Carolina do enact:

SECTION 1. That there is hereby created the Racing Commission for the town of Morehead City, N. C., consisting of three members to exercise and administer the power and authority hereinafter set forth. The members of the commission are to be appointed by the Board of Commissioners of the Town of Morehead City and the term of office for the first member appointed shall be for one year; the second member, two years; and the third member three years, and at the expiration of the first term their successors in office shall be appointed each for the term of four years: Provided, however, that any vacancy occurring in said commission by reason of death or inability to serve, or otherwise, in such event such unexpired term of office shall be filled by the remaining members of such commission. In the further event that the remaining members of such commission cannot agree on the new member, then the mayor of the Town of Morehead City shall act with the members of said commission filling the vacancy on said commission.

The salaries of each member of the commission shall be determined and fixed by a committee of three, consisting of the chairman of the commission herein created, the Mayor of the Town of Morehead City and a duly authorized representative of the person, firm or corporation to whom the franchise or privilege hereinafter referred to is granted.

After the creation of the commission by the enactment of this bill by the Legislature of North Carolina and their appointment by the Board of Commissioners of the Town of Morehead City, the members of said commission will meet at their convenience as soon as possible thereafter and organize by selecting one of their members chairman, one as vice-chairman and the other treasurer. The treasurer, before handling any funds of the commission, is to file with the Board of Commissioners of Morehead City a bond in the sum of five thousand dollars (\$5,000.00) for the faithful performance of his duties.

The commission shall have full power and authority to employ or otherwise secure in their discretion necessary clerical and legal assistance and all salaries and expenses of the commission shall be borne and paid as hereinafter set out.

The commission shall be known and designated as the Morehead City Racing Commission and shall exercise its authority and act both generally and specifically by and under such a name.

SECTION 2. That the commission shall have full power and authority to grant to any person, firm, association or corporation a franchise or privilege for a term of years, not to exceed ten, to construct, own, lease, operate and maintain a race course or driving park for trotting, racing, and running races for horses and dogs in the manner hereinafter set out.

(a) No franchise or privilege shall be granted by the commission to any person, firm, association, or corporation unless and until the commission is satisfied as to the financial responsibility and ability to comply with all the rules and regulations of the commission and is fully able to financially and otherwise maintain and operate its properties in accordance with such rules and regulations as the commission shall from time to time prescribe; and

(b) That, as a prerequisite to the issuance of the franchise or privilege, the said person, firm, association or corporation desiring said franchise or privilege shall at the time of making application therefor pay to the said commission the following charges or fees: First, For the franchise or privilege sought to be granted, a sum to be agreed upon as annual rental or lease for the grounds for the term of the franchise or privilege.

Second, In the event such franchise or privilege is granted, the person, firm, association, or corporation shall also pay to the commission for each day or part of day during which races or racing is conducted, a sum equivalent to ten per cent of the gross receipts derived from all sources or operations connected with or incident to the operation of such races or racing conducted during such day or part of day. In no event, however, the amount so paid to exceed the amount of five thousand dollars (\$5,000.00) per day and said amount to be paid in addition to any tax as may be now or hereafter fixed by law on such gross receipts.

SECTION 3. That when the commission shall have granted a franchise or privilege as aforesaid to any person, firm, association or corporation as aforesaid, the said person, firm, association, or corporation is hereby fully authorized and empowered to legally construct, build, lease, carry on, maintain and operate a park, driving ground or race course on property owned or leased by the Town of Morehead City outside the corporate limits thereof but within the limits of Carteret County, and to conduct and maintain therein horse

election to be held early after the passage and ratification of this act as practicable and advisable, at which election there shall be submitted to the qualified voters of said town the question as to whether or not the Racing Commission shall be created, and at said election those who favor the adoption of this act will vote "For Creating the Morehead City Racing Commission," and those who are opposed to the adoption of this Act will vote "Against Creating the Morehead City Racing Commission." It shall be the duty of said governing authorities to name a registrar and two pollholders for the said election, which election shall be advertised as required by law and the books shall be open for registration in such a manner, place and for such period of time as are now prescribed under the law for the holding of municipal elections, and so far as may be applicable and consistent with this act such election laws shall apply. This Act shall be in full force and effect if a majority of the qualified voters shall declare themselves in favor of the said Racing Commission, which, in effect, shall mean that said voters have declared in favor of this Act. In the event that a majority of the qualified voters, as expressed by their bal-

lots, are not in favor of this act, then the said governing authorities of the town shall not hold another election under this Act until six months have expired from the date of said previous election. It shall be the duty of the registrar and pollholders to canvass the ballots cast and declare the results of the election as is now required in other municipal elections.

SECTION 6. That all laws and clauses of laws in conflict with the provisions of this Act are hereby repealed.

SECTION 7. That this Act shall be in full force and effect from and after its ratification. In the General Assembly read three times and ratified, this 3rd day of April, 1939.

Editor's Note: This election was held and the people approved of the track by a majority of 71 votes.

Army Has Garnish
FRANKFURT — (AP) — American soldiers here now can whip up their own ice cream sundaes. The army exchange service says it is placing on sale such items as chocolate syrup and crushed cherries and pineapple. They can be mixed with ice cream and fresh bananas already on sale.

Tobacco Barn Gets New Jo

Here's a new job for the over-worked tobacco curing barn. Engineers at the North Carolina Agricultural Experiment station have found that a tobacco barn can be easily converted for drying seed corn, small grains, soybeans and peanuts. The main job is to build two drying bins and an air pressure chamber along one side of the barn. By unloading and loading one bin while the other is drying it is possible to dry about 1000 bushels of small grains, shelled corn or soybeans in 10 days time.

Much of Pisa, Italy, was demolished during World War II but the Leaning Tower was only slightly damaged. Afghanistan, after a singularly backward history, is hiring American engineers to aid irrigation, power, and industrial projects.
